A Firm Which Knows What The People Want and Supplies Them.

An old new firm which is doing much business these days and which continues to make new friends as its trade is extended, is that of Thaxton & Patton, which, as successors to Carrington & Thaxton, handle every thing carried by the former firm with a greatly increased stock in special lines.

The men who conduct this establishment having been in business in this city for a number of years, are well known alike to the city and country trade as those who have gained popularity by square dealing and honest methods. The firm is known as one of the most reliable and, when it comes to amount of stock carried, the largest general stores in the city. They carry every thing in the way of heavy and fancy groceries, staple dry goods, feed stuffs and general merchandise. In addition to a large retail trade, they do a big business in the matter of farmers' supplies, their trade extending over the entire tobacco section and among the largest

WILL BE IN SHAPE.

Notable Improvements Going on at Vaughan's Drug Store.

Mr. P. W. Vaughan, who runs a city drug store and keeps everything to be found in such an establishment, is just now upside down, from the fact that he is putting in what will be the handsomest and most beautiful floor in town—an elegant affair in Georgia marble, creole and kennesaw being the only colors used.

His counters are also receiving a new coat of paint, and the store, which was purchased by him some months back, is being thoroughly overhauled. In a few days Mr. Vaughan will be in shape to attend to his customers and call attention to his stock.

To feel bright and cheerful attend to your stomach. Take Simmons Liver Regulator.
