Our New Semi-Automatic Telephone System

Now in use in the city is ten years ahead of the times. Here is how it behaves: As soon as the operator understands the number you are calling you will instantly hear in your receiver the first ring. If your party does not answer this ring you will hear each subsequent ring every nine seconds. You are thus able to ring your party as long as you desire by simply waiting. If the line you are calling is busy you will instantly hear the hum of the busy signal. If you want to call a second number, one motion of the receiver hook will bring a sure response from the operator.

No loss of time. No "cutting in" on your connection by the operator. No danger of being shot in the ear by the ringing current. No eavesdropping by the operators. 1550 subscribers. Give us your order for a telephone today.

26 LIVES LOST WHEN HESPERIAN SANK

VESSEL WENT TO THE BOTTOM WHILE BEING TOWED TO PORT.

ALL THE MAIL WAS LOST

Steamer Carried 3,545 Bags of Mail, Much of it Originating in Neutral Countries.

Queenstown.—Six second cabin passengers, six third cabin passengers and 13 of the crew of the steamer Hesperian, torpedoed 160 miles off Queenstown, were unaccounted for, according to revised figures issued by the Allan Line. This brings the probable death list, including Miss Carberry of St. Johns, Newfoundland, whose body is here, up to 26.

The captain of the Hesperian remained by his ship until it sank, while being taken into port. He declined to comment on the disaster for publication. Any official statement as to whether he believes his ship was a victim of a torpedo or a mine must come from the Admiralty, although the captain is quoted as having told an Allan Line official that the Hesperian was torpedoed.

Captain Main and the officers who remained aboard the steamer while efforts were being made to tow her to port were able to save some of their effects before the ship plunged to the bottom, 70 miles southwest of Fastnet, not far from the scene of the attack, taking with her 3,545 bags of mail, much of it originating in neutral countries.

The flooding of the forward compartments, which caused the Hesperian to sink so much by the head as to throw the propellers out of the water, made the task of towing her to Queenstown impossible in the rough sea.

The names of the missing second cabin passengers follow: Miss Banister, Mrs. Fisher, Joseph Fowler, Mrs. Hannah Fowler, Maria Jenkins and Miss Murray.

BRYAN PRAISES PRESIDENT.

Tells Friends of Peace He is Thankful Wilson Loves Peace.

Chicago.—Prolonged applause greeted William J. Bryan during his address at the national convention of the Friends of Peace, when he said: "I want you to be thankful that this country's President loves peace and is trying with every means at his disposal, to preserve our country's peace."

Shortly before the delegates had cheered Congressman Henry Vollmer of Iowa when he attacked the Administration for permitting export of war munitions to Europe.

Before adjourning the convention instructed its officers to make known to President Wilson and Congress the purposes of the Friends of Peace as embodied in resolutions styled "a new declaration of independence." The "declaration," made no formal demand for an embargo on war munitions, but declared for freedom of the seas to all commerce, including that with all belligerent nations, and opposed manufacture of death dealing implements for profit. The officers also were instructed to draw up bills embodying these principles for presentation to the next Congress.

Daniels Will Not Report Soon.

Washington.—Secretary Daniels will not make a final report on plans for strengthening the navy until he has received further information regarding lessons learned during the present war in Europe.

Steamer Cymbeline Sunk.

London.—The British steamer Cymbeline has been sunk. Six members of the crew were killed and six were injured. Thirty-one others were landed safely.

British Steamer Mimosa Sunk.

London.—The British steamer Mimosa, from New York to Belfast, has been sunk. The crew was saved.

Carranza Not Responsible.

Washington.—General Carranza sent an emphatic denial from Vera Cruz that Carranza troops had taken any part in the disturbances along the Texas border. "I have issued instructions to General Nafarrette," read General Carranza's telegram, "to avoid energetically any act that may cause any international complications on the border. Deny emphatically that our troops have either taken part in the disturbances of Texas, or that they allow the organization of such bands of disturbers."

A New Offense.

Rome, via Paris.—The Messaggero, commenting on the sinking of the Hesperian, says: "It is obvious Germany does not mean to keep her promises. Her submarines will continue to sink mercantile ships without warning. This constitutes not only a new offense against the laws of humanity, but against the dignity and prestige of the American government, which sees contradicted by reality the solemn official assurance given by the representative of Germany to Washington."

Use Much Cottonseed Oil.

Today the cotton fields of the United States have to a great extent replaced in our economic system the olive groves of the Mediterranean district. The oil is a first-class edible product and the cake after crushing the seed constitutes an equally valuable cattle feed.

CALOMEL WHEN BILIOUS? NO! STOP! ACTS LIKE DYNAMITE ON LIVER

I Guarantee "Dodson's Liver Tone" Will Give You the Best Liver and Bowel Cleansing You Ever Had—Doesn't Make You Sick!

Stop using calomel! It makes you sick. Don't lose a day's work. If you feel lazy, sluggish, bilious or constipated, listen to me!

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you feel "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just try a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store or dealer and get a 50-cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it cannot salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

HIS WELL-CHOSEN RESPONSE HAD TO HAVE MORE ROOM

Old Frenchman's Words, in Acknowledging Gift, Were Certainly Short and to the Point.

In a certain country town there lived an old Frenchman named Le Blanc. One night some of his friends gave him a surprise party and presented him with a watch chain. That week the local paper printed an account of the affair, saying that in acknowledgment of the gift Mr. Le Blanc responded in "a few well-chosen words."

Curious to know what the old Frenchman said, someone asked the reporter who was present what those "well-chosen words" were.

"Well, I'll tell you," he answered. "When Charlie finished his presentation speech and held out the chain, the old man—who had been eyeing it greedily all the while—suddenly snatched it from his hand and exclaimed: 'Py chee, dat was a good one!'—Youth's Companion.

During the run of a play in New York last winter a wobbly person teetered up to the box office one Saturday night when the place was packed and demanded a good seat.

"Nothing left except standing room," said the box-office man. "Sell your standing room for a dollar."

The wavering one produced a dollar and went inside. But so many general admissions were grouped at the rear that over the intervening hedge of heads he caught only vagrant glimpses of what was going on upon the stage.

He foggily considered the situation for a spell. Then he rocked his weeping way back to the box-office window and put a second dollar on the shelf.

"Gimme nozzir one of them standin' rooms," he ordered; "can't see the show at all if you only got one."—Saturday Evening Post.

HOW TO HEAL STUBBORN TORMENTING SKIN DISEASES

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ringworm, rashes and similar itching, burning skin troubles.

At any reliable druggist's get a jar of resinol ointment and a cake of resinol soap. These will not cost a bit more than seventy-five cents. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.—Adv.

No such thing as "rubber roofing"

A lot of manufacturers call their roofing "Rubber Roofing." "Rubber Roofing" is not rubber. It is asphalt which keeps the roof saturated within—the life of the roofing—from drying out quickly.

It is guaranteed 5, 10 or 15 years, according to whether the thickness is 1, 2 or 3 ply respectively.
