**ROAD WORK IN CASHIERS**

Editor Jackson County Journal, Sylva N. C.

Permit me to give you a few items from Cashiers, we are having lovely weather now. Have already had snow, and now are having plenty of rain.

Messrs. H. A. Pell, W. T. Hawkins and G. M. Cole, of this place attended the Southern Appalachian Road association last week in Asheville. They report a fine time.

G. M. Cole and W. T. Hawkins returned yesterday from a business trip to Greenville and other points in South Carolina.

Mrs. V. J. Zachary left yesterday for Sylva, where she will spend the winter with her granddaughters, Mrs. A. S. and A. A. Nichols of that place.

Mr. O. E. Lombard of Grimshaws, passed through the valley yesterday enroute to Lake Toxaway to meet his brother E. G. Lombard who has been spending several years in the state of Wyo.

The work is expected to begin on the Cashiers Graded School house in a few days, with Chas. Jamison of Lake Toxaway as foreman.

Our School is progressing nicely under the instructions of Miss Myrtle Keller as principal.

The Cashiers Good Road committee met Saturday night last, for the purpose of organizing to work the 5th and 6th of November.

The work on the Automobile road from Cashiers to Walhalla South Carolina, via of the old turn pike is progressing nicely. H. A. Pell is Supervisor of this road, and says he hopes to have it finished in a short time.

The educational rally was a grand success here on Oct 11. Prof. O. S. Dean of Cullowhee, N & I S was the principal speaker. His address was a most magnificent one, and was greatly enjoyed by all present. We would all enjoy for Prof. Dean to pay us another such a visit.

After the address was over dinner was served on the grounds, which was enjoyed by all. The Supt. D. G. Brown asked for an old time spelling match, Norton School spelled against

Glenville and Cashiers, there being only one of Cashiers school spelling which was Miss Annie Zachary.

Those spelling from Norton were Laura Henson, Mary Caldwell, Elsie Henson, Macy Stewart, Lula Evitte and Lyman Stewart.

Those spelling from Glenville, were Carl Jamison, Frank Henderson, Velma Henderson, Pausy Henderson and Alma Jamison.

Yours respectfully  
D. A. BUMGARDNER.

**TEACHERS MEETING.**

The teachers of Balsam, Beta Adlie, Willetts, Sylva, Dillsboro, Qualla, Barker's Creek, Savannah and Green's Creek, held their meeting here Saturday under the direction of County Superintendent David H. Brown. Several teachers made address on subjects that had been assigned to them by the program committee. After the regular program had been carried out, the meeting was thrown open for general discussion of different problems and phases of the work that come before the teachers in the school room and especially those to which thought had been directed by the addresses that had been made. These discussions were interesting and no doubt will be of great help to the teachers as they have by this means found the point of view and experience of others.

These meetings are held every few weeks during the school term and the teachers all seem to be interested in the work. Mr. Brown is making an excellent record as County Superintendent and has the confidence and co-operation of the teachers under his direction.

Here is a woman who speaks from personal knowledge and long experience, viz. Mrs. P. B. Brogan, of Wilson, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For croup there is nothing that excels it." For sale by all dealers.
