HIS DIGESTION IS GOOD NOW

Lewiston Man Had Shooting Pains in Stomach But Tonic Treatment Corrected Trouble.

When the stomach is out of order the system becomes undernourished, the nerves are starved and pains may develop in almost any part of the body. The first thing to do is to try a tonic that will build up the blood and strengthen the nerves. The following authentic case shows how successful this treatment is in correcting dyspepsia or indigestion.

My trouble was indigestion," says Mr. James Demack, of No. 2 Granite street, Lewiston, Me. "I had severe shooting pains in my stomach even when I had not eaten anything for hours. My back ached, my sleep was disturbed and I grew very weak. I sometimes felt that I could not live much longer if I did not get help. "One day I read about Dr. Williams' Pink Pills and decided to try them as other treatment had afforded me very little relief. While I was taking the first box I began to feel better and was encouraged to continue the treatment. I have now recovered my strength, I sleep well, have no more pains and my digestion is good. I have recommended Dr. Williams' Pink Pills to my friends and am glad to tell others how this remedy helped me."

Dr. Williams' Pink Pills are a tonic for the blood and nerves and are therefore a builder and invigorator of the entire system. The first effect of the tonic treatment with these pills is an increased appetite. As a healthy desire for proper food returns, the gastric secretions become normal and good digestion is promoted. The rich red blood invigorates every part of the body, color returns to the cheeks and lips and the patient is on the road to health.

Your own druggist can supply you or the pills will be sent by mail, postpaid, on receipt of price, sixty cents per box, by the Dr. Williams' Medicine Co., Schenectady, N. Y. Write to-day for a copy of the Dr. Williams' Diet Book. It is free.-adv.

WHEN BACK OR KIDNEYS HURT

Take Salts to flush Kidneys and neutralize irritating acids.

Kidney and bladder irritations often result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, stinging sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Get about for ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast; continue this for two or three days. This will help neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

If you have a pleasant, effervescent lithia water drink, which often quickly relieves bladder irritation.-adv.
