

BORAH TO FIGHT HARDING PLAN

He and Pomerene of Ohio Will Strive for Naval Disarmament

WANT CONFERENCE OF THREE NATIONS

Including Great Britain and Japan, to Consider Reduction

Washington, D. C., May 5.—A fight for naval disarmament proposals at an early date in the Senate in opposition to the administration program was accepted as a foregone conclusion today. The naval appropriation bill was to be reported from the committee today, stripped of all such features at the request of President Harding because of the international situation, but both Senators Borah, Republican, Idaho, and Pomerene, Democrat, Ohio, announced that they would fight from the floor for a disarmament conference of Great Britain, Japan and the United States. The bill is expected to come up for debate next week after disposal of the emergency tariff and anti-dumping measure.

In opposing any such conference at this time, President Harding has made clear that he stands ready to urge an international agreement limiting armaments at the first practical moment. The Borah proposal, however, would urge him to call a conference of the three powers here to discuss a reduction in naval programs and Senator Pomerene would delay the building program for six months pending efforts to gain the assent of Great Britain and Japan to join in a conference.

The appropriation bill to be reported in the Senate carried \$100,000,000 more than was voted by the House and is practically identical with the measure which failed of passage in the Senate last March. The principal increases are for a personnel 20,000 greater than the 100,000 provided for by the House for enlarged aviation program for development of fleet bases on the Pacific coast and for speeding up capital ship construction.

HALF FAVORED ACQUITTAL

Of Self-Confessed Bank Thief of \$772,000.

Chicago, May 4.—The jury in the case of William Dalton, 16-year-old bank clerk, who stole \$772,000 worth of Liberty bonds from the Northern Trust company recently, disagreed and was discharged today after it had deliberated nearly 24 hours. About half of the jurors were understood to have been in favor of acquitting the self-confessed bond thief.

TO QUIZ RAILROADS

For Explanation Why Cost of Operations Made Such Big Increase

Washington, D. C., May 4.—Increased railroad operating costs and the question of carriers placing repair work with outside concerns will be looked into by the special Senate investigating committee which meets May 10. Chairman Cummins said today that railroad managers would be asked to explain why operating costs last year reached \$6,000,000,000 an increase of about \$1,000,000,000.

AUTOMOBILE EXPERT INJURED

Back on the Job in Twenty Minutes.

Mr. R. E. Beaupre is well known among the automobile people in Burlington, Vt. He is employed by the Crystal Confectionery Co., the largest confectionary manufacturing concern in the state. He met with an accident whereby his ankle became sprained and he was very lame indeed. Someone gave him a bottle of liniment which was originated by a Scotch doctor. He applied this liniment in accordance with directions and in 20 minutes the pain was gone and the next day he was able to drive the car a long distance. He said he felt no more pain and had no more trouble with his ankle after applying this liniment.

Mr. R. E. Beaupre

Mr. Beaupre wrote a letter to the friend who had given him the liniment in which he said: "I feel very grateful to you for having directed my attention to that justly celebrated liniment called Mysterious Pain Ease. The story of its origin was very interesting, how the Scotch doctor used this liniment, and the people who have benefited by it, thinking there was something mysterious about it came to know it by that name 'Mysterious.' I don't wonder. The way it takes the pain out certainly seems mysterious. I never heard of anything like it. My ankle was so sore and painful that I could scarcely step on it and could not do my regular day's work, which, as you know, requires constant foot work in using the brake and clutch pedals of automobiles. When I first applied the liniment my ankle was so painful I could scarcely bear the slightest pressure upon it. It was hardly able to limp around, yet, within 20 minutes the pain was gone, and I was able to drive a car more than 100 miles that day. Soon the swelling went down, and I was as well as ever. I cannot recommend it too highly. Since using it I have talked with a number of people about it in this section and I find the liniment is quite well known and people are using it for the relief of pain caused by sprains, rheumatism and also headaches. Mysterious Pain Ease is certainly a blessing to those who suffer any pain and I am very grateful to you for having told me about it."

The Mysterious Pain Ease mentioned in Mr. Beaupre's letter is sold by most up-to-date dealers and any dealer can procure it from his jobber.—Adv.

Cuticura Soap Shampoos Best For Children

If you wish them to have thick, healthy hair through life shampoo regularly with Cuticura Soap and hot water. Before shampooing touch spots of dandruff and itching, if any, with Cuticura Ointment. A clean, healthy scalp usually means good hair.

Sample Free by Mail. Address: "Cuticura Laboratories, Dept. 332, Malden 11, Mass." Sold everywhere. Send 10c for Cuticura Soap and 2c for Cuticura Ointment. Cuticura Soap shaves without lather.

DEMPSEY PUTS IN LIGHT WORK

Eight Rounds of Boxing and Customary Road and Gymnasium Work

HAD ADDED TWO SPARRING PARTNERS

He Is Now at Freddie Welsh's Farm Near Summit, N. J.

Summit, N. J., May 5.—Jack Dempsey, world's heavyweight champion, who is engaging in light training at Freddie Welsh's farm, near here, for his bout July 2 with Georges Carpentier, has added two sparring partners to his camp, it was announced today. The new arrivals are Alex. Trampidas of Portland, Ore., middleweight, and Steve Latzow of Scranton, Pa., welterweight.

The champion's workouts for the last several days have included eight rounds of boxing and the customary road and gymnasium work.

Dempsey has displayed great interest in Welsh's effort to come back to the ring and has refereed the bouts of the last two nights in which the former lightweight titleholder was victorious.

It was reported today that Jack Kearns, the champion's manager, has arranged details at the Dempsey camp in Atlantic City and that Dempsey probably would go there tomorrow.

Tex Rickard, promoter of the championship bout, when questioned regarding the referee, said that there are many good men available in New Jersey. He said that under the terms of the contract, must select the third man in the ring.

MONTPELIER HIGH HIT THE BALL HARD

While Norwich Freshmen Made Many Errors—Score, 10 to 4, in Favor of Montpelier.

Montpelier high school baseball team opened its season Wednesday afternoon at the seminary campus in Montpelier by defeating the Norwich university freshmen team by a score of 10 to 4. For the first six innings it was an interesting game. The home team showed up much better than expected for the first game of the season, and the general outlook is that it will be the best team that has represented the school in recent years. They all seem to know how to handle the bat pretty well, for they hammered out nine hits when against pitchers who have seen at least four years of high school training, knocking but out of the box in the seventh inning and then touching up Bradley freely.

Bradley, Sisson and Lewis pulled off a nice double play, while Watson and Peabody also put one over in the third inning.

The game opened with Norwich at bat. Watson singled and Lewis' single advanced him to third; then a wild throw allowed him to score. Lewis was forced out at second when Bradley connected with the ball. Farrell was easily played out at second by Dobbs and Sisson fled out to Denmore. The visitors could not score again until the seventh inning, when Montpelier played a little loose; Whitcomb singled, Murray was walked, Micheline drove a ball to Perolini, who dropped it and Whitcomb scored. On the relay for the plate, Comi allowed the ball to go to the backstop and Murray scored. Then Butler fled out to Perolini, but Peabody scored on the fly. Watson and Lewis were easily put out, ending their chances of scoring.

Montpelier opened the game by getting two on errors in the first inning. Comi and Peuce scoring. In the fifth Leslie went to first on an error. He stole second and when Griffith singled he scored. In the sixth, after two were out, Jones walked, Sheridan advanced to third and he scored on Leslie's single. In the seventh, Comi walked, Griffith singled and on the relay Comi was able to score. Doubles by Griffith and Jones, singles by Denmore and Sheridan and errors allowed Montpelier to get five scores in the eighth inning.

Score by innings:

1	2	3	4	5	6	7	8	9	H. E.
Montpelier	2	0	0	1	1	1	5	—	10-9
Norwich	1	0	0	0	0	3	0	—	4-8

Two base hits, Griffith, Jones; double plays, Bradley to Sisson to Lewis, and Envall to Peabody; stolen bases, Dobbs, Comi 2, Peuce, Donnolly, Leslie, Butler; base on balls, off Butler 3, Bradley 2; Denmore 1; hit by pitched ball, Donnolly, Lewis; struck out by Denmore 4, Butler 6, Bradley 1; umpire, Hathaway.

HEARD OF A CAT

"Does your husband give you all the money you want to spend?"

"My goodness, no! Why, even I would not think of being that extravagant."—Boston Transcript.

An Obligation of Automobile Ownership

When you buy an automobile you incur a big responsibility. If your car injures another person or damages his property, you are obliged by law to make good this loss.

Automobile accidents are frequent. Juries award large sums. Why carry this burden yourself?

A Travelers Automobile Policy with adequate limits lifts the financial responsibility for an accident from your shoulders.

SOUTH RANDOLPH

Town May Erect Headstone to Memory of First Man Buried in Cemetery.

Jules Gibbs has no headstone. Some here think that the town should erect a headstone to his memory, as he was the first man to be buried in the East Randolph cemetery in October, 1780. John Kneeland, who was killed by the Indians at the same time, was buried in the Branch View cemetery, Royalton.

John Ferris has moved from the Stiles farm to East Bethel and will work on the quarry.

Mrs. Gertrude Cane has finished work for Mrs. Will Camp and returned to her home in East Bethel.

E. B. Camp and Carl Pierce were in Barre Monday.

Trucks traveling north broke through the covered bridge between C. C. Gifford's and E. S. Hall's Monday evening. One of them went partly through the bridge, remaining suspended there until next day. Cars passing now have to make detours over hills via the Dumont corner or take the Tunbridge road via C. J. Hyde's.

Archie MacPhetres has finished his month's work at Guy Young's and has moved his family from East Randolph to the Kelsey farm, which he has lately purchased of E. D. Camp, administrator of the Laura J. Stiles estate.

A Mr. Waters is working for C. D. Peake and his wife is assisting in the care of Madam Gifford.

Andrew MacPhetres is working for Will Camp.

SUFFERED SEVEN LONG YEARS

Finally Relieved by taking Lydia E. Pinkham's Vegetable Compound

Ravenswood, W. Va.—"For seven long years I suffered from a female trouble and inflammation so that I was not able to do my housework. I consulted several doctors but none seemed to give me relief. I read in a paper about Lydia E. Pinkham's Vegetable Compound, so I decided to try it, and before the first bottle was gone I found great relief so I continued using it until I had taken eight bottles. Now I am very well and can do my own housework. I can gladly recommend Lydia E. Pinkham's medicine to suffering women."—Mrs. BERTHA LIERING, R. F. D., Ravenswood, W. Va.

The ordinary day of most housewives is a ceaseless treadmill of washing, cooking, cleaning, mending, sweeping, dusting and caring for little ones. How much harder the tasks when some derangement of the system causes headaches, backache, bearing-down pains and nervousness. Every such woman should profit by Mrs. Liering's experience and try Lydia E. Pinkham's Vegetable Compound.

POLES CAPTURE MANY CITIES

They Are Said to Be Angered By Commission's Award AND PLAN TO TAKE ENTIRE REGION

Over Which a Bitter Political Struggle Was Waged

London, May 5.—Polish elements in upper Silesia have forcibly taken possession of a wedge-shaped region, the base of which is former Germano-Polish frontier and the apex of which has reached Gross Sterlitz. It is declared in advices received here. The cities of Tarnowitz, Koenigsbunette, Kattowitz, Rybnik, Ratibor, Beuthen and Dublinitz are said to be in the hands of the Poles, who have reached the Oder river and are marching toward the northwest in the direction of Opeln.

Dispatches from Silesia assert the Poles, angered by reports that the inter-allied plebiscite commission had recommended the awarding of only the

Almost Unbelievable

regions of Pless and Rybnik in south-eastern Silesia to Poland, have declared their intention to seize the whole region, over the possession of which a bitter political struggle has been waged and the future status of which was to have been determined by the plebiscite held recently.

The Daily News said today, that it learned that Premier Briand of France had asked Prince Sapieha, Polish foreign minister, who arrived here on Monday, to transmit a request to the Polish government to take immediate steps to end the disorders.

So far as is known, Polish military forces are not engaged in the reported disorders in Silesia, but dispatches indicate that elements which have crossed the Silesian frontier were well organized and were armed with rifles and machine guns.

Allied officials here to attend the meeting of the supreme allied council make no secret of the fact that the situation in upper Silesia has approached a crisis. It is realized that the allied military forces in Silesia are inadequate to cope with the revolt.

Do you operate an average American farm?

Here's your ideal water supply system

The Goulds Hi-Speed Autowater System, illustrated above, has been built expressly to meet conditions on the average American farm — by a company with over seventy years' experience in designing pumping equipment for every industrial and farm use.

Thousands of farm pumping problems were studied by Goulds Engineers. Then they designed the Autowater System, — capacity 180 gallons of running water an hour.

We handle this wonderful farm pumping unit, and we want you to use it — for we believe it will settle once and for all, your own pumping question.

GOULDS Autowater System

Electrically operated, automatic, noiseless — it occupies about the space of a trunk in your cellar. It requires no attention and costs less than two cents a day for current.

Come in today and let us show it to you.
