

AN ORDINANCE TO AUTHORIZE THE TOWN OF ROCKINGHAM TO ISSUE \$200,000.00 OF STREET IMPROVEMENT BONDS.

Be it Ordained by the Board of Commissioners of the Town of Rockingham.

Section 1. That under and by virtue of the authority contained in The Municipal Finance Act, the Town of Rockingham do issue its bonds for the purpose of constructing or reconstructing, the surface of roads, streets, or highways within the said Town, including or not including, the contemporaneous construction or reconstruction of sidewalks, curbs, gutters, or drains and including grading, of which local improvements at least one fourth of the cost, exclusive of the cost of paving at street intersections, is to be specially assessed.

Section 2. The maximum aggregate principal amount of the bonds shall be \$200,000.00.

Section 3. That a tax sufficient to pay the principal and interest of the bonds shall be annually levied and collected.

Section 4. That a statement of the debt of the municipality has been filed with the Clerk and is open to public inspection.

Section 5. That this ordinance shall take effect upon its passage and shall not be submitted to the voters.

The foregoing ordinance was passed on the 9th day of March, 1922, and was first published on the 16th day of March, 1922.

Any action or proceeding questioning the validity of said ordinance must be commenced within thirty days after its first publication.

W. C. NICHOLS, Clerk.

STATE OF NORTH CAROLINA

Department of State. CERTIFICATE OF DISSOLUTION. To All to Whom These Presents May Come—Greeting:

Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Anson-Richmond Bridge Company, a corporation of this State, whose principal office is situated at No. _____ street, in the city of Rockingham, County of Richmond, State of North Carolina (C. P. Stewart or A. G. Corpening being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 22, Consolidated Statutes, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

Now, Therefore, I, J. Bryan Grimes, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 13th day of March 1922, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, of which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In Testimony Whereof, I have hereto set my hand and affixed my official seal at Raleigh, this 13th day of March, A. D. 1922.

J. BRYAN GRIMES, Secretary of State.

NOTICE.

On May 3, 1920, 50 acres of land in Steele's township, listed by E. E. Dunn, was duly sold to me by the Sheriff of Richmond County for \$3.81 for delinquent taxes for the year 1919. Unless redemption is made in the manner provided by law I will apply for a deed.

This March 6, 1922.

MACK ROBINSON.

Madam Janett,

the world's greatest palmist. If in doubt of any kind, call and see her; she can help you, tell you of love affairs, business, where lost or stolen things are, help you out of trouble, make homes happy, cause speedy marriage with that one you love. Call and see her. Advt.

Flowers

We are agents for several florists. Your orders for flowers and designs will receive prompt and careful attention.

THE COTTAGE GARDENER

WINDOW BOX FOR STARTING EARLY PLANTS

USE HOT WATER TO KILL GERMS

Harmful Molds or Fungi Should Be Destroyed Before Seeds Are Planted.

MOST SOILS ARE UNSUITED

If Disease Spores are Not Eliminated Plants Will Become Diseased and Die or Remain Stunted.

To be sure of obtaining healthy young plants for transplanting to the home garden or elsewhere, treat the soil in the seed box with boiling water a few days before planting. Most all soils commonly used for seed beds contain one or more kinds of harmful molds or fungi and in addition, in the South, a destructive eelworm which causes a disease of many garden crops commonly called rootrot.

Recently it has been learned by the United States Department of Agriculture that seed-bed soil can be made reasonably free from these plant enemies by this simple hot-water treatment. If disease spores are not killed, plants grown in such soil will usually become diseased and die, or else will remain stunted and sickly. It is because of the transplanting of such diseased seedlings that many of the poor crops or failures in the home garden occur. Every gardener should therefore learn how to recognize troubles of young plants and become familiar with the method here described for preventing them.

Before treating the soil it should be placed in the box ready for seeding. Make a few holes in the bottom of the box for drainage. Pour on the boiling water very slowly at the rate of two gallons to a box of soil one foot square.

The Hot Water Treatment.

and four inches deep and at once cover with a newspaper to help hold the heat for a longer time. After a few days or whenever the soil has dried out enough the seed may be planted.

Young plants grown in this treated soil not only have white, sound roots, but also have a healthy, vigorous appearance above ground. Besides this, seeds sprout better and the plants grow much faster than those planted in untreated soil.

Ordinarily diseased seedlings are a lighter green color and are somewhat smaller than healthy plants and have a sickly appearance. These signs of disease on the young plants, however, may not be noticed and still the trouble may be present on the roots and develop after the plants are set in the garden.

To find out if diseases are present, always examine the roots of young plants before setting them out. If affected by molds or fungi, dark dead patches may be seen on the roots and sometimes on the lower part of the stems.

POT-GROWN TOMATOES

Sturdy Plants Assure the Grower an Early Crop.

Indoor Product, Carefully Transplanted to Different Sized Boxes, Profitable to Gardeners.

The majority of home gardeners have a hobby in some sort of vegetable or on some certain kind of flowers. Tomatoes, being easy to grow, find popular favor with the small garden man.

While there are many who grow any kind of tomatoes, not caring as to the variety, there are others who seek the best varieties for two purposes—slicing for table use and for canning.

The Ideal Pot-Grown Plant.

There are some families that prefer the medium-sized, smooth tomato, while others desire the largest that can be grown. The larger tomato is suitable for slicing, but the housewife complains that it is usually too large for canning, so the medium-sized tomato seems to be more in the limelight.

In either instance, a strong, healthy plant is necessary if the best results and early fruit are desired.

The very best plant obtainable to be set outdoors as soon as the weather will permit is the indoor-grown plant—first raised in the flat, then transferred from small pots to larger ones. That is the certain way to obtain the choicest of plants.

TEST THE SEEDS YOU SAVED

Use Small Box in Casement Window to Try Out Corn or Other Seed to See if Good.

Experienced agriculturists take no chances on corn and other seed. If there is any doubt as to whether or not it will germinate, it is just as important to the small gardener to know that he has good seed. The best way to determine this is to plant small quantities of the various varieties of seed that have been saved. If the seed sprout up in the window boxes it is a good test. If the seed do not sprout and make reasonable growth you may be sure that it will be useless to plant the seed in the open later when regular planting time comes. It is worth while to know if the seeds are all right.

CLEAN UP ASPARAGUS BEDS

If you want to get best results from the asparagus bed, clean off the dead vegetation and trash from the bed before the new shoots begin to grow, says C. V. Holsinger, of Iowa State college. After this apply a good dose of barnyard manure to start growth rapidly. Asparagus beds should be a year old before they are cut.

NOTICE OF SALE.

NORTH CAROLINA, Richmond County.

By virtue of the power of sale contained in a deed of trust executed by Scipio Douglass on the 10th day of Dec., 1917, and duly recorded in the office of Register of Deeds for Richmond county, North Carolina, in Book 119, on page 349, default having been made in the payment of the obligations therein secured, the undersigned trustee will sell at public auction at the Court House door in Rockingham, N. C., to the highest bidder for cash at 12 o'clock, noon on Tuesday, March 28th, 1922, the following described tract of land, lying and being in Marks Creek township, Richmond County, North Carolina, and more particularly described and defined as follows:

Beginning at a stake in the west edge of the Hamlet and Bennettsville public road 1030 feet south of the Rockingham railroad where said public road crosses same and runs N. 86.30, W. 1630 feet to the Sand Hill road; thence with said road S. 41.23 W. 1690 feet to a stake in the edge of said road; thence S. 48.37 E. 1410 feet to a corner in the branch; thence S. 86.30 E. 1430 feet to the Hamlet and Bennettsville road; thence with said road N. 3.30 E. 2190 feet to the beginning, containing one hundred and five acres.

Sold to satisfy provisions of said deed of trust.

This February 23, 1922.

W. S. BLAKENEY, Trustee.

NORTH CAROLINA, Richmond County.

NOTICE OF LAND SALE.

Under and by virtue of the authority contained in a Mortgage Deed executed by D. E. Pemberton to the Bank of Ellerbe dated April 7th, 1915, recorded in the office of the Register of Deeds of Richmond county in Book 95 at Page 203, default having been made in the payment of the indebtedness secured thereby and in order to satisfy the same, the undersigned assignee of said mortgage will offer for sale to the highest bidder for cash in front of the Court House door in the town of Rockingham on Monday, April 3rd 1922, at 12 o'clock in the afternoon described tract or parcel of land lying in the town of Norman, on which is situated a Mercantile building, described as follows:

Lot Number 1 in Block 7, 56 by 80 feet fronting Moore's street in the town of Norman, N. C., as shown on map of town of Norman made by J. R. Edwards, said map being now on file in the office of the Register of Deeds for Richmond county and for a more particular description reference may be had to said above named map.

This February 28th, 1922.

JASON AUMAN, Assignee.

Executor's Notice.

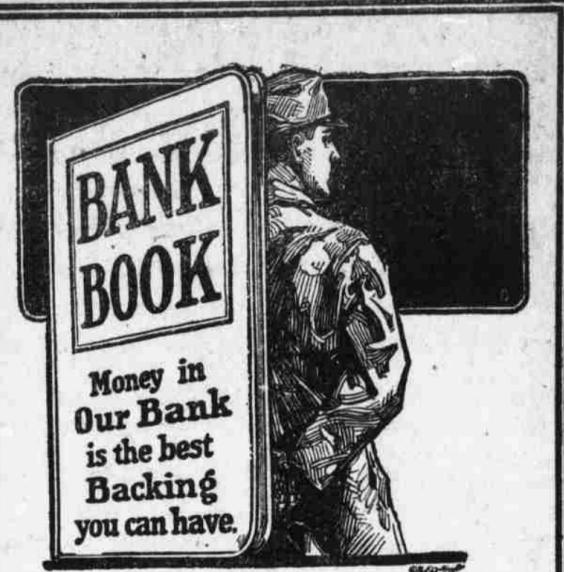

Notice is hereby given to the public that the undersigned has this day qualified as executor of the estate of A. L. Pearson, deceased, and all persons holding claims against said estate are hereby notified to file their claims with me on or before the 2nd day of February, 1923, or this notice will be plead in bar of recovery. All persons indebted to said estate will please make payment promptly. This, the 2nd day of February, 1922.

J. R. Bennett,

Executor of A. L. Pearson, deceased
Ozmer L. Henry, Attorney.

"The Rats Around My Place Were Wise," Says John Tuthill.

"Tried everything to kill them. Mixed poison with meal, meat, cheese, etc. Wouldn't touch it. Tried RAT-SNAP, inside of ten days got rid of all rats." You don't have to mix RAT-SNAP with fool. Saves fussing, bother. Break a cake of RAT-SNAP, lay it where rats scamper. You will see no more. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Everett Hardware Co., Watson-King Co., and Fox Drug Co.—Advertisement.

When you have money in the bank, you don't need any other backing. Business men know that the man who puts his money in the bank regularly has GOOD HABITS. They know they can DEPEND upon the boy or man with the banking habit.

If you haven't the habit, start today and get it. \$1.00 will open an account in our Bank and you can add to it every pay day.

Come in.

We will welcome you.
