Interesting News Items From Fletcher

Fanning's bridge, which two years  
ago was carried away by the floods,  
has been replaced by a magnificent  
iron structure. The same having been  
completed on Friday 17th inst. Mr. H.  
C. Lance, one of the largest land  
owners and farmers in this section was  
the first one to pass over the new  
bridge on horse back and Mr. Philip  
Moore with a wagon.

The people in this end of the county  
are rejoicing, for this has been a fa-  
vorite crossing for more than half a  
century. One wooden structure after  
another has gone, but the one that the  
county has just finished will be here  
as long as the "river westward flows."
