

INOROUT The All-Round Varnish

INOROUT is a fine varnish. It can be rubbed down to an eggshell finish that gives a deep, rich sheen to rare old furniture. It is a rugged varnish. INOROUT stands up shinningly under the pummeling of snow, rain, hail, sleet, scorching sun, boiling water and live steam.

Use it for every varnish job. INOROUT is the peer of all varnishes. You can't beat it. Try it. Gallons, quarts and pints.

Of Utmost Importance

Pure, emulsified cod-liver oil is not medicine as many are prone to think of medicine.

SCOTT'S EMULSION

is a form of growth-nourishment that is of utmost importance to many children. That most children **relish and thrive on Scott's** is a "truism" accepted the world over. Give Scott's to the children and watch them grow strong!

A Six Cylinder Tractor

This latest development in tractor building is an AVERY, and there is every reason to suppose that it will prove especially popular in New England. It is easy to see that a light weight type of tractor, providing it has sufficient traction, will be able to carry more of a load at the drawbar than the heavier ones generally used. More of its power is used on the load. And a light tractor is cheaper to build and just as long lived as a heavy one. Here the power is increased by adding to the number of cylinders, a method which keeps the weight at a minimum.

RANDOLPH

Forest Southard Died at the Age of 71 Years—Born in Addison.

Forest Southard, who was stricken with a shock of paralysis last Tuesday, passed away on Friday afternoon at 4 o'clock. Mr. Southard had been out of health for a long time and unable to get about on account of his great weight. Forest Southard was born in Addison 71 years ago, one of four children born to Ransom and Harriet (Crane) Southard. His youth and early manhood were passed in that vicinity, but following the death of his wife and daughter there, he came to Bethel and there married Sarah Kidder about 35 years ago. They purchased a farm on Royalton hill, only a short distance from Bethel village, and lived there till failing health compelled Mr. Southard to sell the farm, and about three years ago they came here, where they have since that time lived. Deceased is survived by one brother, Ernest Southard, who is expected here in the funeral, which will be held at the home on Tuesday afternoon at 2 o'clock. Burial will be in the new cemetery south of the village.

Railroad travel was entirely suspended here on Saturday, and no trains passed over the road to St. Albans except a washout near Roxbury Sunday afternoon the train from the north passed here about 3 o'clock.

A very pleasant evening was arranged by the Methodist and Baptist churches on Friday night for the brass band members who had been assisting at the two churches in the evening services for about three months. A supper which was very delicious, was served at 7 o'clock by the ladies of the two churches in the Baptist vestry, and the waiters were taken from the societies. Most of the members and friends were present, although the weather was very unpleasant and the walking almost impassable. Following this, the company repaired to the auditorium of the church, and a fine program was given, which consisted of selections by the orchestra, and selections by A. K. Hall, the proprietor of The Strand, who has not been before the public in this capacity since coming here. Mr. Hall's selections were very fine, and given with much enthusiasm and spirit, and in an accomplished manner. His "John Smith, U. S. A." was fine at the climax, and the house caught the spirit of the same and gave him a hearty applause. Mrs. H. J. Smithers gave a solo, and Mr. and Mrs. Smithers a duet, all of which was greatly enjoyed by all present.

Saturday afternoon the Randolph Woman's Literary club held a regular meeting in the parish house, which was attended by many guests and members. Mrs. H. T. Johnson was the hostess and met the guests with much cordiality. Mrs. J. P. Gifford, the president of the club, presided. The first number was a selection by the Randolph high school orchestra. Their music is always enjoyed and at this time was much appreciated. The president then introduced Prin. G. L. Green of the Vermont agricultural school at the Center, and Mr. Green proceeded to give an interesting talk, relative to his experience in Y. M. C. A. work across in the past year. Miss Mary Lawson, the music teacher in the school, who gave two selections which were very pleasing to all. Mrs. L. S. Brigham accompanied her in her usual talented manner. The meeting was a great success.

Miss Julia Cummings has come from Lowell, Mass., to pass an indefinite time with Mrs. A. H. Powers, and will be employed as bookkeeper in the office of the L. W. Webster corporation.

Although parts of the track of the White River railway near the water level, its trains made forenoon and afternoon trips with no misfortunes. Jesse T. Moody is out after a week's illness.

CABOT

Orvis Hale, Former Resident Here, Died in St. Johnsbury of Pneumonia.

Orvis Hale, a former resident of this town, passed away at his home in St. Johnsbury Feb. 23, after an illness of one week with pneumonia, aged 80 years eight months. He was born in Plainfield in 1839, the eldest son of Valarno and Nancy Baker Hale. When 10 years of age he came with his parents to this town. In 1860 he was united in marriage with Miss Emily Hall. One daughter was born to them. He was later deprived of his companion by death. Later he married Miss Julia Kinney, who survives him. Three sons were born to them and have all grown to manhood. About 30 years ago they moved to Danville, later going to St. Johnsbury. For several years he had been slowly losing his eyesight, which deprived him of doing manual labor. Although leaving near and dear friends here to gain new ones in his new home, he never forgot the associates of his younger days, and every year looked forward with pleasure to the coming of Old Home week, when he could come and meet with them. He was a member of Green Mountain lodge, F. and A. M., No. 68, a kind neighbor and a man of honest integrity. He leaves his companion and three sons, Henry, an employe at Fairbanks' Dept. store, and two sons, Harold, in California; also a sister, Mrs. S. A. Nelson of this village. Funeral services were held at his home and his remains were placed in the vault at St. Johnsbury to await burial in Cabot cemetery.

Miss Susie Nelson has finished work at Montpelier and returned home. The ladies' aid will not hold any more meetings until May.

Mr. and Mrs. Charles King were called to Worcester Thursday to attend the funeral of Mr. King's sister, Eddie Ladieu, who has been seriously ill at Cecil Foster's, has so far recovered as to sit up a part of the time.

It was the school on southwest hill which opened Wednesday, instead of west hill.

Glenn Hatch and daughter, Geraldine, went to Craftsbury Wednesday to visit relatives a few days while he is recuperating from an attack of flu.

Mrs. Della Saxby had an experience which she does not care to repeat, while coming from her home in Calais Sunday afternoon, March 7, on snowshoes to be ready for her school work.

When near George Wheeler's, her snowshoes suddenly sank into the deep snow so far that she was unable to pull them out. For an hour she stood there, calling for help, which finally came and shoveled away the snow, enabling her to get out. She says anyone can imagine her thoughts while being held fast in the snow, with perhaps the chance of remaining there over night.

The Woman's club will meet with Mrs. J. T. Orne next Tuesday afternoon.

The week of March 29 has been designated as "Save Money on Meat" week in Vermont.
