To-night in library hall all business men and citizens of this community are requested to meet at 8 o'clock for the purpose of talking over plans toward reorganizing the Board of Trade. It is felt by many that this locality is not living up to its opportunity, that with its natural advantages and the business opportunities more haste should be put in toward the gradual development of the place. The Community fair has shown what a "pull all around" can accomplish, the net receipts being nearly \$1,000. Go to the Board of Trade meeting Wednesday, Tuesday evening in the same place the meeting of the Community Welfare club, when plans for a community house and church will be discussed.
