AUTOMOBILE EXPERT INJURED

Back on the Job in Twenty Minutes.
Mr. R. E. Beaupre is well known among the automobile people in Burlington, Vt. He is employed by the Crystal Confectionery Co., the largest confectionary manufacturing concern in the state. He met with an accident whereby his ankle became sprained and he was very lame indeed. Someone gave him a bottle of liniment which was originated by a Scotch doctor. He applied this liniment in accordance with directions and in 20 minutes the pain was gone and the next day he was able to drive the car a long distance. He said he felt no more pain and had no more trouble with his ankle after applying this liniment.

Mr. R. E. Beaupre

Mr. Beaupre wrote a letter to the friend who had given him the liniment, in which he said, "I feel very grateful to you for having directed my attention to that justly celebrated liniment called Mysterious Pain Ease. The story of its origin was very interesting, and the Scotch doctor used this liniment, and the people who have benefited by it, thinking there was something mysterious about it came to know it by that name 'Mysterious.' I don't wonder the way it takes the pain out certainly seems mysterious. I never heard of anything like it. My ankle was so sore that I could scarcely step on it and could not do my regular day's work, which, as you know, requires constant foot work in using the brake and clutch pedals of automobiles. When I first applied the liniment my ankle was so painful I could scarcely bear the slightest pressure upon it. I was hardly able to limp around, yet, within 20 minutes the pain was gone, and I was able to drive a car more than 100 miles that day. Soon the swelling went down, and I was as well as ever. I cannot recommend it too highly. Since using it I have talked with a number of people about it in this section and I find the liniment is quite well known and people are using it for the relief of pain caused by sprains, rheumatism and also headache. Mysterious Pain Ease is certainly a blessing to those who suffer any pain and I am very grateful to you for having told me about it."

The Mysterious Pain Ease mentioned in Mr. Beaupre's letter is sold by most up-to-date dealers and any dealer can procure it from his jobber.—Adv.

Throughout the evening and refreshments of sandwiches, cake and ice cream, punch and wafers were served.

Next Sunday, March 27, being Easter, special music is being prepared for the services.

WATERBURY

The New Community House, Its Object and Means of Support.

Work is being rushed on the Community house and many are making plans to attend the community ball Monday evening. This Community hall is the work of the Waterbury Community Welfare club, which recently became incorporated, and consists in remodeling the village hall by permission of the town. This building was built around 1860 by district No. 1 as a fire station and gathering place. Some of the older residents of the town tell of the big socials held there and the wonderful concerts in the days of Frank White and the bell ringers. That some of its pristine splendor may come back with up-to-date entertainments is the wish of many.

Backache?

Syracuse, N. Y.—"I have been greatly benefited by the use of Dr. Pierce's An-uric Tablets (anti-uric acid). I was afflicted with rheumatism in my kidneys and rheumatism in my back. For weeks I could not straighten up and today I can straighten up and my back is all right—am feeling fine. Dr. Pierce's An-uric Tablets are O. K. My son says, 'I got my back straightened up and today I can straighten up and my back is all right—am feeling fine. Dr. Pierce's An-uric Tablets are O. K.'"

Break colds with vapors
The favored treatment now is a salve rubbed on, that gives off penetrating, healing fumes.

Try the vaporizing treatment for colds—Vicks VapoRub.
At the first sign of a cold, apply Vicks over throat and chest. Rub well in. Lay on a flannel cloth. Apply again at night and arrange the bedclothes like a funnel, so that the arising vapors will be freely inhaled.

This is the treatment favored to-day by doctors and nurses for colds, bronchial cough, tonsillitis, spasmodic croup, sore throat and, in modified form, for catarrh and asthma.
