## DUTY OF CITY DADS!

The Meeting To-night Should Have Some Business.

The Wretched Condition of Several Durham Streets.

THE SIDEWALK ORDINANCE A FARSE.

People Who Come and Go—Brief Briefs of Interest to All Readers of The Globe.

The city dads meet to-night. They should never adjourn until they find something more tangible than they have found concerning sidewalks.

The wretched work which they have professed to have done on Mangum street in the way of grading should be suppressed from the minutes; and every man in town knows that the street should be properly graded. Mangum is certainly a thoroughfare and all men know that it is in a most miserable condition.

There are gulleys and ruts and knowls and everything disagreeable. And Mangum is not the only street that needs grading. But the council feigned to grade Mangum. The result has been that grass and mud has been stowed away and when winter comes it will be impassable.

There is need of some business now on the part of the council. The fact, too, that there are some business men in the council only suggests that they should do business.

The sidewalk ordinance which was passed last time will be a dead letter as all others have been, unless something is done. The sidewalks of Durham are the laughing stock of both citizens and strangers. Something should be done and the city council could not better employ its time than to try and do something to-night.

### DURHAM DOINGS.

The Day's Record of Current Events in the City and Vicinity.

—They tell us for a fact that the kid is gone.

—Hardin's livery stable does lots of business these days.

—Gattis, the junk man, made a large shipment of old iron to-day.

—The blame has not yet been fixed. The tower, however, is not in it.

—All agree these days that THE GLOBE is printing plenty and lots of stuff.

—Colonel Lunsford, who went to Chase City, says that he gained 265 pounds.

—The city dads meet to-night and they should do something about sidewalks.

—Arthur Lyon will play ball with the Winston club at Raleigh this afternoon.

—The best thing for insomnia is a billy goat prancing on your front porch. That is, it helps insomnia out.

—Colonel Charley Howerton, who spent Sunday in Raleigh, denies that he was lost among the ruins.

—It looks like business down the street. Several new buildings are going up and several more are to follow.

—The building committee of Trinity college will meet Thursday instead of Saturday, as previously announced.

—The Durham and Northern railroad has taken the planks off their road and will run a sand bed. This will do much better.

—A large crowd passed through Durham to-day for Raleigh to witness the game ball between Winston and Washington City.

—It is said now that Trinity will not open until January. The idea is to let the people know that the building is safe. A wise idea, too.

—The street car mule, driven by Colonel Dowd, committed suicide this morning. He brayed himself to death when he saw the old man.

—Colonel Dr. Professor Sheppe will leap from a parachute at 7 o'clock this evening. The parachute, however, will be tied to the ground.

—The Washington fellows should go home and learn how to play ball. They have much to learn. Winston could teach them but does not seem to.

—The news reaches this city that our war correspondent, Rufus K. Ferrell, who is a judge, will visit Hillsboro and make a Fourth of July speech.

—Colonel J. Y. Whitted says that it snowed in his garden last night and killed sixty-seven ker-thank-you-mams. Well, what is he going to do about it?

—The fact that we print the proceedings of the press convention in advance

## A Misconception.

"So glad to see you, Miss Mabel. It's coming on to rain—er—won't you"

He was going to say, "Let me get you an umbrella," but she misunderstood him.—Life.

is only another evidence of our ability to print the news when news is news.

—The old building occupied by Whitaker, the imitable grocer, who bursted, is being repaired and the Thomas Che-root factory will occupy it in a few days.

—Evangelist Fife and Charles F. McKesson, Esq., of Morganton, have gone North to attend the Northfield (Mass.) Bible School, conducted by Mr. Moody.

—The illustrations daily appearing in THE GLOBE are especially appreciated by the children. In fact the women and the kids love THE GLOBE and the old man.

—Col. W. H. Rogers insists that St John will be present before the year of two thousand. But then presidential straws are no good so early in the campaign.

—Colonel Barber, whose real name is Francis Marion, is selling naked cod-fish at his store. The police should see that such indecencies are not much longer tolerated.

—Col. Norton wants an investigation and so does Colonel Leary. Both gentlemen will be accommodated and then we shall know more about it. Wait for the investigation.

—According to the signs of the zodiac, the moon will disappear pretty soon. It will not return. Colonel Taylor, the tinner, will make tin moons at a low and tempting price.

—It is sincerely hoped that this coming season some first-class entertainments will come to Durham. The Cheap John affairs should not be encouraged as they were last winter.

—Carpenters are busy fixing the rooms formerly occupied by Southgate & Son for Slater & Co. These will make pleasant rooms and the new fall stock will be a winner in them.

—M. Eakes is now doing business just beyond the Baptist church. He is an old confederate soldier, walking on one leg, and people needing anything in his line should patronize him.

—Captain Lockhart denies, vigorously and energetically, that he attempted to sing at the tobacco association. We will give him the benefit of the doubt until the committee reports.

—When Slater moves his store M. B. Wyatt will move his grocery store where Slater & Co., are now located. The old building which Wyatt will vacate will not be occupied on this earth again.

—If the work continues as rapidly as it now appears to be progressing on the new city hall or fire building or whatever else you may choose to call it, the tourney will find it about completed.

—The plain gentleman who forfeited his military title, Mr. Sam Dickson, is still at large. It is reported that he will remain out of the city until the ice cream season is past. This may or may not be true.

—The man who plants turnips these days, according to Colonel Whitaker's washstand and weather bureau, will be a winner. The man who wants to plant turnips should prepare to plant them now.

—The mayor's court this morning was one elaborate drunk. That is to say one elaborate drunk of the night before

## THE LAW ABOUT IT!

What the Law Is About Fertilizer Frauds.

The Reason Why the Durham Concern Is Guilty.

DEATH OF A WELL KNOWN CITIZEN.

The Way the Boys of Durham Played Ball Yesterday and Pounded It to Raleigh.

The following is the law concerning the fertilizer. All men who read this will see that the Durham outfit violated the law and admitted that they had violated it. THE GLOBE would like to know what right a great concern has to violate the law. It wants to know why the Fertilizer company has any more right to violate the law than any individual. Read the law on the question and then recall the admission of the officers of the company who confessed that they were guilty:

Any merchant, trader, manufacturer or agent who shall sell or offer for sale any commercial fertilizer or fertilizing materials without having such labels, stamps and tags, as hereinbefore provided, attached thereto, or shall use the required tag the second time to avoid the payment of the tonnage charge, or if any person shall remove any such fertilizer, shall be liable to a fine of \$10 for each separate bag, barrel or package sold, offered for sale, or removed, to be sued for before any JUSTICE OF THE PEACE, and to be collected by the sheriff by distress or otherwise, ONE-HALF LESS THE COST TO THE PARTY SUIING, and the remaining half to the department; and if any such fertilizer shall be condemned as herein provided, it shall be the duty of the department to have an analysis made of the same and cause printed tags or labels expressing the true chemical ingredients of the same put upon each bag, barrel or package, and shall fix the commercial value thereof at which it may be sold. And any person who shall sell, offer for sale, or remove, any such fertilizer, or any agent of any railroad or other transportation company who shall deliver any such fertilizer in violation of this section shall be guilty of a misdemeanor.

### THE WALL DOWN.

At the Mangum Building the Fallen Wall Has Been Fixed.

The wall on the Balkline building is down now and a large force of hands is now at work building the walls for the new building.

This building will be pushed to rapid completion, and Michaels & Co., will occupy it very soon.

The brick are on the ground and the large force will soon show something.

CHAS. G. MARKHAM DEAD.

The Father of John L. Markham Died at Morganton Last Night.

The painful news was received here last night which announced the death of Charles G. Markham, at Morganton. He formerly lived just outside of Durham, and was well and favorably known. He will be buried from his late residence—about five miles from town—to-morrow at 9:30 a. m., Rev. C. A. Woodson conducting the funeral exercises. The deceased was 69 years old.

### COMING BACK.

An Old Durham Citizen Forsakes Danville and Returns to Durham for Good.

Colonel John R. Hutchings, who a long time ago bought tobacco in this city, but who for the last fifteen years has had an interest in the Star tobacco warehouse at Danville, Va., has returned to Durham. He has leased the Reams warehouse and will buy tobacco from the shoulder. He is an experienced tobacco man, a good citizen and THE GLOBE turns over the city to him. It wants to see as many come as can, and we know Hutchings will do business from the start. Mr. Hutchings is a brother of Colonel C. M. Hutchings, book keeper at the Duke cigarette factory.

It will not break you to help the Special Notice column. It will not make us rich if you do help it. But this is what it will do: It will indicate to the outside world, and hundreds of Globes leave Durham daily, that the men are alive and that they are inviting trade. Help the Special Notice column. Special monthly rates.

—When Colonel Tom Lambie gets down to New York, or up to New York as the geography is from here, he will purchase some rinkum hats. Immediately upon his return he will establish in connection with his store a skating rink. Col. S. R. Perry will take charge of the roller rinkum and it is predicted that there will be plenty of amusement.

### The Great Benefit

Which people in run down state of health derive from Hood's Sarsaparilla, conclusively proves that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength, but Hood's Sarsaparilla builds up in a perfectly natural way all the weakened parts, purifies the blood, and assists to healthy action those important organs, the kidneys and liver.
