

THE WRONG PARTIES

C. J. Cooley and Wife Not
Wanted in Kalamazoo

RELEASED LAST NIGHT

Cooley Says he Expects to Make Some-
one Suffer For Arresting Him.

Mr. and Mrs. Cooley Were Thought
to be Professor Harrington and Wife
Wanted in Kalamazoo for the Lar-
ceny of More Than \$2,000—Sheriff
of Kalamazoo County and Lady Who
Was to Identify Parties Arrived
Last Night.

Sheriff Charles Shean, of Kalamazoo county, Michigan, arrived in Wilmington last night, accompanied by Mrs. VanHaften, for the purpose of seeing if C. J. Cooley and his wife, known as Madame Ona, were parties wanted in Kalamazoo, Michigan, for the larceny of \$2,000. They arrived on the train from the north due at 6 o'clock but it did not reach here until nearly 8:00, the train being an hour and a quarter late. Sheriff Shean and Mrs. VanHaften went at once to the city hall and Mrs. VanHaften as soon as she saw Mr. and Mrs. C. J. Cooley said they were not the persons wanted. Mr. and Mrs. Cooley were immediately released from custody.

Sheriff Shean and Mrs. VanHaften left Kalamazoo on Monday night and they will leave tonight on their return. Mrs. VanHaften was not the party who lost the money but she had seen the man and his wife who committed the theft quite often and consequently could have easily recognized them.

Sheriff Shean said that the parties wanted stole more than \$2,000 from persons in Kalamazoo. The particular warrant under which they were arrested charged them with the larceny of \$750 from Mrs. Emma Flagg. This was the largest sum stolen, the other amounts ranging from \$100 to \$500. The parties wanted in Kalamazoo represented themselves as being Professor and Mrs. Harrington. They were hypnotists, palmists and fortune tellers. Harrington and his wife worked a slick scheme. They advertised to tell fortunes and also said they could tell in what manner money should be invested so as to bring in large returns. There was something peculiar about the requirements, the fortune tellers not being able to tell of the wonderful investment unless the money should be deposited with them for at least twenty four hours. They worked this scheme for some time but after a successful day's work, having received many deposits from persons who were anxious to invest and reap large returns, they folded their tents and silently stole away. The fortune tellers had secured board with a nice family and those who patronized them were among the best people in Kalamazoo.

After the 15th of February, 1904, nothing was seen of Harrington and his wife in Kalamazoo and the chief of police and sheriff of that county have been unable to locate him since that time. Rewards have been offered from other cities for parties charged with committing a similar offense. Several of these show the methods employed to be the same as those used in Kalamazoo. When a telegram was sent here asking for a description of Cooley and his wife and the same was wired to the Kalamazoo authorities they felt positive that Cooley and his wife were the persons wanted.

Mr. and Mrs. Cooley have been on Wrightsville Beach during the entire season. Mrs. Cooley being known as Madame Ona. She is a palmist. They were first arrested on last Saturday night upon instructions from the Kansas City authorities but on the following day were released. On Monday they were again arrested, this time in obedience to a telegram from Kalamazoo, Michigan, asking that they be arrested and held for identification. Mr. and Mrs. Cooley were very indignant when they were arrested and it now seems that they had sufficient cause to be so. They were not locked up but were allowed to stay at police headquarters and occupy the private office of the chief of police. Mr. Cooley has been absolutely unconcerned from the first and this has made the officers believe that he was not the person wanted. He was very angry last night and declares that if there is a way to make the Kalamazoo authorities pay him damages for false arrest he will resort to it. He has already consulted Mr. Herbert McClumny in regard to the matter.

Mr. Cooley says he is the son of a Methodist minister and is a native of Ohio. When a mere boy he says he ran away from home and went to work on a railroad and later got into the show business.

The Sultan Trying to Satisfy France. Paris, September 6.—The Temps this evening printed a dispatch from Tangier saying that couriers from Fez report that the Sultan is seeking to reconcile the French minister by granting partial satisfaction of the demands of France so as to prevent the departure of the location.

Mr. James W. Monroe returned to the city yesterday after spending several days with friends up the Wilmington and Weldon railroad.

MADE FINE SHOWING

Stockholders of Atlantic Trust and Banking Company Met Yesterday.

The stockholders of the Atlantic Trust and Banking Company met yesterday afternoon with 358 out of 500 shares of stock represented. Colonel Walker Taylor was called to the chair and Mr. F. L. Huggins requested to act as secretary. President Heyer read his annual report which showed the bank to be in a flourishing condition. He was congratulated by the stockholders on his economical management and the success of the bank during the past year.

During the year just ended the bank has gained in deposits \$175,000. A dividend of 6 per cent was declared and 14 per cent was placed in the surplus fund.

The stockholders elected the following directors: Messrs Matt J. Heyer, B. H. J. Ahrens, J. G. L. Gieschen, Martin O'Brien, B. Solomon, C. J. Mitchell, C. W. Yates, B. O. Stone, L. B. Rogers, John H. Kuck and I. M. Bear.

After the meeting of the stockholders the directors met and re-elected the following officers for the ensuing year: President—Matt J. Heyer.

Vice President—B. H. J. Ahrens.

Cashier—Milton Calder.

Secretary Board of Directors—L. B. Rogers.

MAKE TOO MUCH NOISE

Negroes at Fifth and Campbell Streets Will Have to Stop Creating Such a Noise at Night or Church Will be Closed—Orders Issued by the Mayor.

In obedience to a complaint made by a number of residents living in the vicinity of Fifth and Campbell streets, Mayor Waddell on yesterday notified Rev. John H. Rhoe, pastor of the colored First Baptist church at Fifth and Campbell streets, that the manner in which his congregation had been carrying on and shouting until in the small hours of the morning would no longer be tolerated. Mayor Waddell told Rhoe that he did not mean to interfere with their church but that he must remember that he and his flock were not in the wilds of Africa and that if they made such a noise late at night again and such as to disturb people living in that vicinity, that the church would be closed.

The noise made by members of this church at their meetings lately is said to have been something fearful and was kept up until 2 or 3 o'clock in the morning.

THE FOURTH STREET BRIDGE

Superintendent of This Division of S. A. L. Will Give Bridge Immediate Attention.

Mayor A. M. Waddell on yesterday afternoon received a telegram from General Superintendent C. H. Hix, of the Seaboard Air Line, stating that he had instructed the superintendent of this division, located at Raleigh, to give the Fourth street bridge immediate attention. This message was received in response to one sent by Mayor Waddell to General Superintendent Hix informing him that the Fourth street bridge, which crosses their track, had been condemned by the board of aldermen and that some action must be taken towards repairing the bridge at once. The telegram further instructed that in case of accident the Seaboard Air Line would be held responsible.

From Mr. Hix's telegram it would appear that immediate action will be taken and it is very important that it should for the bridge is in a dangerous condition. The bridge has not been regarded as absolutely safe in several years. Any heavy conveyance crossing the bridge is liable to cause it to give way.

TO ERECT NEW BUILDING

Mr. J. M. Bunting Will Put Two Story Brick Building on Princess Street Lot Recently Purchased.

The work of tearing away a portion of the old brick building at the corner of Second and Princess streets was begun yesterday preparatory to having erected a two story brick building. The portion of the building being torn away is that formerly used as a part of the live stable and which was recently purchased by Mr. J. M. Bunting.

The size of the lot is 36 by 66 and Mr. Bunting is going to have erected a two story brick building with sand stone front. The first floor will be divided into two apartments. One side will be used by Mr. Bunting for a real estate office and the other will be fitted up for a store. The second floor will be divided into five offices which will be occupied by attorneys. It will only take a few days to clear away the old building and the new building will be erected as quickly as possible.

WORKS WONDERS

A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Bruises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches and abrasion without leaving a scar. It cures permanently. Wilmington testimony proves it.

J. S. King, clerk on Market street, residing at 815 Orange street, says: "I used Doan's Ointment and found it to be a great remedy for itching hemorrhoids. It acted like a charm in my case. I tried all kinds of remedies, but until I used Doan's Ointment I could get nothing to give me positive relief. It is a splendid preparation and you are welcome to use my name as one who says so. I obtained it at R. R. Bellamy's drug store."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

FREY'S VERMIFUGE

is the same good, old-fashioned medicine that has saved the lives of little children for the past 60 years. It is a medicine made to cure. It has never been known to fail. If your child is sick get a bottle of Frey's Vermifuge.

A FINE TONIC FOR CHILDREN

Do not take a substitute. If your druggist does not keep it, send twenty-five cents in stamps to

E. & S. FREY
Baltimore, Md.
and a bottle will be mailed you.

WEEKLY CROP BULLETIN

For the Week Ending Monday, September 1, 1905.

The weather during the past week has been especially favorable for the saving of fodder and hay and plowing. There was plenty of sunshine and in general crops of all kinds were benefited, although there are some complaints of dry weather through the eastern part of the state. The days were moderately warm, but the nights cool, and frost was reported to have occurred in Mitchell county. Heavy rain occurred in some sections on September 2nd, and was very opportune.

In the eastern part of the state the tobacco is about all cured. In the central and west portions cutting and curing are generally under way. There are some complaints of tobacco firing and specking, but on the whole the cures are reported fair, the quality and color being good but the leaf lacks body. The crop is below the average.

During the past week cotton opened very fast picking had become quite general in the east and central portions of the state, while in the west picking was started on several farms. There are less reports of shedding and rusting in the central and west portions, while in the east there are still complaints in this regard, the plants shedding their top bolls and in places the cotton is turning yellow. The cotton in the east is opening, it is said, two weeks earlier than last year and prematurely. The yield is under the average, and some report only a one-half crop.

Corn is about made in the east and central portions of the state, and in the west it is maturing nicely. In the east the corn needs rain, looks fair, and crop will be below average. This prospect is for a good crop in the west and fair in the central part of the state. Saving of fodder and hay is under way in all sections of the state and in most sections of the east it is all housed. Peanuts promise a good crop. Sweet potatoes and turnips are doing fine in nearly all localities. In most places cow peas are promising well, but there are reports of vines being fine but very few peas. Irish potatoes are doing well in all sections, but in some places in the west they are rotting in the ground due to wet weather. Grapes are promising well in the east although there are few reports of a short crop. Peaches are scarce in all sections and apples are nearly all lost, having rotted and fallen to the ground. Buckwheat where planted is doing fine. Land is being turned for wheat and rye, and in some sections rye and oats are being sown.

CAPTAIN CONEY DEAD

Passed Away in Savannah After Being Ill Less Than Twenty-four Hours. Formerly Lived in Wilmington.

Friends in this city of Captain Walter Coney were shocked yesterday to learn of his death, which occurred at his home in Savannah, Georgia, yesterday morning. He was taken suddenly ill on Tuesday night with hemorrhage of the brain and from the first but little hope was entertained of his recovery. He was at his office on Tuesday and attended to his duties as usual.

Captain Coney was formerly a resident of Wilmington and lived here until 1885, when he moved to Savannah and since that time had held a prominent place in the commercial affairs of that city. He was manager in Savannah for the Patterson-Dover Company, the largest naval stores dealers in the world. He was second vice-president of the company.

The deceased took a prominent part in the business life of Wilmington when a resident here. He was an enthusiastic member of the Wilmington Light Infantry and was captain of the company. The flag over the armory was at half mast yesterday out of respect to him. During the days of the volunteer fire companies Captain Coney was a member of one of the companies.

Captain Coney married a Miss Mary McLaurin, of this city, who, with two daughters and four sons, survive him. He had relatives in Wilmington. Mr. James H. Taylor, Jr., and Mr. Will Taylor, both nephews. Mr. Will Taylor left for Savannah last night.

Mrs. Coney and both her daughters were in his state at the time Mr. Coney was stricken ill and they left for home on the next train.

Rolls-Siden.

The wedding of Mr. Frederick D. Bolle, formerly of this city, and Miss Mar Theresa Edelen, great-granddaughter of General John Baptiste De Brth Walbach, U. S. A., will take place at the Cardinal's residence in Baltimore, September 20th. After a trip through New England, the couple will reside at 40 Ashton Park, Newton Centre, Mass.

Mr. Bolle is a traveling representative of the banking house of Harvey Fisk and Sons, of New York and Boston.

WILMINGTON MARKETS.

Wednesday, September 7.
