ALL EUROPE IS INVITED

To the Genoa Economic Conference, Says Lloyd George

"BECAUSE WE WANT TO PUT END TO WARS"

No Distinction in the Invitation to Nations Has Been Made

London, Jan. 21.—(By the Associated Press).—Premier Lloyd George, addressing the national Liberal conference to-day, declared that all the nations of Europe, without distinction, had been invited to the Genoa economic conference "because we want to put an end to constant wars and rumors of wars."

Discussing the Washington conference he said: "The peace of the world largely depends upon good understanding between the United States and ourselves. The conference has done more than anything else to restore that understanding."

The premier in referring to international conferences in general said that if there had been a conference in July, 1914, there would have been no war in August, 1914.

"No international conference ever settled Europe's problems," he said, "but they have advanced the cause of peace on earth. I have profound conviction and faith in the ultimate reason of mankind."

Mr. Lloyd George was greeted with a storm of cheers when he appeared on the platform in Central hall, where the conference was held. All the coalition ministers and liberal members of parliament were present. The premier immediately began a discussion of the advantage accruing to the empire from the Irish settlement.

"It is the first time for a century," he said, "that we have had an Irish government established with the whole-hearted sanction of the people of Great Britain."

Mr. Lloyd George said that the Irish settlement had embraced the prestige of Great Britain throughout the world and had deprived her enemies of "the force of that fact, that we were always willing to give exalted advice to other nations, which we never followed ourselves."

Touching on the subject of a general election, he declared that he had started the talk of it, saying he had not made up his mind in regard to such an election and that it would not be his business to do so until the last minute.

World trade, he said, was in a worse plight than any one present had ever before witnessed. He continued:

"International confidence is the basis of international trade. The problem confronting Great Britain and the world may be summed up, in one phrase 'restoration of international confidence.'"

MINERS ASK MORE WAGES

Anthracite Men Seek 20 Per Cent Increase in Contract Scale

AND \$4 PER DAY FOR ALL DAY WORKMEN

Steps Taken to Strike April 1 If Agreement Not Reached

Shamokin, Pa., Jan. 21.—Demands adopted by the tri-district wage convention of the anthracite miners, which adjourned late last night, will be presented for ratification to the international convention of the United Mine Workers at Indianapolis next month.

The principal demands provide a 20 per cent increase in the contract wage scale and an advance of \$1 a day for all employed by the day. Sixteen demands were presented some of a technical character. All were adopted without serious opposition.

The convention took the important step of instructing the scale committee to perfect arrangements providing for a suspension of mining on April 31, when the present wage scale expires.

President John L. Lewis of the international organization to-day expressed gratification at the action of the anthracite men.

EARLY POSTMASTERS IN BARRE

JOHN BAKER was the first postmaster of Barre. Appointed at a very early day, he held the office for many years. Later, a new postoffice was located at South Barre, and Walter Chaffee was appointed postmaster.

Each Sunday he would come to church at the north end of the town, with the week's mail stuck in his hat, and deliver it at noon on the meeting house steps. Postage in those days cost 25 cents for each letter that came over 400 miles, 6 1/4 cents being the charge for the shortest distance.

Walter Chaffee, as he stumped his way along on his wooden leg, with the mail stuck in his hat, was one of Barre's first public servants. Your Light and Power Company is also a public servant, born of the greater community needs which came with the march of community progress. Like the early postmaster, its aim is to serve you to your satisfaction.

NEWBURY

Next Sunday evening there will be a special service in the Congregational church and it will be a service which this community should be interested in, and no doubt will be, as Miss Brice, our Red Cross nurse, will be one of the speakers and will give an account of her work in this place during the past year. D. S. Jones will respond for the schools and Mr. Ives for the boy scouts. During the month of December the Newbury Red Cross nursing service records 129 visits, 35 of which were nursing calls. Talks on first aid were given to the boy scouts and the usual classes in home hygiene and care of the sick were held at the high school. Three children were taken to the chest

clinic, held at Wells River on Dec. 17 by Doctor Henry A. Ladd of Burlington, who recommended that two be received at the preventorium at Essex farms. You can learn a lot more regarding the work of this accomplished and cultured Red Cross nurse, Miss Brice, if you attend this community meeting next Sunday evening at 7:30. May everyone make an effort to be present.

Doctor Darling has disposed of his runabout, as he thinks shoe leather is cheaper than gasoline. He sold it to two of our young men who will use the engine in the manufacture of stove-wood, for \$600, less a cash discount of \$48; this, after paying the storage charges of \$6 per year for three years, will leave the doctor three dollars in the hole, but then, the loss is nothing compared to the mental friction brought on when the doctor tries to start the "thing," especially when in a hurry. For further information regarding the automobile trade ask the doctor.

Mr. and Mrs. Harry Wells of the Tuff's school, Watertown, Conn., spent the week end in town with Mr. and Mrs. Richard Darling. They were on their return from a snow-shoeing hike in the Franconia mountains.

Mrs. Clara Atkinson has been spending the past few days with Mrs. Einsie of Montpelier.

We notice in the state news that "Corporal Robert B. Grant, 172d infantry regiment, Vermont National Guard, and a resident of Northfield, has been designated to take the West Point entrance examination to be held beginning March 7 with a view to admission to the academy July 1, according to the academy July 1, according to a war department announcement.

received at headquarters, first corps area." For several years the Grant family were residents of this place and the many friends will watch with interest the rise of this young man.

Electric lights have been installed in the home of Mrs. Mary Wallace.

The six boys who attended the Older Boys' conference in Barre came home chucker-block full of enthusiasm and are loud in their praise of the hospitality shown them by the people of Barre.

The missionary meeting met with Mrs. Hale Wednesday afternoon with Mrs. Warren Bailey leader, subject, "Barriers Between Neighbors." Friday afternoon the Benevolent society met with Miss Keyes.

The remains of Napoleon Lupine were brought here for burial on last Thursday and interment made in the Oxbow burying ground. Many years ago Mr. Lupine was a resident of Newbury, he and his family living in the house now owned by Mrs. Mary Bailey, but for the last 20 years he has made his home at North Haverhill.

DAUGHTER HAD TO HELP MOTHER

Now Can Do All Her Household Alone Because Lydia E. Pinkham's Vegetable Compound Helped Her

Jasper, Minn.—"I saw in the paper about Lydia E. Pinkham's Vegetable Compound and took it because I was having such pains in my stomach and through my back that I could not do my work. I had tried other medicines, but none did me the good that your Vegetable Compound did. Now I am able to do all my work alone while before I had my daughter staying at home to do it. I have told a number of friends what it has done for me and give you permission to use my letter as a testimonial."—Mrs. JESSIE PETERSEN, Route 1, Jasper, Minn.

There is no better reason for your trying Lydia E. Pinkham's Vegetable Compound than this—it has helped other women. So if you suffer from displacements, irregularities, back-ache, nervousness or are passing through the Change of Life remember this splendid medicine. What it did for Mrs. Petersen it may do for you.

The Vegetable Compound stands upon a foundation of nearly fifty years of service.
