

STRONG MEN AND WOMEN WIN OUT

In business, at work, or at home, you must "make good" or be a failure. The healthy red-blooded man or woman tackles every task fearlessly, with joy and the "pep" that wins.

Plenty of red blood, rich in Iron and Phosphates, is needed if you would win in life's battle. One of our leading doctors has often remarked, "Life is full of needless failures, all because men and women do not keep their blood and nerves charged with rich Iron and Phosphates; there is no excuse for the thousands of run-down, weak and nervous men and women when Phosphated Iron, the Red Blood and Nerve Builder, is within reach of all. It will bring back the joy of living and doing; give you rugged health, strength and restful sleep.

If you are all run down, weak, thin or nervous, Phosphated Iron will build you up and make you feel like a live one; it never disappoints. No matter what anyone says you owe it to yourself to take Phosphated Iron. Try it and note for yourself how after only a few days it increases your health and strength one hundred per cent.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy is equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It is very easily prepared, and really there is nothing better for coughs.

Into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

Mrs. George Tucker was taken to the Randolph sanatorium Sunday, where an operation was performed Monday. She is doing as well as could be expected at present.

VIRTUAL RECESS TAKEN BY HOUSE

Following the Passing of the Esch Railroad Bill Last Night

MANY MEMBERS TAKE "VACATION"

Before a General Resumption of the Legislative Work Next Month

Washington, D. C., Nov. 18.—The House to-day virtually began a recess to be continued until the opening of the regular session of Congress in December.

The last formal meeting of the House in the extraordinary session that was begun last May 19 was on the program to-day, Republican leaders hoping to adopt a resolution continuing the government control of dye imports until next Jan. 15. Republican Leader Mondell said he hoped the Senate would first act on the dye measure so that the House action would then permit a formal adjournment.

Under an agreement of leaders that virtually no business would be attempted until the regular session, many representatives left Washington to-day for their homes to get a brief "vacation" before general resumption of legislative work next month. Among the few House committees attempting work during the "vacation" will be the immigration committee, headed by Representative Johnson of Washington, which will conduct an inquiry into the delays of deporting aliens held at Ellis Island.

The House plan of permanent railroad legislation, as incorporated in the Esch bill, which was passed last night, was formally sent to the Senate to-day.
