

ABOUT THE STATE

Happenings of Interest from Different Sections.

Rev. Fredric R. Champin of West Hartford has been given a call to the pastorate of the churches in Windham and South Windham.

At the so-called William Bent spring in Bennington five deer appear every morning to drink, which indicates that the streams are low in the mountains.

Mrs. A. G. Baldwin raised this season in her garden in Hortonsville a citron which weighed 14 pounds and after it was cooked made six quarts and a pint of sauce.

Burglars entered the general store of George W. Briggs in Wardboro Wednesday night and secured about \$14 in change, some cigarettes, tobacco and one or two loaves of bread.

Frank Stone of Winooski, aged 75 years, was taken ill at the breakfast table Wednesday and died within half an hour. He had been suffering with Bright's disease for four years, but not confined to his bed.

On Portland, Oregon, "Roseway" grows a rose which bears the name of Mrs. James Hartness, wife of Governor Hartness of Vermont, planted there in honor of this state. The "Roseway" consists of six miles of rose bushes, three miles on either side of a boulevard, which was dedicated Sunday, Oct. 23.

A voluntary petition in bankruptcy was filed Monday in the office of the United States district court in Burlington by T. C. Fisher, a Concord farmer. He gives the total amount of his debts as \$11,728.28 with assets of \$11,895, and property valued at \$1,500 claimed as exempt. Fisher's largest creditor is H. E. Currier of Concord for \$1,800, for grain and feed.

By the will of Daniel J. Carroll, who died in New York City, in May, 1920, Michael Coops of Schuylco, Va., was given \$50,000. Mr. Coops is a former resident of West Rutland, but for a number of years has been general manager of the Virginia Soapstone company, in which Mr. Carroll was interested. It was for his faithful services that his employer will him the \$50,000.

John X. White, a Jamaica farmer, spent Wednesday night in jail in New-fane, having been arrested on a charge of disturbing the peace by threatening Wilbur H. Wellman, another Jamaica farmer, with bodily harm. The trouble grew out of difference about cattle. Mr. White was placed in jail for \$200 for his appearance later in the term of Windham county court and was released.

Six Springfield boys were haled into police court as a result of a Halloween escapade, the throwing of a squash through the plate glass window of a Matron coupe belonging to A. C. Bowman and driven by his chauffeur, Ray Cutler. They had been throwing various vegetables at passing cars. No disposition was made of the case, which was adjourned until next Monday.

A North Bennington Ford car, with six passengers, ran away Thursday, threw the passengers into Cushman road and then laid down on the trolley track, where it blocked the line for half an hour. Jesse Vadakin was driving the car and with him in the Ford were his father and brothers and Arthur Bassett and Bert Bromley, all of whom work at Cushman's. No one was hurt, but all got a good ducking in the pond.

Oct. 21 two officers of the state prison at Windsor took three inmates of the institution to a dentist's office. On leaving the office, one of the prisoners, Clyde Robinson, aged 26 years, sent a window from Montpelier, smashed the hallway door at the foot of the stairs directly in the face of his attending officer as he was about to step out into the street. Robinson disappeared around the corner of the building and that is the last seen of him, although officers have ever since been searching for him.

A man who gave the name of Lewis Westover asked Harold W. Gammons, head of the English department in the Springfield high school, for a ride toward Springfield one day last week. He said he was on the way to Burlington, where he was to be married, and he ferried to his war service, but before Mr. Gammons reached his home town with the passenger he decided he was unaccounted mentally and delivered him up to the village police office. The next morning, however, the young man seemed all right and was released. Not long after, Springfield officials received a telephone call from Red Cross headquarters at St. Albans, asking them to be on the lookout for this same Westover, who is from Swanton, and who had escaped from the state hospital at Waterbury. By that time all trace of him had been lost.

The Cadillac victoria, stolen from in front of the office of W. C. Clark of Burlington Wednesday night, was found abandoned in a swamp about three miles south of the city of Vergennes Thursday night. The robbers evidently understood a Cadillac, for they had cleverly wired around the locked switch. The car was not damaged, but two spare tires were missing. Farmers nearby stated that two young men had sought assistance in getting the stalled car out of the mud, but that after two two-hour teams had worked from about 10-30 o'clock Wednesday night to 1-30 Thursday morning, they had given up the effort, removed the tires, chains, and tools, put them in another car which was with them and departed. An auto truck had to be used to pull out the machine so that Mr. Clark could drive it back to Burlington.

White River Junction, Nov. 5.—Valuable assistance has been given the Albert Fogg family of Hartford in regard to the theft that occurred at their place during the state fair. Chief of Police Patrick O'Keefe, with members of the family, have been to Chelsea to get more details from the negro who is in jail there. Valuable jewelry and wearing apparel, taken from the Fogg residence, have been located.
