THE NEW COMPLICATIONS

ARISING FROM ATTITUDE OF RUSSIA AND GERMANY TO CHINA

CLOSE ON A DECLARATION OF WAR

W. W. Rockhill Sent a Special Commissioner to China-No Compact by Our Government With European Nations Repetition of Chinese Rumor of Safety of the Legations-Russian Information That They Were Massacred July 6th-Russians Charged with Great Barbarity.

Washington, July 19 .- In the absence of direct news from China this morning, attention was directed mainly to the more or less speculative stories emanating from European capitals indicative of discord among the powers. It is realized that these little bulletins of mutual suspicion always characterize allied movements and so are to be expected in the present case. It can be stated that, so far as official record discloses, there is absolutely no ground for them.

Our government having fully defined its intentions in Secretary Hay's note of July 3rd, the other governments interested in the Chinese situation have entered into the spirit of that declaration of principles with perfect accord. At least that is the record, both written and oral, and Russia, a power more than any other under suspicion in these stories, has not been backward in assuring the state department of the coincidence of Secretary Hay's declaration with Russia's purpose in China. It is, of course, possible that some of that do not appear in their formal declarations. The state department, however, cannot go behind their formresults.

There is not the slightest disposition on the part of our government to follow the example of certain European powers and restrict in any measure the Chinese minister here, Mr. Wu, in communicating with the Chinese viceroys, and whatever remains of the titular Chinese government. On the contrary crediting the minister with an earnest desire to do everything in his power to protect foreigners in the Chinese THE NINTH UNDER HEAVY FIRE. empire, and confident that he has no sympathy with the insurrectionary Boxer element, the state department regards it as good policy to facilitate, rather than obstruct, his communications with the Chinese viceroys. Acting itself on this theory, the department does not credit the stories that any of the Chinese ministers in Europe have been given their passports.

If there should be a declaration of war by Russia, based on what is said to have occurred on the Siberian border, the technical relations of the allied powers towards China might, it is said here, undergo a radical change. It is believed that the story of Boxer activity is considerably exaggerated so far as it relates to the country north of the Siberian border, and it is hoped that the troubles have been confined to Manchuria. But if war should actually and formally open between Russia and China, that fact might oblige the other powers to do one of two things; either join in the declaration of war, or withdraw their forces from

Minister Wu and Mr. Wollant, the Russian charge, again called upon Secretary Hay this morning, but neith-

er had news from China. Developments in the military situation today were the formal designation of Brigadier General Chaffee as a major general of volunteers and the making of other arrangements for a prolonged campaign on a large scale in China. The officials hope that it will be short, but they are preparing to send coal and winter clothing, so they are getting ready for the other contin-

SPECIAL COMMISSION TO CHINA. W. W. Rockhill, director of the bureau of American republics, has been appointed special commissioner from this country to go to China and investigate and report on the situation.

For some reason the officials did not care to have it known that Mr. Rockhill had been selected for this responsible duty. Within a week he will have a final conference with the president and Secretary Hay and then will leave for China. He probably will go to Vancouver and there take the Japanese line steamer for Yokohama, proceeding from that point to Shanghai. Not until he arrives at Shanghai will Mr. Rockhill undertake to outline his further course. His position is a peculiar one. He is actually an ambassador in power, and in the scope of his functions will be akin to President Cleveland's paramount commissioner to Hawaii, Mr. Blount.

NO COMPACT WITH FOREIGN POWERS.

Inquiry at the state department developed the fact that no such circular as that described in the Rome dispatch as having been received from M. del Casse had reached here. While our government and that at Paris ap pear to be pursuing exactly the same line of policy as to China, and consequently are moving toward the common objects without friction, it has not been deemed necessary or expedient to attempt to reduce to form and substance an agreement upon which common action should be had. The statement is equally true as to Germany and other powers. Our government has not found it politic to embark upon any joint formal programme beyond the matters touched upon in the identical note of July 3rd, defining the objects of the United States in China.

In French official quarters here the Rome report is denied with equal positiveness. Mr. Hay and M. Thiebaut have discussed a number of the details constantly arising, but it can be stated positively that at no time has anything like a circular from M del Casse. proposing an agreement of the powers as to China been presented. Just at present there are no negotiations of special importance under consideration, and certainly France is not awaiting any response from the United States to a circular note.

This telegram was received today at the legation from the Japanese minister of foreign affairs and is important because of the dates given. The telegram was dated July 13th by the sender, the Japanese consul at Che Foo, and is as follows:

"I received at 10 o'clock a. m., on the 12th a dispatch from Baron Nissi dated Pekin, June 29th. The letter was brought by a special messengera Chinese, who left Pekin Junly 1st, and managed to make the journey with great difficulty. The substance of the letter is as follows:

"The situation at Pekin is extremely critical. The foreign legations are Tuan. surrounded on all sides by Chinese soldiers and bombarded night and day. The members of the legations, the guards and residents, are resting to the utmost, but the overwhelming numbers of the enemy make opposition hopeless; our ammunition is being exhausted, our lives are in such danger that we may be massacred at any moment. We earnestly request the immediate dispatch of re-enforcements the powers are swayed by motives for our rescue from our precarious condition.

The Japanese consul at Che Foo adds that he communicated this letter to al expression and can now only await his colleagues of the consular body there and also to the commander in

chief of the forces of the powers. Another cablegram received here consul at Che Foo reports that Tien Tsin castle was captured by the forces of the allies on the 14th and the safety of the foreign settlements is assured. Japanese troops took possession of Susse-Ying, the Chinese naval station, on the 14th.

ANOTHER REPORT OF SAFETY OF

LEGATIONS. Paris, July 19.-An official telegram from Shanghai, dated Wedne lay, July 18th, states that, according to the governor of Shan Tung, the foreign ministers and their families at Pekin are safe and sound, but that the danger is still very great. RUSSIA'S DECLARATION OF WAR. London, July 19.-The action of Count von Buelow, the German minister of foreign affairs, in informing the Chinese legation at Berlin that all telegraphic messages must be in plain language and submitted for approval by the censor, and the suggestion of M. del Casse, the French minister of foreign affairs, that the exportation of arms to China be prohibited, which are generally regarded here as long steps in the direction of treating China as a state engaged in war, have been supplemented this morning by the official announcement from St. Petersburg that certain portions of the Amur territory, including parts of the Khabarovsk district and the coast territory, as well as the towns of Blagoestchensk, Khabarovsk and Nikolskussuri

Russia's announcement is regarded in London as at least foreshadowing a speedy unconditional recognition of the fact that a condition of war exists between China and the civilized world, and the general opinion seems to favor such recognition as the best means of meeting the barbarian upheaval, while at the same time endeavoring to isolate the independent viceroys from the general conflagration.

Li Hung Chang was extremely reticent. SHE MARRIED A NEGRO

Death of a Boston Woman Who Was Once a Social Leader.

(Special to Baltimore Sun.) New York, July 18.-In a miserable rear room up one flight of stairs in a tenement occupied by negroes in West Twentieth street, Mrs. Martha Martini, wife of a negro waiter, once one of the Folsoms, of Boston, and a belle in the famous Back Bay set, died of the heat on Monday afternoon. Her body was sent away to wealthy and fashionable relatives.

20 years old she incurred her father's displeasure by marrying Edward Cutter, a wealthy dealer in chemicals. his wife had an annual income of \$13,000. Then misfortune came and Cutter's wealth dwindled. About 1890 Cutter died, leaving his widow penniless. She got a place as a housekeeper in the house of Rufus Waterman, a wealthy Providence man. In that household Alexander Martini, a negro, was employed as butler. An attachment grew up between the couple and they were married in 1891 and left the place for this city. The life that followed was often one of bitter hardship. Mrs. Martini's half-brother, learning of her plight, sent her \$150 a month until she

Atlanta, Ga., July 19.-At the second day's session of the Southern Industrial convention here, the public address on the commercial conditions of the south, prepared by a special committee, was rejected after a heated discussion. The delegates held that the address was an endorsement of the republican platform in many particulars, and did not think politics should enter into their organization.
