Personal Experience Shows Benefits of Jaques' Little Wonder Capsules for Indigestion and Dyspepsia

"From personal experience I am satisfied that Jaques' Little Wonder Capsules are a splendid preparation, and I have no hesitancy in recommending them to others who are troubled with various stomach derangements. They have proven very beneficial," writes Susie C. Clark, registered nurse of 55 Hicks street, Brooklyn, N. Y., to the Jaques Capsule Company, Inc., of Plattsburg, N. Y.

Hundreds of Letters. Nurse Clark's is but one of many hundred letters which have been sent to the Jaques Capsule Company commending the valuable discovery which is now being put up in convenient capsule form for the relief of indigestion, dyspepsia and the disorders due to over-eating or the eating of food which is difficult to digest.

Jaques' Little Wonder Capsules are not supposed to cure all diseases, but they are guaranteed to give satisfying relief for disorders of the stomach. They bring quick relief in mild and acute cases, and gradually relieve chronic and obstinate dyspepsia, indigestion and constipation.

Save Your Stomach. The welfare of your whole system is dependent upon the stomach. If your stomach functions properly, food is easily and thoroughly digested and quickly assimilated into the system, yielding rich red blood and renewing the body waste. If you suffer from indigestion, dyspepsia, catarrh of the stomach, sour stomach, constipation or other disorders or derangements of the stomach or digestive tract, your food is imperfectly digested and often decomposes in the stomach, poisoning the system. Gas forms, producing a dull, heavy feeling, headache, nausea,

acid breath, heartburn, biliousness and many other ailments result. The undigested food causes loss of appetite and general debility frequently follows and life is shortened. Jaques' Little Wonder Capsules aid in relieving these conditions, assist digestion and tone up the stomach. Save your stomach and you prolong your life.

Satisfaction Guaranteed. Physicians, nurses, dentists, ministers, business men and prominent men and women in all parts of the United States have been astonished at the marvelous relief they have experienced from stomach troubles of long standing after taking but a few of these capsules.

Jaques' Little Wonder Capsules are harmless. They contain no irritating or poisonous drugs, and are sure relief for indigestion, dyspepsia and constipation without any harmful effects. You simply take one or two capsules and a swallow of water. They are sold under a strict guarantee to refund the money to anyone who is dissatisfied after giving them a trial.

The story of the "Old-Time Hospitality at Danmore" being destroyed by fire was out in the papers last week and with their heading of "Convict Firemen Did Splendid Service in Fighting the Flames," made a most sensational review. Although they carried insurance, it is feared they lost it heavily. The fire was discovered at 3:50 in the morning by one of the prison guards, the prison being directly across from this building. It will take the village fire department quickly responded and help was offered from Plattsburg, but the real work was done by the Clinton prison fire department. MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first warning of rheumatism get from any pharmacy about one ounce of Job's Tears, not a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Job's Tears, an inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by the thousands of folks who are subject to rheumatism—adv.

I'll Never Milk by Hand Again. That's what Fred Steben said after he had milked his cows the first time with The Blue Ribbon Electric Milker.

Fred Steben said after he had milked his cows the first time with The Blue Ribbon Electric Milker. Fred said the same thing again after he had been using the Blue Ribbon six months. Little wonder that he should be so enthusiastic about it! He has saved the cost of one hired hand.

You know how it works out: you have to keep an extra man to help milk and if you could just get along without that man, just do your own milking. How long will it take for that hired man's wages to pay for a Blue Ribbon Electric Milker? Not long, because the milker complete costs only \$245.00 f.o.b. Chicago. Scientists have marveled at the mechanical perfection and accuracy. Machinery experts have marveled at the simplicity. You will marvel at the money saved by this electric milker.

You can milk your cows tonight with -The Blue Ribbon Electric Milker-

There is no delay in putting the milker to work. The minute it arrives at your farm it is ready to start milking. Just plug the connection into any light socket and stand by and watch electricity do the milking.

Just ask for a demonstration, and when you see for yourself, you'll say the same thing that Fred Steben said, "I'll never milk by hand again."
