

LEDDEN HAD A GOOD GAME

Montpelier High's Twirler Allowed Cathedral High Only Four Hits

MONTPELIER WON BY 5 TO 1 SCORE

The Game at Intercity Park Was Very Short, Only 1 Hour, 35 Minutes

The Cathedral high school team of Burlington, which has been playing such good ball all of the season, met defeat at the hands of Montpelier high school baseball team on Intercity park Friday afternoon by a score of 5 to 1 in a well-played game.

Against Ledden's twirling and good support Cathedral high was powerless until the eighth, only two safe hits getting to second. Then, in the eighth, with one out, Kennedy rapped out a double. Brown lined to Smith and Kennedy would have been doubled at second had Dobbs held Smith's good throw.

Alafat then walked and Wakefield drove across the only visiting run with a single to left. Brown was walked to fill the bases, but Ledden struck out McGoughan. The visitors went out in order in the ninth.

WON THE GAME ON TWO HITS

University of Vermont Second Defeated Montpelier Seminary, 4 to 1

LATTER PUT UP SLEEPY EXHIBITION

Granai Pitched Good Game as Did Patten of Collegians

Montpelier seminary closed its baseball season Friday afternoon at Montpelier by presenting the University of Vermont second team with a game by a score of 4 to 1. It was not a very good game, for the local team did not seem to have much heart in it. They seemed to think Patten easy because they were able to connect with his curves, but they were unable to hit safely. Their opponents only touched Granai up for two hits, one a triple by Patten and the other a single by Logan.

Marr drove a hard one at St. Mary in the second inning that went through St. Mary's hands and rolled to the car track. It was officially scored as an error, but Marr made a circuit of the bases before the ball returned to the field.

For a mature player Sunderland pulled about as big a "bone" as has been seen in Montpelier in a long time. He walked to first and later tried to steal second. When he saw he was caught he went half way to the pitcher's box to avoid Cerasoli, who was after him, and then fell out of the base line on the other side to avoid Ward; therefore, he was automatically out.

In the first three innings only nine men faced Patten, but only one was struck out. In the fourth, five faced him. In the fifth Montpelier fielded a score, but Harrison tried to go from second to home on a ball that only passed him on the way to third and was thrown out at home. In the sixth, with two out, Ward got a fielder's choice. A passed ball allowed him to go to second and Carson's single singled him. In the seventh inning Gould singled and went to second on a fielder's choice, only to see the next two men strike out. In the eighth inning, Carson was hit by the ball, stole second, and third, but Martin was thrown out at first.

For Vermont, after two were out in the second inning, Marr drove a hard one at St. Mary. The ball bounded once and then went through his hands and Marr circled the bases. It was called an error. In the fourth Marr walked, was sacrificed to second, and Baraw's error allowed him to score. "In the seventh Marr walked. Ward's error allowed Plume to get to first. Patten then drove the ball to the administration building and Marr and Plume scored. Although four more men faced

HELL ROARING HIRAM.

Says He is "Ticked to Death" with the Situation in Chicago.

Chicago, June 5.—Outlining his campaign plans, Senator Johnson yesterday declared his forces would present a league of nations plank denouncing the present covenant and urge a plank on the high cost of living and another against "dehumanizing" labor. Prohibition, he predicted, would not be mentioned.

Personally, Senator Johnson announced, he would make "a straight-out fight with no trades, no deals, no compromises."

"I'm tickled to death with the situation," said Senator Johnson. "I have a feeling of confidence that is delightful to me."

The league of nations plank, Senator Johnson stated, now is in other hands. He will be presented to the convention resolutions committee. The present covenant, he stated, would have to be "redrafted entirely" to meet his acceptance.

"Would that be possible by reservations," he was asked. "I do not think so," Senator Johnson replied.

Senator Johnson said he had heard rumors that efforts were made to wear away delegates' pledges to him under state primaries. He deplored any such effort and said he did not believe his primaries were engaged in such practices. Delegates, he said, would be guilty of "dishonor and breach of faith."

MOTHER AND THREE DEAD.

Believed She Turned on the Gas After Husband Left Home.

Boston, June 5.—Mrs. Mollie Binder and her three small children, Harry, Abraham and Geraldine, died from gas asphyxiation at their home on Lucerne street, Dorchester district, yesterday, under circumstances which indicate that the deaths were deliberately planned. All the bodies were found lying on one bed.

Mrs. Binder had been under treatment for nervous disability. The police theory is that after her husband, Morris Binder, left for his business yesterday she put the children in bed, turned on a wall gas jet, and lay down with them. A neighbor who smelled the gas and entered the apartment by the bedroom window to investigate notified the police.

NEW ENGLAND FALLING BEHIND.

Western States Outdoing East in Educational Facilities.

Boston, June 5.—Western states are outdoing those of the east in providing public educational facilities. Dr. Leonard P. Ayers, educational director of the Russell Sage foundation, said in an address to the school superintendents of the state yesterday.

"Up to 10 years ago, Massachusetts ranked highest in school attendance, in money spent for public schools and in equipment and in teachers' salaries," said Dr. Ayers. "In 1910 the state went into fourth place; in 1915 it was seventh, and in 1918 ninth. Montana leads the country. Western states, such as Utah, California and Arizona have jumped ahead in providing public educational facilities. New Jersey is the only eastern state that shows an advance in the public school system in the last 40 years."

NO CLOSED SHOP.

Louisiana Governor Serves Notice on Canal Employees.

Baton Rouge, La., June 5.—Governor Parker served notice yesterday on employees on the new industrial canal that there will be no closed shop and no attempt to exercise bolshevistic power to affect construction on important public works would not be tolerated. The governor's warning resulted from a strike which has involved canal employees.

NO BREAK AMONG MANAGERS.

Major General Wood Denies Rumors About Hitchcock and Proctor.

Chicago, June 5.—Major General Leonard Wood issued the following statement yesterday about the rumors of a break among his managers: "This report has been circulated for several months and it has been officially denied for a like length of time. Mr. Proctor is still campaigning manager while Frank Hitchcock is working hard and loyally for me."

DECISION WITHIN A WEEK.

On Wage Demands of Railroad Employees.

Chicago, June 5.—Chairman Barton of the railroad labor board, announced yesterday that the board would try to make a temporary decision on wage demands within a week. The board then adjourned indefinitely.

RUTH ON WAY TO NEW RECORD

Home Run King Had Made 15 Circuit Drives Up To To-day

MORE THAN HALF OF LAST SEASON MARK

Speaker Is at the Head of the Regulars in American League

Chicago, June 5.—Babe Ruth, king of the home run hitters, who last season set a new world's record of 29, will eclipse that remarkable performance this season if he continues at his present pace. The New York slugger connected with a trio of homers in a double-header against Washington on Wednesday, giving him a total of 15 circuit drives thus far which is "way ahead of his record at this time last year. Ruth, as a result of his remarkable batting streak, pulled himself up among the batting leaders of the American league, according to averages, including Wednesday's games released today. Last week he was hitting .302. This week's figures show him to be batting .33. He leads the league in total bases with 96, which, besides the homers, include six doubles and three triples. He has made 39 hits in 34 games.

This Speaker, leader of the Cleveland Indians, has stepped out in front of the regulars who played in 15 or more games with a batting average of .397, as compared with .339 last week. Babe Ruth, who has hit 14 times at bat, the hitters last week, dropped to second place, although he boosted his mark from .375 to .382.

Speaker, in addition to leading the hitters, is the best run-getter in the league, having registered 41 times. He cracked out 58 hits in 146 times at bat in 39 games for a total of 80 bases, which include 13 doubles, three triples and four home runs.

Other leading batters: Jackson, Chicago, .336; Hendryx, Boston, .336; Judge, Washington, .333; Murphy, Chicago, .343; Jacobson, St. Louis, .343; Holman, Detroit, .333; Duganby, Philadelphia, .336; Milan, Washington, .333.

Dave Robertson, the flashy outfielder of the Chicago Nationals, is the whole show with the stick in the National league this week. Robertson moved from twelfth to second place, where he hit .343. Robertson, who has hit 14 times at bat with an average of .392. Robertson is batting .370 as compared with .315 a week ago. He has averaged better than a hit a game. He has played in 45 contests and has connected with 38 hits in 100 at bats, eight doubles, two triples and four homers.

Heinie Groh, captain of the Cincinnati world's champions, who was runner-up to Hornsby a week ago, dropped to third place with a mark of .365. But he is the best run-getter, having registered 32 times to the St. Louis club.

Grover Alexander, premier pitcher of the Chicago club, has a batting average of .400, but he has played in only 13 games. Jack Fournier, the St. Louis first baseman, who was making a showing in the opening series, indicated a week ago fell into a slump and his average now being .310 as compared to .336.

Cy Williams, the elongated outfielder of Philadelphia, bagged two homers in the past week and is leading the round trippers with a mark of .336. Williams, who was runner-up to Hornsby a week ago, dropped to third place with a mark of .365. But he is the best run-getter, having registered 32 times to the St. Louis club.

Encyclopedic. He was one of the unsung, one of those heroes who had sailed from the United States just before the armistice and had reached France just in time to turn around and start back home again. He had never explored inland even as far as Camp Ponceanzen.

But the gushing lady who met the ship at the pier in Hoboken, anxious to do something for the boys, didn't know that she saw him come down the gangplank, and near the Red Cross coffee stand she cornered him.

"Oh, tell me!" she gasped. "Tell me all about it! What horrors you must have been through! What experiences! What soul regenerations! You cannot have come out of it all as you went in! Tell me what great lesson you learned—what wonderful truth must have impressed itself upon your mind!"

"Yes'm," answered the soldier obediently. "I found out that lemons ain't no good for seasickness."—The Home Sector.

GROWING CHILDREN

Often are pale, delicate, easily attacked by disease, because their bodies are imperfectly nourished since the rapidly growing nervous system has first claim upon the body's supply of repairing and rebuilding material. Father John's Medicine helps Nature make children strong and healthy a by-product of its food medicine, which is easily digested and used by the blood, nervous system and other body cells. In use for over sixty years.

Keep Looking Young

Nobody wants to grow old looking any faster than they can help; some look old at forty, while others don't begin to show their age at seventy.

Everybody knows that to keep young looking you have first got to be blessed with good health, and second to do as little worrying as possible. Most of the ills that the flesh is heir to are caused by a disordered stomach, liver or kidneys. These can be regulated and kept in good condition by taking SEVEN BARKS, nature's great remedy of roots and herbs.

Digestive troubles also spoil beauty, rob you of sleep, make dark rings around the eyes and ruin the complexion. Let SEVEN BARKS digest your food and tone up your stomach, then you may eat what you like; bright eyes will soon return, and you will feel fit for your daily duties.

Science says that old age begins with weakened kidneys and digestive organs. If you keep these organs clean and in proper working order, old age can be deferred and life prolonged beyond the average age. No better remedy can be found than SEVEN BARKS to keep the stomach, liver and kidneys in good order, thus assuring you good health.

Old-fashioned nature's remedies are the best, so don't fail to get a bottle of SEVEN BARKS on hand. Get it at your druggist's. Price, 60 cents.—Adv.

ESCAPED FROM MEXICO IN A MILK WAGON

General Benjamin Hill, Chief Lieutenant of General Obregon, Had Narrow Escape from Being Captured.

Mexico City, June 5.—One of the exciting incidents preceding the revolt against President Carranza was the escape of General Benjamin Hill, chief lieutenant of General Alvaro Obregon, who fled from the capital hidden in a pile of sacks in a milk wagon.

General Hill vanished from the capital on the same night as did General Obregon, April 13. The wagon in which Hill was hidden was stopped by the police in the suburbs of the capital because it did not carry a light. While the driver was bribing the policeman to pass the lightless vehicle, General Hill dropped out of the back of the wagon and hid in the shadow of a building until the policeman was mollified. Then the general crawled back into the wagon and continued his flight.

FAIR WAGES As a Remedy for "Chaotic" Condition in Civil Service.

New York, June 5.—Payment of fair wages to employes in the civil service was recommended as a remedy for conditions in that service characterized as "chaotic" in a report made public today of a sub-committee on civil service and retirement of the Republican committee's advisory committee on policies and platform. The sub-committee which makes the report is headed by James R. Garfield of Ohio. The report has been adopted by the executive committee of the advisory committee and will be submitted to the platform committee of the Republican convention to be held in Chicago.

The report stated that criticism of the federal civil service and demands for its reforms "seem to be reaching a climax. A common charge brought against the service is that it is inefficient and extravagantly administered, that many workers are unfit for their satisfactory service." Employes were declared by the committee to have become so dissatisfied with the present salary and employment conditions that they are leaving the service in alarming large numbers. Signs of impaired morale are declared to have been noted here to have been noted by the Associated Press, branded the Cejudo charges as a scheme to bring him to Mexico City, involve him in charges of treason and block his campaign for the presidency.

The Carranza government charged that he had offered to aid Obregon but that he had been interviewed by the Associated Press, branded the Cejudo charges as a scheme to bring him to Mexico City, involve him in charges of treason and block his campaign for the presidency.

The progress of Ynacio Bonillas, formerly Mexican ambassador to the United States and Carranza's candidate for the presidency, from the Mexican embassy in Washington to a camp in the jungles of Vera Cruz and back to a prison in Mexico City was noted here by stirring episodes. He is reported here to have figured in a shooting affray which occurred on March 28 near Tlalpam, a suburb of Mexico City, which the papers supporting his candidacy intimated was an attempt to kidnap him.

The special train carrying him to Guadalajara was stopped near the city by a missing rail. He reached Guadalajara safely but the incident was the basis for numerous alarming reports. Then came his flight from Mexico City with Carranza, starting May 7 and ending in a dash from the beleaguered trains on May 14.

His good fortune saved him from death when Carranza was slain in the camp at Tlalvalantongo, and he was brought here to be imprisoned until the provisional president decided his fate.

When Captain Felipa Sanchez Carranza was captured near Texcoco, a suburb of Mexico City, after he had been injured while making a forced landing in his big bombing plane, he shot himself. Captain Sanchez (correct) was a nephew of President Carranza. He attempted to reach Vera Cruz via the air route when Mexico City was evacuated on May 7.

YALE PROFESSORS PROTEST

At Congressional Resolutions Affecting States of Ireland.

New Haven, Conn., June 5.—Sixty-six members of the faculty of Yale university yesterday sent to Congress a protest expressing opposition to "congressional resolutions, or items in political platforms, touching upon the relations of Great Britain and Ireland." The signers express belief that this government should not interfere with the domestic affairs of any other friendly nation.
