

NIXON'S PLAN Day's Hearing in the United States Shipbuilding Case

UNKNOWN CHECK

The History of a Mysterious Check for \$250,000 is Being Probed and Both Sides Disclaim Any Knowledge of Why it Exists—Testimony of Pam and Schwab Will Not Take Place Till Next Week—Lewis Nixon Says He Urged That the Stock Be Assessed to Raise Money Needed, But This Was Opposed by Schwab.

New York, October 22.—Lewis Nixon occupied the witness chair again today at the hearing before an examining committee of the United States Shipbuilding case and gave much valuable testimony covering the finances and general affairs of the corporation. He testified that he had opposed the Sheldon reorganization plan and had as a counter proposition urged that the stock be assessed in order to raise the amount necessary to save the combination from default and bankruptcy. His plan of assessment was opposed by Charles M. Schwab, holder at that time of \$20,000,000 of the stock, who, according to Mr. Nixon, declared that the stockholders would not pay the assessment.

Mr. Schwab so Mr. Nixon swore, declined to put up any more unless the Bethlehem bonds were given preference as a lien upon the shipbuilding plants to the first mortgage bonds. Mr. Nixon's testimony also developed the fact that there was a wide discrepancy as to estimated earnings in letters written by Treasurer Gary to members of the reorganization committee and Samuel Untermyer, counsel for the bondholders, asked if it did not show that there had been an attempt to minimize the value of the shipyards and magnify the value of the Bethlehem plant, but the witness would not say so.

Much time was taken up with an unsuccessful effort to get at the history of a mysterious check for \$250,000 found at the Trust Company of the Republic. It was drawn to "Lewis Nixon or ourselves," on the same day the checks were made out for the payment of the cash given to the vendors for their plants and property. Mr. Nixon swore that he had never seen the check before and that he knew nothing of its history. Both sides disclaimed knowledge of its history and the destination of the amount of money for which it was drawn and the only explanation offered from any source was that it had been made out by mistake and had simply been put through the banks by the Trust Company of the Republic. The effort to get the history of the check will be renewed later in the hearing.

Mr. Nixon testified that he knew as early as last April that unless the combination could get some money from the Bethlehem property or elsewhere it must fail, and warned his associates on the directorate that they must husband resources. It was brought out on cross-examination that the share of promotion profits set aside for Mr. Schwab, of which Mr. Nixon told yesterday, has never been paid. None of the commitments on account of promotion were paid so Mr. Nixon testified.

THE SOLUTION FAR AWAY.

Another Missionary Association Speaker Talks About the Negro.

Cleveland, O., October 22.—The closing meeting of the American Missionary Association was held tonight, Dr. Washington Gladden, of Columbus, made an address on the negro problem in which he said that the solution of the question was further away today than it was at the close of the civil war; that the task of helping the negro to manhood is increasing in complexity and people of the south desire great credit for what they have done for the negro. The American Missionary Association has funds amounting to more than a million dollars he said, the income of which it is required to spend in the southern field for negro education. Other societies have similar trusts. They cannot be transferred, they must be conscientiously administered to sustain missionary work. To suspend that work in the south would check the forward movement of what is proving to be very helpful in its results. The negro, in the greater part of the south was declared to be disfranchised and "he is no longer a free and responsible citizen. He is a subject, must pay taxes and has little or no share in determining how these taxes shall be expended."

In conclusion he said: "The American Missionary Association was born to bear witness to the truth that black men are men; that they have not only hands, but souls and for them there must not only be bread but a kingdom—hope, outlook and opportunity, a clear path to the heights of manhood."

CASTORIA For Infants and Children. The Kind You Have Always Bought. Bears the Signature of Dr. J. C. Hutchins.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kauble, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure. Bottles only \$1.00. Size holding 2 1/2 times the trial size, which sells for 50c. Prepared by E. C. DeWitt & Co., OHIOGAO. For sale by R. R. Bellamy.

BRYAN AGAIN ON STAND.

Testifies About the Requests to Him by Philo S. Bennett. New Haven, Conn., October 22.—William J. Bryan again occupied the witness stand in the probate court when the hearing on the application for probating the will of the late Philo S. Bennett was resumed today. Judge Stoddard spent considerable time in asking Mr. Bryan why it was that in the letter which was left for Mrs. Bennett, by her husband, directing her to give Mr. Bryan \$50,000 for himself and family it was not stated that a certain part of the fund was to be given to Mrs. Bryan and part to the children. Mr. Bryan replied that he did not know, but that it was so understood between himself and Mr. Bennett. Judge Stoddard then asked Mr. Bryan if any one was present besides himself and Mr. Bennett when they discussed the letter in which the bequest should be made to Mrs. Bryan. The witness answered that he did not remember, but thought that Mrs. Bryan was not present, although she afterwards wrote the two letters on a type writer, one to Mrs. Bennett and one to himself relating to this point.

Mr. Bryan said that he had told Mrs. Bennett the details of the agreement when he came after Mr. Bennett's death. He added that he presumed that it had not occurred to either Mr. Bennett or himself to mention Mrs. Bryan in the letter. The witness was asked to explain why he received \$500 from Mr. Bennett at the time the will was drawn up, and stated that while there was nothing said about it, he supposed it was for drawing up the document. When Judge Stoddard asked the witness if Mr. Bennett had ever made any investments for him, Mr. Bryan replied that he had made investments of the Commoner fund, buying government bonds with the proceeds of the subscriptions which came in advance. He also said that Mr. Bennett had never made an investment for Mrs. Bryan.

Lawyer Newton then asked his client, Mr. Bryan: "Was it ever suggested by yourself or Mr. Bryan that he give you the \$50,000?" "No, sir, we never suggested it. It came as a surprise to us when Mr. Bennett made the suggestion himself." The witness then said he had used a portion of a previous will which had been executed by Mr. Bennett in drafting the last one. James D. Dewell a wholesale grocer stated that for many years he had known Mr. Bennett and he had always believed him to be a shrewd, capable business man and bore a reputation as such. Replying to questions he stated that Mr. Bennett appeared to be in good mental condition at the time when he last saw him, which was shortly before his death. On this occasion the witness rode to New York with him. He was a man said a witness whose opinion could not be easily changed.

Rydalms Liver Tablets.

Rydalms Liver Tablets cure all liver troubles. They act specifically on the liver, the bile, bladder, and bile duct, the intestines and bowels. They stimulate the liver and cause a perfect flow of bile into the bowels, keep the bile duct healthy, increase the peristaltic movement of the intestines and thus restore a healthy action of all these organs. Rydalms Liver Tablets are sold in a box of 25 small, chocolate coated tablets. They are promptly and can always be depended upon. Price per box of 50 tablets, 25 cents. R. R. Bellamy.

SOUTHERN STEAMSHIP CO.

Important Concessions Secured from the Nicaraguan Government. Mobile, Ala., October 22.—The Southern Steamship Company has been reorganized with a capital of \$150,000, but it is announced that this will soon be increased to \$300,000. Among the stockholders are prominent Mobile and New Orleans merchants and several large fruit importers throughout the country. The company has chartered a steamer, the Frisco, and has secured an important concession of 50,000 acres of fertile banana land in the Pearl Lagoon section and also the exclusive right to export bananas from that port for fifty years and other valuable and important considerations, making this one of the most liberal concessions ever granted by the Nicaraguan government.

The company will make the Pearl Lagoon accessible to vessels and put the lands into shape for the cultivation of bananas which grow wild there. The Philadelphia mint seems to have been exemplifying the administration idea of civil service reform.—Atlanta Constitution.

WANT TO STOP REFORM

MANY OF DOWIE'S BAND ANXIOUS TO RETURN TO ZION CITY. Dowie Says He Will Endeavor to Convert the Pope—Bogus Checks Sent to the Fake "Elijah"—Subject of Kissing Discussed.

New York, October 22.—Two hundred of the followers of John Alexander Dowie indicated that they were tired of the work of reforming New York city and wanted to return to Zion City when the "General Overseer" invited all who wanted to give up the work and give others a chance to take it up to step forward at the early meeting in Madison Square Garden today.

Dowie at that meeting said he would endeavor to convert the Pope. He added that he had received many bogus checks since coming to New York, but that others had been good. There is no need for followers to rush back to Zion, he said, "because of those suits by merchants of Chicago. They are against me personally and not against Zion."

Turning his attention to kissing, Dowie said he would use them carefully, even in the family. "Why, my son, Gladstone never kissed a woman outside the family," he said. William A. Brady, the theatrical manager, who with Lorenzo Winter, was arrested and charged with disorderly conduct in the crowd about Dowie's meeting in Madison Square Garden last night, was discharged in police court today. Mr. Winter was paroled to give him an opportunity to bring witnesses to testify to the brutality and bad judgment of the police. Winter's arrest was mentioned by Dowie at the meeting. Dowie announced that he would join his wife in Adelaide, Australia, in April. He spoke moderately for a while. About a thousand of the audience left the hall. A group of young men added to the disturbance by yelling and pounding on the side doors of the Garden. Dowie closed the service suddenly.

TALK OF ANNEXATION

CANADA'S OPPORTUNITY TO BECOME PART OF THE U. S. Local Feeling is Bitter Over the Commissions Award—Opinion is That The Unrest May Lead to Canada's Becoming an Independent Nation or Being Annexed to This Country.

Vancouver, B. C., October 22.—Local feeling is very bitter over the award of the Alaskan boundary commission. There is much talk of annexation and of Canada becoming independent, business men being much dissatisfied at what they denounce as British disregard of Canadian interests to please the United States. It is a matter of comment that loudest among the discontented are Englishmen residing here. Many of them say that Canada will never achieve her greatest possibilities, until she becomes part of the United States. Mayor Neelands of Vancouver thinks that the Alaska award may lead to the establishment of Canada as an independent nation.

London, October 22.—Upon leaving Liverpool today, A. B. Aylesworth, one of the Canadian commissioners to the Alaskan boundary tribunal said the Canadians feel so keenly on this subject that, although there will be no cry of separation, they probably will demand a large amount of self government in order to prevent a repetition of such decisions.

Yellow Fever Bulletin.

Laredo, Texas, October 20.—The official bulletin of the yellow fever situation here tonight shows the following: New cases 35; deaths 27. Total cases to date 471; total deaths 37. One of the deaths today was that of an American named George B. Hayford, a telegraph operator and formerly a train dispatcher. Word was received here yesterday that there are two cases of fever at San Antonio, Texas, but the report has not been confirmed. Dr. Murray, the Florida expert left for San Antonio today to investigate. Neighboring counties have quarantined against San Antonio. No bulletin was received today regarding the situation at Nevalado.

New York Banks Ship Money to Baltimore.

New York, October 20.—The local banks, in response to calls from Baltimore correspondents, shipped a large amount of money to that city today, \$800,000 being sent through the sub-treasury up to noon, and \$700,000 being sent by private channels to the same place, making a total of \$1,500,000. A considerable amount was also shipped yesterday. This money went to various institutions in Baltimore, which wanted to be prepared for any emergency that might happen. It was thought here that this precaution would enable Baltimore to get through without any further trouble.

Opening of the State Fair.

Raleigh, N. C., October 20.—Governor Aycock had such a severe cold today that he requested Hon. Richard H. Battle, Esq., to open the forty-third state fair for him. President J. A. Long introduced Mr. Battle. The latter said he had attended the first state fair held in 1822. Among those present at the opening ceremonies today were General Matt W. Ransom, Julian S. Carr, Secretary of State Grimes, Treasurer Lucy, Attorney General Glimmer, State Superintendent Joyner and Agricultural Commissioner Patterson.

Union May Sue American Bridge Co.

Pittsburg, October 20.—As a result of a special meeting of the structural Iron Workers Union held last night, damage suits aggregating \$100,000 may be brought against the American Bridge Company, charging negligence in the construction of the Wabash railroad bridge, where the disastrous accident happened yesterday. The officers of the union are confident on the subject, but one of them said the union may take charge of all the cases and bring suits.

Rheumatism

What is the use of telling the rheumatic that he feels as if his joints were being dislocated? He knows that his sufferings are very much like the tortures of the rack. What he needs is a remedy that will permanently cure his disease. That, according to thousands of grateful testimonials, is

Hood's Sarsaparilla

It promptly neutralizes the acid in the blood on which the disease depends, completely eliminates it, and strengthens the system against its return. Try Hood's.

MR. BORDEN AND MISS LEE.

Marriage That Surprises Goldsboro Society—Hoity Toity Folks Enjoy a Hay Ride. (Special to The Messenger.) Goldsboro, N. C., October 22.—Society circles in Goldsboro awoke to a great surprise this morning when it was found that Mr. Murray Borden and Miss Sallie Lee, two of the most prominent society people of this city, were quietly married last night at the Presbyterian manse in this city. Rev. P. W. Farris officiating. So far as can be learned the immediate families of the contracting parties did not learn of the event until after the happy couple had boarded the northbound train at 2:40 o'clock and were on their way for a bridal tour through the cities of the north. To all appearances there is no reason for such a novel procedure, except that the now happy couple simply wished for a romantic ceremony.

The marriage of Mr. R. A. Poplin to Miss Julia Rice occurred last evening at the home of the bride's parents, Mr. and Mrs. J. D. Rice, on Elm street, Elder J. W. Gardner, of the Primitive Baptist church, officiating. The groom is a brother of the manager of the Singer Sewing Machine Company in this city and he as well as the popular young bride have a number of friends who will extend their congratulations on the present happy occasion.

The store and stock of goods of J. P. O'Berry & Son were destroyed at Dudley last night by a fire which is supposed to be incendiary. The young Mr. Walter Grady, who clerked in the store, was in the city and there was no one in the store at the time of the fire. This is two fires which Dudley has had since the store and stock of goods of J. M. B. Fields was destroyed by a fire which is supposed to have originated in the same manner.

The Black Creek Primitive Baptist Association will convene tomorrow at 11 o'clock in the Aycock church near Fremont. Large crowds attend these associations and the present excellent weather is expected to prove that the meeting tomorrow will be no exception.

The Weber & Fields Company of players, numbering fifty, both women and men, came in on the early train this morning from Raleigh and missed the Wilmington connection. They got breakfast at the Hotel Kennon and spent the morning in walking and driving around the streets. A party of a half dozen or more secured a one horse dray wagon and took a hay ride, which they seemed to enjoy immensely. The Atlantic Coast Line sent a special engine from Rocky Mount and at 11:15 the company left on a special train composed of one day coach and baggage car, for Wilmington, where they will play tonight.

THE PHOTOGRAPHERS' ASSN.

Second Day's Work Proves Very Profitable to the Large Attendance. (Correspondence of The Messenger.) Greensboro, N. C., October 21. The second day's session of the Seventh Annual Convention of the Virginia Carolina Photographers' Association began at ten o'clock this morning by an invaluable and interesting demonstration of papers by the American Artists Company, after which informal discussions and interrogatories regarding the process were indulged in.

The lecture of F. Dundas Todd, of Chicago, editor of the Photo-Beacon, was to have been made at the morning session, but was postponed until the night session, when his address on the "Elementary Principles of Composition" was listened with great profit and delight by the assembled three hundred professionals, gathered from all points of the United States. In the afternoon, the assembly hall was thrown open to the public, and a steady stream of people inspected and admired the extensive and beautiful collection of specimens on exhibition from the studios and galleries of the leading artists of North and South Carolina and Virginia, from New York, Boston, Washington, Philadelphia, Chicago and St. Louis. It was with much satisfaction that the exhibit by southern artists compared favorably with those from the great northern artists, so far as keeping up with the latest methods and improvement in the wonderful art or science of photography, is concerned.

The members of the association held the afternoon session in the large studio of S. L. Alderman, where a demonstration was made under his skylight by Hammer and The Seed Dry Plate men respectively. After this, the association was given a trolley ride touring the city and enjoying refreshments, etc., in the true Greensboro wide open style. The excursions will close after an attractive programme tomorrow, the following members arrived last night: W. J. Siddison, J. E. Alexander, Statesville, N. C.; M. P. Stone, C. W. Rochelle, Reidsville, N. C.; John Green, Winston, N. C.; H. Bernhardt, Spartanburg, S. C.; L. H. Brown, L. M. Taylor, Miss Nellie McKenzie, R. T. Evans, Danville, Va.; C. W. Justice, Danville, Va.; H. Shartel, Lynchburg, Va.; J. D. Hendley, Gaston, N. C.; M. S. "Carrie" Turner and Emma, Do., D. D. Dunn, N. C.; C. L. Morehouse, Southern Pines, N. C.; F. F. Snider, Camden, S. C.; J. P. Levens, Pilot Mountains, N. C.; C. V. Sellers, Burlington, N. C.

CASTORIA

The Kind You Have Always Bought. Bears the Signature of Dr. J. C. Hutchins.

ATTENDANCE RECORD BROKEN.

Raleigh Crowded With Visitors. Additions to Hall of History—Another Pickpocket Arrested. (Special to The Messenger.)

Raleigh, N. C., October 22.—A fire at Louisburg today destroyed a large prize house of the American Tobacco Company and much tobacco. A fire at Beaufort destroyed Dawson's Fish Scrap Factory, which is a new one.

General Matt W. Ransom's sword, presented him by the officers of the First North Carolina regiment in 1861, was placed in the Hall of History as was also the flag of the Fourteenth North Carolina regiment.

Among the visitors today to the state fair was Rutherford B. Hayes, of Asheville, son of late President R. B. Hayes, and President of the Appalachian Forest Reserve Association. Today's attendance at the state fair broke all records. The crowd here was the greatest since that when the Confederate monument was unveiled. There were no serious accidents. The worst was that to a man who wears glasses and who was accidentally hit, smashing the glass into his eye. Another pickpocket was captured, after he had been badly beaten near the main entrance to the fair grounds. He was attacked by four or five men.

Tonight was Knights Templar night at the Masonic Temple. They marched to the fair under command of Right Emment Grand Commander James K. Norfleet of Winston. A man giving his name as G. C. Mills, of Graham, N. C., was arrested today charged with engaging in a fight at the fair grounds in order to protect his pal, William Hayes, a pickpocket now in jail. Mills is not twenty years old. He is the man who fought so desperately after N. B. Broughton had seized Hayes yesterday. Mills says his brother is forty years old and lives at Graham. He is in jail in default of \$500 bail.

Satisfaction.

It is always a source of satisfaction to know of a remedy that can always be relied on in emergencies and when accidents occur, such a remedy is Elliott's Emulsion Oil Liniment. It is the most serviceable Accident and Emergency Liniment ever produced, and is just as satisfactory in all cases where a Liniment is required. R. R. Bellamy.

ROLLINS STANDS BY BARCLAY.

Roosevelt Favours Mrs. Shipp, But State Chairman Will Urge Reappointment of Barclay. (Special to The Charlotte Observer.)

Washington, October 21.—Thomas S. Rollins, the North Carolina republican state chairman, arrived in Washington this afternoon, and at once made arrangements for an interview with the president, when he will take up the Lincoln postoffice contest. Secretary Loeb notified Mr. Rollins to call at the White House at 10 o'clock tomorrow morning. The president is as anxious as any one to dispose of this case, which he took under consideration immediately after his return from Oyster Bay. The republican major-domo from Tar Heeddom is standing squarely by F. A. Barclay, the present postmaster at Lincolnton, despite the well-known desire on the part of the president that Mrs. Margaret B. Shipp have the office.

When Mr. Rollins calls at the White House in the morning he will tell the president that he believes it is due Mr. Barclay that he be given a reappointment, especially since he is a competent official, and also by reason of the fact that he has never had any charges preferred against him. If the president is insistent on Mrs. Shipp's appointment, Rollins will acquiesce, but he is going on record as standing by the organization. This purpose was made known by him this afternoon after a visit to Postmaster General Payne, who looks at everything from a cold-blooded standpoint, and who makes no concealment of his desire that Barclay be given a reappointment. Rollins is armed with a statement from Payne that Barclay is everything that an ideal postmaster could be.

He Learned a Great Truth.

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by all druggists.

Living Man Declared to Be Not Alive.

Chicago, October 22.—A dispatch to The Tribune from Knoxville, Tenn., says: For a third time Silas Hullin, the supposed victim of a murder, was "resuscitated" and appeared alive and well in the court room last night as the chief witness in the habeas corpus proceeding brought to have Clarence Peak who is under a sentence of eighteen years for the murder of Hullin, liberated. The court, however, dismissed the petition, holding in effect that Silas Hullin is dead to all intents and purposes, and that the court had no legal right to interfere with the conviction and judgment which had been properly secured. An appeal was prayed to the supreme court.

Two years ago Peak killed a man, who was identified as Hullin. He was tried and sentenced. In the meantime Hullin appeared, but the supreme court disregarded his presence and affirmed the sentence on its merits as tried below.

Postoffice Clerk Sentenced for Robbing the Mails.

Charlotte, N. C., October 22.—In the United States court at Greenville, S. C., today, D. G. Hart, a former clerk in the postoffice at Spartanburg pleaded guilty to charges of robbing the mails. Judge Brawley sentenced him to one year in the federal prison in Atlanta.

JUST ONE WORD that word is Tuttur's. It refers to Dr. Tuttur's Liver Pills and MEANS HEALTH.

Are you troubled with indigestion? Sick headache? Vertigo? Bilious? Insomnia? ANY of these symptoms and many others indicate inaction of the LIVER. You Need Tuttur's Pills. Take No Substitute.

TO CONFEDERATE SOLDIERS.

A Monument at Greenwood Dedicated With Proper Exercises.

Greenwood, S. C., October 22.—A monument dedicated to the Confederate soldiers of the state of South Carolina, who fell in the war between the states, was unveiled here this afternoon. The dedicatory address was delivered by Judge William T. Gray, of Augusta, Ga., who eulogized southern womanhood and paid an eloquent tribute to the part it played in the days of 1861-65. The monument is 35 feet in height, the die on which the inscriptions are cut being from granite quarried in Vermont. On the east side of the monument is the following inscription: "Our Confederate Soldiers."

On the north side: "1861-1865. Patriots, who animated by the faith, actuated by the same love of country; beset by the same trials and dangers; endowed with the same fortitude, and who fought as heroically to maintain self government as did the colonial fathers to attain the same and who with them are immortalized in the same halo of glory."

On the west and south sides of the monument are inscriptions commemorating the valor and deeds of those who sacrificed their lives to the cause of the Confederacy.

ASHLEY HORNER, PRESIDENT.

Officers of State Agricultural Society—To Secure Immigration of Farm Labor.

(Special to The Messenger.)

Raleigh, N. C., October 22.—At the annual meeting of the State Agricultural Society tonight at the capital, President James A. Long, who has served two years presided. Ashley Horner, of Selma, was elected president. Joseph E. Pogue was re-elected secretary and Claude Denson Treasurer. By request, Commissioner of Agriculture Patterson spoke on the cattle interest and quarantine, and State Chemist Kilgore on the Texas cotton boll weevil. James A. Bryan, of Newbern, spoke on the urgent need of securing farm labor for eastern North Carolina to restore abandoned farms and an interesting discussion followed by J. S. Carr, Richard H. Battle, J. H. Currie, S. L. Patterson and S. B. Alexander and a committee of ten was raised to suggest ways and means for securing immigration of farm labor to North Carolina.

DECIDES FAMOUS SUIT.

Valuable Mine is Given by Judge Clancy to F. A. Heinze.

Butte, Mont., October 22.—Judge Clancy in the district court here today decided the famous Minnie Healy mining suit in favor of F. Augustus Heinze, whose claims to the mine have been opposed by the Boston and Montana Mining Company, one of the allied amalgamated copper corporations.

The value of the mine is estimated at \$10,000,000. The case previously was decided in favor of Heinze by Judge Harney of Butte, but was sent back by the supreme court for trial for alleged improper conduct by Judge Harney during the pendency of the case in his court. The decision rendered prevents the Boston and Montana from paying any dividends and it is stated will tie up that concern until the injunction is dissolved. The Boston and Montana, next to the Anaconda, is the most valuable property the Amalgamated Copper Company owns.

DAN PATCH'S FINE WORK.

Magnificent Performance in Which The World's Record is Smashed.

Memphis, Tenn., October 22.—The third day of the harness racing at the Memphis Association track was made memorable by the magnificent performance of Dan Patch in a trial against time. The handsome son of Joe Patchen made the mile in 1:56 1-4, clipping three-fourths of a second from the world's record of 1:57 held by Prince Alert, and lowered his own record by two and three-quarter seconds. The mile was paced without a wind shield and at the finish Dan Patch seemed as fresh and vigorous as at the start. The demonstration that greeted the new world's pacing champion as he flashed under the wire was a memorable stand, had caught the time with their own watches and before the starters stand, had caught who stood about the track before the time with their own watches and was a memorable one. Her owners across the track they set up a mighty shout and threw their caps high into the air. The shout was caught up by the people in the grand stand, the space before it, and on the club house grounds and the victory of the new pacing idol was proclaimed in a long, hoarse roar that rose and fell and reached its climax in a frenzy of noise as Driver M. C. Henry pulled up before the judges stand and doffed his hat in acknowledgement of the acclamation.

With the exception of the 268 class trot the events of the day went to favorites all in straight heats except the first race which required a third start.
