

UNITED STATES WILL NOT CHANGE ATTITUDE ON ITS FOREIGN DEBTS

British Note to Her Debtors Nations Suggesting Cancellation of Whole Inter-Allied Indebtedness Will Not Be Given Official Cognizance by American Government

GREAT BRITAIN IS EXPECTED TO PAY U. S. DEBT Secretary of the Treasury Mellon Points Out That Great Britain Has Formally Acknowledged That Debt As An Obligation to Be Met by British Government

Washington, D. C., Aug. 3.—Great Britain's note to her debtors nations suggesting cancellation of the whole inter-allied indebtedness will cause no change in the policy of the United States towards its foreign debts, it was stated officially to-day at the treasury.

Secretary Mellon was represented as taking the position that the American debt commission must continue negotiations for funding the obligations owed this country with regard to the disposition evidenced by Great Britain to wipe out international war-time indebtedness.

Moreover, Mr. Mellon, was understood to feel that inasmuch as Great Britain, in correspondence with the treasury, had acknowledged England's war debt to the United States and indicated a willingness to liquidate the debt with interest and had announced the sending of a financial mission in September to discuss arrangements for payment, there should be no hitch in the proceedings. Also, according to the treasury view, British statesmen in Parliament have repeatedly described the American debt as an obligation to be met.

While to a certain extent the British note was regarded by the treasury as making it difficult to already complicated international financial situation, it was not considered as affecting the honor of the United States toward Great Britain or the other nations.

As the note was not addressed to the United States, Mr. Mellon was said to hold the view that no official cognizance of its transmission would be taken by this country.

WILL NOT EVADE HER OBLIGATION Great Britain Recognizes "to the Full" What She Owes to the United States.

London, Aug. 3 (By the Associated Press).—That Great Britain has no intention of suggesting any alteration of her financial obligations to the United States was re-emphasized in the house of Commons to-day by Sir Robert Horns, chancellor of the exchequer, in reviewing the British position on German reparations. "I wish to make it clear beyond all question of misapprehension," declared Sir Robert, "that we recognize to the full our obligations to pay our debts to the United States, and we do not mean in any shape or form to evade that obligation."

SERIOUS ANXIETY. Is Noted in Tone of British Press on German Situation.

London, Aug. 3 (By the Associated Press).—There is a tone of serious anxiety in the comment in to-day's newspapers on the British note to the allies concerning war debts, and in the French premier's note to Germany demanding full payment of pre-war private debts, and the prospect of grave happenings arising if Germany refused to comply.

The papers give prominence to the American press comment on the British note and Senator McCumber's opinion, and draw conclusions according to their respective views of the situation. The editor of the financial newspaper Economist thinks the note a profound mistake, and says it contains misleading statements which give the appearance of arguing with America rather than of appealing to her good will in the interests of all. He contends that Great Britain gained immense benefits from the American loans, and ought to be prepared to repay them regardless of whether Italy, France and Belgium reimburse her for the munitions she supplied them.

The Daily Telegraph's financial editor believes the note will have a good effect in making the British position clear.

The telegraph, quoting Senator McCumber's statement that the United States never will consent to cancellation of the war debts, deprecates "allowing ourselves to be stung or influenced by such brazen language."

FRANCE MAY PROPOSE RHINELAND SEIZURE

If German Government Refuses to Fulfill Agreement for Payment of Private Debts Owing to French Citizens.

Paris, Aug. 3 (By the Associated Press).—Separation of the Rhineland from Germany with its own parliament and government and a separate financial regime supervised by the allies, is a part of the scheme of penalties presented to Premier Poincare as representative of the opinion of the French parliament, and which he is known to have taken under consideration.

The scheme, which would be put into effect upon the definite refusal of the German government to fulfill the agreement for payment of private debts owing to French citizens by Germans expelled of all the Prussian functionaries to be replaced by natives.

Other provisions include an extension in the powers of the allied Rhineland commission and measures of economic pressure upon the principal German industries amenable to the action of the commission such as the Aniline dye industry; the iron industries of Hugo Stinnes, August Thyssen, the Krupp and Franz Haniel, and others which are more or less dependent upon the occupying forces for the freedom of transit of raw materials in the region of Dusseldorf, Duisburg and Ruhrort.

PLAN KNOCKED OVER. British Note Disarranged Premier Poincare's Program.

Paris, Aug. 3. (By the Associated Press).—Premier Poincare had just about finished a plan under which he could accept a reduction in the reparations payable by Germany in consideration for cancellation of France's war debt to Great Britain when the British note to the allies was published putting an end to all idea that such cancellation was possible. It is learned from a well-informed source.

It is also said the note was made public before the coming London conference of premiers so as to set at rest all unofficial talk of debt cancellation, and forestall M. Poincare's plan, based thereon.

ITALY'S GENERAL STRIKE IS ENDED

Movement Was Declared Three Days Ago by Communists.

Rome, Aug. 3 (By the Associated Press).—The ministry of the interior announced this afternoon that the general strike, which was proclaimed throughout Italy three days ago in protest against Fascist reprisals against communists, was declared ended at noon to-day.

The leaders of the Fascisti, the extreme national organization which opposed the strike from the start, to-day published a bulletin saying "The Fascisti thank the organizers of the strike for giving them an opportunity to demonstrate the strength of the Fascisti."

Several persons were wounded in a fight between Fascisti and striking railway men fact at Novi.

Premier Facta has issued an appeal for maintenance of order.

SEES TO ANNUL MARRIAGE. 16-Year-Old Dancer, Dorothy Clark, Also to Sue Rawlinson.

Los Angeles, Aug. 3.—Dorothy Clark, the 16-year-old dancer, in whose behalf her mother, Mrs. Ethel E. Clark of New York, has brought suit in Los Angeles for \$200,000 damages against Herbert Rawlinson, motion picture actor, plans to take action soon to annul her recent marriage to Karl Elms of Boston, according to a story the Los Angeles Examiner published to-day.

Miss Clark arrived here yesterday, according to The Examiner, and said she had come to take action in the annulment matter and also to watch the trial of the suit against Rawlinson, who, her mother alleged, attacked the girl in a New York apartment nearly two years ago.

The girl was quoted sometime ago as declaring her mother's allegations against Rawlinson were untrue. Rawlinson denied them.

DEMAND PROTECTION. Santa Fe Shopmen Claim They Are Entitled to Seniority Rights.

Chicago, Aug. 3.—Ten thousand shopmen on the Santa Fe who have formed an association of new employees, to-day telegraphed Chairman Hooper of the United States Railroad Labor board, demanding their rights be safeguarded in any settlement of the shopmen's strike.

They are entitled, they say, to protection in the seniority rights acquired during the strike.

LOST THEIR APPEAL. O'Sullivan and Dunn, Convicted of Assassinating Wilson.

FUEL CONTROL MACHINERY

Is Being Hurried Into Operation by Federal Distributor

TO DISTRIBUTE ENTIRE MINE OUTPUT State Fuel Committees To Report on Coal Consumption

Washington, D. C., Aug. 3.—With specific plans drawn for distribution of coal during the existing emergency, Fuel Administrator Spenser was rushing the completion to-day of the federal organization through which in the final stage distribution of the entire output of mines will be controlled.

The function of the federal organization will cover distribution among the railways, federal institutions and the states, with the governors of states to handle local supply. As a guide in the allocation of supplies, state fuel committees are to report at once on the consumption of coal by the various classes of consumers in their territories with a list of those who should receive priorities.

Detailed instructions drawn up for the states place financial responsibility for all coal shipped into a state on the governor's committee, which also assumes in each case entire responsibility for distribution and prevention of profiteering.

Control of the fuel distribution to the railroads gradually will be assumed by a special committee here of representatives from the different railway groups.

INDIANA GOVERNOR STARTS COAL MINING

And Goes Into Conference with Governors of Other Coal Producing States.

Indianapolis, Ind., Aug. 3.—Governor McCray, having taken his first steps to produce coal for Indiana state institutions and essential industries, turned his attention to the conference of governors from the coal-producing states of Ohio, Michigan and Kentucky, called to meet at his office to-day.

The governors of Wisconsin, West Virginia and Pennsylvania will be unable to attend because of urgent duties arising from the strike situation.

Governor McCray, in beginning the production of coal under state authority with the protection of state troops, is leading the way in the matter of providing coal for emergency purposes. It is possible that some of the executives attending the meeting will adopt the Indiana plan.

GREAT LAKES STRIKE IS NOW ANTICIPATED

Coal Passers, Deck Hands, Able Seamen, Firemen and Oilers Are to Go Out.

Detroit, Aug. 3 (By the Associated Press).—Coal passers, deck hands, able seamen, firemen and Oilers employed on Great Lakes freighters will strike "in a few days," Thomas Conway of Buffalo, chairman of the executive committee of the Great Lakes district of the International Seamen's union, announced here to-day.

CASSEL CAPTURED. And the Irish Irregulars Continue to Fall Back.

Dublin, Aug. 3. (By the Associated Press).—Further progress for the Irish national army in its drive against the irregulars in the south is reported in a message from Thurle to-day which says the town of Cassel has been captured by the Nationalists.

Military observers recently pointed out when Tipperary was taken that the fall of this town straightened out an awkward bend in the line of the nationalists and was expected to enable the free state forces to advance on Cassel, thus paving the way to a further advance, where Eamon De Valera is making his headquarters.

Overnight reports were that the irregulars were in general falling back toward the south and southwest. In Dublin isolated disorders are continuing. Last night three bombs were thrown at Red Cross cars. Three pedestrians were wounded.

NOMINATED BY HARDING. Col. William H. Hart to Have Rank of Major General.

Washington, D. C., Aug. 3.—Colonel William H. Hart, now in Chicago, of the quartermaster and docking army base at New York, was nominated to-day by President Harding to be quartermaster general of the regular army with the rank of major general. He succeeds Major General Harry L. Rogers, who completed a four year term as quartermaster general July 22.

RECEIVERSHIP FOR RAILROADS

That Are Unable to Execute Their Mail Carrying Contracts

IS SUGGESTED AS POSSIBILITY

But For Present the Government Will Take No Action

Washington, D. C., Aug. 3.—Indications continued to multiply to-day that the federal government contemplated no immediate step in the railroad strike situation.

A member of President Harding's cabinet declared, however, that as an abstract proposition it might be imagined that the government would apply to the courts for receiverships of such railroads as were unable to execute their mail carrying contracts.

The cabinet official emphasized that he was not saying that any receivership proceedings were imminent and postoffice department officials said that generally the mails were being handled with only slight interruption and delay.

VIOLENCE IN SIX STATES REPORTED

In Connection with Railroad Strike—Workers Are Mutilated.

Chicago, Aug. 3 (By the Associated Press).—There was a lull to-day in peace maneuvers in the railroad strike. Rail men were reticent and there was no forecast of where the next peace effort would originate.

Strike leaders turned their attention toward Washington, where President Harding had a telegram, sent by the shopmen last night after their meeting here, accepting his peace proposals upon condition that the union's interpretation of the settlement suggestions be recognized.

Violence was reported from six cities in as many states during the night. Four of the disturbances assumed the proportion of riots, one resulting in the death of one man.

Carl Spradley was killed during an exchange of shots at Van Buren, Ark., between guards in the Missouri Pacific shops and men said to be strikers. The dead man's brother, Will Spradley, was wounded but will recover, physician says.

At Jackson, Mich., several police officers and striking shopmen were slightly injured by more than a thousand strike sympathizers, including men, women and children, attacked non-union workers with strikes, stones, eggs and other missiles as the non-union men were leaving the shops of the Michigan Central railroad.

NO SYMPATHETIC STRIKES Will Be Indulged in By Maintenance of Way Men, Says Grable.

Chicago, Aug. 3.—The maintenance of way men will not indulge in "sympathetic strikes," E. F. Grable, head of the organization, said last night when informed of predictions of W. M. Parkers, chairman of the New York Central system federation, that maintenance of way men of the railroad would strike within a week in protest against rejection of the president's proposal to settle the shopmen's strike by the railroad.

BEATEN TO DEATH. Illinois Central Employee Was Assaulted By Four Men.

Chicago, Aug. 3.—Robert Johnson, 42, an employee of the Illinois Central shops at Burnside, was beaten to death this morning by four unidentified men, the police reported. The assailants escaped. Witnesses told policemen that the four men accosted Johnson, asked him not to go to work and then attacked him.

WORST RIOTING IN BUFFALO STRIKE

One Man Killed and Two Others Shot During Disturbance.

Buffalo, N. Y., Aug. 3.—The International Electric railway company to-day appeared in the supreme court demanding that Mayor Frank X. Schwab enforce the law which prohibits the operation of jitney buses without permission of the public commission. The mayor, replying to a show cause order, contended that the company had not yet restored normal service and that the emergency which justified him in granting permits to the jitney's still exists.

The legal battle upon which the company rests its hope of defeating the strike which has been in progress since July 1, followed a night of the worst rioting that has thus far marked the strike. One man was killed; two others were shot and several conductors and motormen were injured by flying missiles in a series of attacks on cars throughout the city.

ONE FIRM AGREES WITH ITS STRIKERS

Newmarket Manufacturing Co., Gives Old Wage On 50-hour Basis.

Manchester, N. H., Aug. 3.—The settlement of the strike at the Newmarket Manufacturing company's mills the firm "break in the six months' state-wide strike against a wage cut of 20 per cent and an increase from 48 to 54 hours—was discussed with interest to-day at meetings of the 25,000 operatives affected. What significance it might have on the general situation was the subject of special consideration.

The victory of the Newmarket strikers—of whom there were 1,000—in retaining the old rate on a 50-hour working basis, was hailed by many as establishing the basis of settlement of strikers elsewhere. To others, however, the fact that it was announced that the settlement applied only to the silk department, which constitutes the principal part of the Newmarket plant, discounted its effect on the cotton mill situation, which involves most of those on strike.

Vice President James Starr of the United Textile Workers' of America, at the strike headquarters here, said he was without advisers that would indicate the general significance of the Newmarket agreement.

He was inclined to think that that it applied to silk and cotton workers alike, he said, unless the company had decided to abandon its cotton operations. The Exeter Manufacturing company, a small cotton plant had intimated it might offer similar terms, the strike leader added, but whether any other Exeter workers would come forward with like compromises was problematical.

Vice President Starr said the Newmarket settlement constituted a notable victory, but that he was not prepared to recommend acceptance of the same terms elsewhere. He still felt, he said, that a 40-hour week should continue as the basis of employment.

POSSIBLE CONFERENCE. Between Warring Elements in Lawrence Textile Industry.

Lawrence, Mass., Aug. 3.—A conference has been arranged for Saturday morning between officials of the Pacific mills and representatives of the American Federation of Textile Operatives at which the recent offer of the Pacific mills to take back its employees under the 20 per cent wage cut pending arbitration Oct. 2, will be discussed, it was learned from unofficial sources to-day.

Organized Francis J. Gorman of the United Textile Workers of America, called upon Agent Irving Southworth of the Pacific mills this noon and stated that if there was to be a conference the members of his organization desired to be represented. Mr. Southworth, he said later, would neither confirm nor deny the report that there would be a conference on Saturday.

Officials of the mill were non-committal and officials of the American Federation of Textile Operatives could not be reached.

TO BACK TEXTILE STRIKE. Federated Textile Union of America Is Organized.

New York, Aug. 3.—Delegates from ten textile workers' organizations to-day formally organized the Federated Textile Union of America—already pledged to back the strikers in the New England mills.

The new organization, it was announced, has a membership of 50,000, and largely controls the destinies of some 100,000 workers who are not yet unionized. The federation is not affiliated with the American Federation of Labor.

The 66 delegates elected John O. O'Connell, of Salem, Mass., secretary of the American Federation of Textile Operatives, as temporary chairman. Permanent officers will be elected here to-morrow or Saturday.

Unions embraced in the federation already have contributed \$150,000 to aid strikers in the New England mills and additional funds are to be raised, it was announced.

BADDECK PEOPLE MOURN FOR BELL

They Feel That the Great Inventor Was Really One of Them—Funeral Is On Friday.

Sydney, N. S., Aug. 3.—The entire town of Baddeck, near here, was in mourning to-day for the noted inventor of the telephone who died yesterday. In the 35 years in which Dr. Alexander Graham Bell has been coming here to spend his summers he had come to be regarded by the villagers as one of themselves. One of the village elegies will take charge of the simple ceremonies at his funeral on Friday.

A telegram from President Harding was one of the scores of messages of condolence received by Dr. Bell's family. Mrs. Bell and five of the inventor's nine children who were with him when the end came, are at Beinn Breagh. They have been at the house during the last two days while the inventor was confined to his bed with a fatal attack of progressive anaemia.

Although he was in failing health throughout the summer, and in spite of his 75 years, Dr. Bell continued his experiments with flying boats until July 18. Another of his many activities which occupied Dr. Bell latterly was his "hereditary studies of sheep." He contributed considerably to the knowledge of the laws of heredity through his work in this direction, carried on for over 25 years.

UPSETS PLAN ON TARIFF BILL

Sen. Lenroot Will Not Consent to Vote Without Debate

ON VITAL POINTS OF THE MEASURE

Therefore, Bill May Not Come To a Vote the Present Month

Washington, D. C., Aug. 3.—Plans of Republican and Democratic leaders for a final vote on the tariff bill this month were upset, at least temporarily, to-day by Senator Lenroot, Republican, Wisconsin.

Senator Lenroot said he was unwilling to consent to a unanimous consent agreement under which it would be possible for highly important changes in the bill, affecting the very policy of the national government to be voted upon without debate.

Breaking into the discussion about a unanimous consent agreement, Senator Gooding of Idaho, chairman of the Republican agricultural tariff bloc, offered his resolution proposing an investigation into the financial interest of senators or their relatives in any industry, property or commodity affected by the adoption or rejection of any tariff duty proposed in the pending bill.

WOULDN'T LIVE WITH HUSBAND'S MOTHER

Mrs. Alphonse Lastoria of Thomaston, Conn., Angered Husband Who Shot Her and Then Himself.

Thomaston, Conn., Aug. 3.—Alphonse Lastoria, 37, a fruit store proprietor, shot and killed his wife, Louise, 56, early to-day and then committed suicide, according to the police.

Neighbors said the Lastorias quarreled a few weeks ago, because Mrs. Lastoria refused to live with her husband's mother, who recently came from Italy.

CONGRESSMEN FALL BY WAYSIDE

Several in Middle West Failed to Get Nominations.

Chicago, Aug. 3.—Four Republican and one Democratic congressman apparently had failed of renomination in Tuesday's primaries in Missouri, Kansas and Oklahoma, according to reports received here to-day. In the eighth Missouri district Mrs. St. Clair Moss of Christian college, Columbia, had the advantage over two men opponents for the Democratic nomination.

In its national aspect, the defeat of Phil Campbell, member for 20 years from the third Kansas district and chairman of the powerful House rules committee, probably caused the greatest sensation.

Another picturesque figure, that of Emanuel Herrick of the eighth Oklahoma district, also will pass from Congress as a result of the voting. The second Oklahoma congressman to fall by the wayside was T. A. Chand, chairman of the first district. Their failure to achieve renomination was regarded as due to local conditions. In the 15th Missouri district Congressman I. V. McPherson was running second to J. J. Manlove, with half of the precincts reported.

In the second Missouri district Democratic Congressman W. W. Frazier apparently had been defeated by Ralph Loster.

SUTHERLAND AHEAD. In the West Virginia Senatorial Nomination Contest.

Charleston, W. Va., Aug. 3.—With 364 precincts missing this morning, Senator Howard Sutherland, main challenger of C. H. Ochs, of the Wheeling publisher, for the Republican nomination for United States senator. Returns from 1,729 of the 2,703 precincts in West Virginia gave Sutherland 38,181, Ogden 43,621.

M. M. Neely increased his lead over Mrs. Izzetta Jewell Brown for the Democratic senatorial nomination. The Neely vote was 47,453; Mrs. Brown 31,254.

FEDERAL RESERVE BOARD

May Be Named by President Harding To-morrow.

Washington, D. C., Aug. 3.—President Harding may announce the new federal reserve board appointments to-morrow, it was indicated to-day at the treasury.

WOMAN MOTORIST HONKED AND SHOUTED

But Kept on Driving Till Rev. Dr. Doremus Scudder Was Struck By Machine.

Williamstown, Mass., Aug. 3.—Rev. Dr. Doremus Scudder, aged 57, of Winchester, secretary of the Greater Boston Federation of Churches and a student at Williams college institute of politics, is at the North Adams hospital with a fractured skull and minor injuries. He was hit while on his way to hear an institute lecture, by an automobile driven by Mrs. Arthur Lewis, summer resident of Hancock and wife of a New York lawyer.

Mrs. Lewis is charged with driving without a license and operating in a dangerous manner. The case was continued until Monday. She asserts she saw Rev. Dr. Scudder and sounded the horn and shouted to him but kept her car going until he was hit.

MAINE CLERGYMAN KILLED BY AUTO

Rev. John Lundgren of Stockholm, Me., Struck By Small Car of Swift & Co.

Stockholm, Me., Aug. 3.—Rev. John Lundgren, Lutheran minister, was fatally injured by an automobile while driving a street here to-day. He was struck by a small car driven by Leroy Ewar, traveling salesman for Swift & Co., when he turned back, after reaching the middle of the road. Death followed fifteen minutes later. He was 84 years old.

TRACING GREEN CAP. In Connection with Slaying of Mahon Boy.

Salem, Mass., Aug. 3.—Police investigating the murder of Henry P. McMahon, 12 years old, two weeks ago to-day, advanced their inquiries in checking up the ownership of a metal instrument believed to have been used in the murder and green cap believed to have been worn by a man seen with the McMahon boy shortly before his disappearance. Officials continued to refuse information concerning the weapon, but said they understood the green cap was given to Antonio Costello two weeks before the murder.

Costello was arrested on suspicion of the murder but was dismissed on this charge and held on a charge of having committed a statutory offense in another case.

William W. Coulture, a shoe worker, who said he gave the cap to Costello, and who found the cap, said Costello had worn it until a few days before the murder.

Costello appeared in district court to-day before Judge Sears on the statutory charge.

Dr. James E. Simpson, assistant medical examiner, and Dr. Frank S. Atwood, the first witness, testified to the condition of an unnamed boy, who had been subjected to abuse such as that to which young McMahon was a victim before his death.

After testimony by a boy, corroborating the testimony of the two physicians, probable cause was found by the court. Costello was held in \$10,000 bonds for the grand jury.

State police to-day said that the "metal instrument" which they believe may have been used in the murder of young McMahon was found in a barn formerly occupied by Costello.

The instrument was described as a whiskey still, one foot long and weighing about two pounds. It was said that it was taken from the still on July 2, and was found several days after the murder.

PROMINENT NORTHFIELD MAN. John Holland Died Quite Suddenly Yesterday.

Northfield, Aug. 3.—John Holland, one of Northfield's highly respected citizens, died suddenly early Wednesday morning. Funeral services will be held Friday morning at 9 o'clock from St. John's Catholic church, with burial in Calvary cemetery.

Mr. Holland was 64 years of age and survived by his wife, and seven children, Mrs. Margaret Cannara of Northfield Falls, Mr. Frank Brady of Bakersfield, John Holland of this town, Rose and Alice, who are at home, Daniel Holland of New Haven, Conn., and Carroll Holland of Northfield. His oldest son, Timothy Holland, a captain in the United States marine corps, died less than a year ago. He is also survived by seven grandchildren, and one nephew, Timothy Holland of St. Albans, and one sister, Mrs. Jeremiah Shea, of Bellows Falls.

RING IN HIS STOMACH. Meanwhile Accused Thief Is In Jail at South Orange, N. J.

South Orange, N. J., Aug. 3.—James Seltito, ice dealer, never did care for "scientific sharks" and he cares less to-day as the police constantly press him to drink class after glass of emetics. James' specific aversion is directed against the operator of a X-ray machine who declared after taking a picture of the ice dealer's stomach that he held a "round metal object, undoubtedly a ring." It is the ring the police seek, following the complaint of a woman customer of Seltito that her wedding ring had disappeared immediately after a visit from the ice man. With Seltito in jail the police think that eventually the ring will be recovered.

VINAL HAVEN FIRM SIGNED

Joseph Leopold Concern Has Resumed Operations

RECOGNITION OF THE UNION

Was Said To Be Embodied in Settlement

Vinal Falls, Me., Aug. 3.—Recognition of the union was said to be embodied in a settlement made to-day by Joseph Leopold with representatives of the quartermen's union. Work was resumed at once by 100 men who have been on strike for several months.

BURIAL AT BERLIN CORNER. Services for Mrs. Mariette Richardson Held in Barre.

The funeral of Mrs. Mariette Richardson, who died last Monday at the home of her daughter, Mrs. Nellie Matthews of 173 Washington street, was held yesterday afternoon at 2 o'clock from the Methodist church, Rev. B. G. Lipsky officiating. Burial was in the family lot in Berlin Corner cemetery. The bearers were as follows: A. J. Baldwin, Harry Fatterson, Burt Goodfellow and Fred Richardson.

Mrs. Lamb gave two selections at the church, "Nearer My God, to Thee" and "Jesus, Lover of My Soul." Those coming from out of town to attend the funeral were Mr. and Mrs. Fred Richardson and family of Hardwick, Mrs. H. E. Morse of Montpelier, Miss Hazel Russell of South Lancaster, Mass. A brother, H. E. Morse, who is traveling on the coast of Maine, was unable to be present.

The following is a list of the flowers: Pileow, from children; spray of roses and carnations, Miss Hazel Russell; hydrangeas, and baby's breath, Mrs. K. A. Lane and family; gladioli and roses, Mrs. A. J. Baldwin; sweet peas, Mrs. James Webster, Mrs. Summers and Jennie, Mrs. Brock; mixed bouquet and sweet peas, Mrs. Edith Spafford and Mrs. Susie Harris; asters, Mrs. and Mrs. F. D. Ladd, Mr. and Mrs. D. C. Jarvis, Mr. and Mrs. B. W. Goodfellow; asters had roses, Mr. and Mrs. J. A. Field, Mr. and Mrs. W. R. Cameron; hydrangeas, Mrs. C. A. Heath; bouquet sweet peas, Mrs. E. C. Brock.

FORMER BARRE MAN. Thomas D. Harrington Died in South Burlington Yesterday.

Burlington, Aug. 3.—Thomas Daniel Harrington, aged 46 years, died at 5 o'clock yesterday morning at the home of his parents, Mr. and Mrs. John H. Harrington of South Burlington. In his immediate family he is survived by his wife; by one daughter, Anna Marie, aged 17 and one-half years; by his parents; by four brothers, William T., Michael F., John B. of New York, and Edward H. Harrington of this city; and by two sisters, Mrs. F. N. Brown and Miss Anna Harrington of New York. Mr. Harrington was a former member of the Barre council, Knights of Columbus.

The funeral will be held to-morrow morning at 10 o'clock at the Cathedral of the Immaculate Conception. The body will be taken on the 11:51 train to Erie, Pa., where interment will be made.

K. OF C. TO COMPLETE WORK. The Convention Announced To-day at Atlantic City.

Atlantic City, N. J., Aug. 3.—Pledging His Holiness, Pius XI, that they would continue to completion the \$1,600,000 American welfare work in Rome which they undertook at the request of Pope Benedict XV, the supreme international convention of the Knights of Columbus to-day sent the following telegram to Cardinal Gasparri, Papal secretary of state: "The Knights of Columbus have received with profound gratitude the special blessing of our Holy Father. In supreme convention assembled we unanimously resolve that the work which it has been the pleasure of the supreme pontiff to commission us to do, will be done. We renew again our pledge of fidelity and filial devotion to a happy and glorious reign as head of the church
