

YANKTON DAILY PRESS AND DAKOTAIAN.

Vol. 1.

YANKTON, DAKOTA TERRITORY, FRIDAY EVENING, AUGUST 6, 1875.

No. 89.

General News.

There was a further advance in the foreign grain market on the 3d; flour advanced 6d, and grain 3d.

The democratic editors of Mississippi will soon make a tour of the northern states.

E. G. Johnson, state senator from Columbia county, Florida, was recently killed by an unknown assassin. By his death the republicans lose their majority in the state senate.

The Greeley (Colorado) jail has remained empty for an indefinite time and it is now proposed to use it as a church.

The Nebraska state fair will be held in Omaha in September.

The 12th of August has been set for the sale of the North Pacific R. R.

While the old-time western states are deluged with water Wisconsin rivers are too shallow to float saw logs.

Texas has voted for a constitutional convention.

The assessment of the state of Iowa amounts to \$400,500,000.

A National Sunday School Assembly is in session at Fairpoint, Chatauga lake, N. Y.

The signal service officer on top of Pike's Peak, reports a snow storm on the 30th ult.

The bridge across the Missouri river at Atchison, Kansas, has been completed.

The attempt to reorganize the pilot's association at St. Louis has failed.

A horrible wife murder is reported from White Cloud, Kansas. William Hurst is the name of the fiend.

Nebraska proposes to send a few wild buffalo to the centennial.

Highwaymen and burglars afflict western New York.

What is the matter with free Iowa. Within six months she reports 22 murders, 7 lynchings and sixty rapes.

It is an admitted fact that the Liberals in all parts of the country are returning to the republican fold.

Hon. George M. Pugh, and ex-democratic U. S. senator from Ohio, supports the republican ticket.

The Rev. Dr. Eccleston, of Philadelphia, consents to accept the Episcopal bishopric of Iowa.

Wednesday was the first fair day the inhabitants of Louisville, Ky., had seen for six weeks.

THE BLACK HILLS.

Confirmation of Rich Gold Discoveries in Jenney's Gulch and Vicinity.

General Crook Orders All Miners to Leave the Hills by August 15th.

They Will Obey the Command and Abandon Their Claims.

But Will Again Resume Work When the Hills are Opened to Settlement.

Special Telegram to the Inter-Oceanic. BLACK HILLS EXPEDITION. CAMP HARNEY, July 25, 1875. VIA FORT LARAMIE, W. T. Aug. 3, 1875. A Courier conveys the following for your correspondent from the gulch via Fort Laramie, W. T.

GOLD DISCOVERIES have been made in Jenney's gulch, on Spring creek, twenty-three miles northwest of camp Harney; also along Rapid creek and Castle and Burntwoods creeks, on the north and south forks of the latter stream, as reported by Pro. Jenney, the miners have confirmed daily by more recent prospecting. The geologist of the expedition stated to me in a prospect excavation about the size of the floor of a well tent at the infantry camp on Spring creek from 835 to 40 have already been taken out. Soldiers and others on the ground at the time affirm that this is the minimum amount of dust panned out there.

GOOD PLACER DIGGINGS have been found to the north, even as far as Box Elder creek, and on Castle creek. Miners who came into camp yesterday report that gold quartz and silver ledges have been struck. Pro. Jenney believes that the miners in Jenney's gulch will average three to four cents a pan, which is considered a cautious figure, while the miners along Spring creek aver that the lowest estimate is beyond that, and the maximum without limit. An immense ferruginous ledge has also been

discovered seven to eight miles in extent. It lies to the north, and gives promise of great value. It is called Mammoth Ledge.

LOCATION OF THE NEXT CAMP. The command left camp Harney for Rapid creek, to the northwest, thirty-five miles from Custer's gulch, where the next permanent camp will be located.

BLACK HILLS EXPEDITION. CAMP HARNEY, July 25, 1875. VIA FORT LARAMIE, W. T. Aug. 3, 1875. The Inter-Oceanic Courier leaving here to-day conveys the following:

On Sunday last camp Harney in Custer's Gulch, French creek, was broken, and the expedition moved north through Spring creek gulch and canon to Rapid creek, where the third permanent camp is now located.

GENERAL CROOK, commanding the department of the Platte, arrived at the camp which bears his name last Wednesday, accompanied by Captain Mix, with an escort of cavalry, Captain Pollock, of the ninth infantry, Major Stanton, Paymaster, and Gen. William Sooy Smith, of Chicago. On the march, General Crook, who came to personally view the field and decide as to the best means of carrying out President Grant's instructions and execute the orders of General Sherman and Sheridan, gave the country a careful survey, and held numerous conversations with miners along French, Spring, and Rapid creeks. His expressed intention is, if possible, to resort to no harsh or coercive measures, and to strictly enforce treaty obligations and to indicate the policy to be pursued. The following was issued yesterday as his

PROCLAMATION: Whereas, the President of the United States has directed that no miners or other unauthorized citizens shall be allowed to remain in the Indian reservation of the Black Hills, or in the United territory of the west, until some new treaty arrangements have been made with the Indians; and

WHEREAS, by the same authority the undersigned is directed, to occupy said reservation and territory with troops, and to remove all miners or other unauthorized people who may be now or may hereafter come to this country in violation of the treaty obligation;

Therefore the undersigned hereby requires every miner or unauthorized citizen to leave the territory known as the Black Hills, the Powder river, and the Big Horn country by or before the 15th day of August next.

He hopes that the good sense and law-abiding disposition of the miners will prompt them to obey this order without compelling a resort to force. It is suggested that the miners now in the hills assemble at the military post about to be established at camp Harney, near the stockade on French creek, on or about the 10th day of August; that they then and there hold a meeting and take such steps as may seem best to them by organization and the drafting of proper resolutions to secure to each, when the country shall have been opened, the benefit of his discovery and the labor he has already expended.

GEORGE CROOK, Brig. Gen. U. S. A., Comd. Dept. of the Platte. Camp Crook, D. T., July 29. Official copy: Norris C. Ford, First Lieutenant Ninth Infantry, Adjutant Black Hills expedition.

MORE TROOPS. To see this order carried into effect three companies—one of infantry and two of cavalry—are now on their way to the hills, under captain Pollock, Captain Henry, and Captain Wells.

THE MINERS, as far as yet heard from, are in harmony with the letter and spirit of General Crook's order. The majority declare they will leave promptly at the expiration of the time specified. Some few pilgrims have already returned, and others are prepared to follow. The Castle creek district held a meeting at which sixty-five miners were present, at which, by resolution, they agreed to accept the conditions, and fixed forty days as the opening of the hills to claim-holders to return and resume possession. To-morrow the Spring creek district miners convene for a similar purpose. The remainder in other districts will speedily wheel into line, and mining will be practically abolished for the season in the Black Hills.

PROFESSOR JENNEY states that the extent and thoroughness of his prospecting and testing of bars and flats will be materially aided, as the miners latterly have cheerfully cooperated with him and rendered good service. Prospects along Spring Rapid and Castle creeks remain good, and much work of crucial character, now interfered with, would have been completed in a short time but for the proclamation.

TELEGRAPH 4 P. M.

Floods and Tornadoes.

The Lower Mississippi Still Rising.

Rumored Financial Difficulties in Wall Street.

Duncan & Sherman Protect Their Letters of Credit.

A Couple of Dishonest Officials Nabbed in St. Joe.

NEW YORK.

New York, Aug. 6.—The Evening Post says there are disgusting rumors on stock exchange to-day, which vaguely mention several bankers as being in trouble, as well as one or two stock firms. It is the inevitable inference that these rumors are started for speculative purposes.

The Mexican Minister has brought suit against Duncan, Sherman & Co. to recover sixteen thousand dollars in gold. He claims that under the company of nations this money deposited with the firm is not subject to the state law covering the distribution of an insolvent estate. He considers that this gold is protected by the same immunity which protects his servants and his other property, by reason of his being a diplomatic representative accredited to the U. S.

Drexel, Morgan & Co. have made the following announcement: "Having, at the request of Duncan, Sherman & Co., made arrangements for the protection of the letters of credit and circular notes issued by the former on the Union Bank of London, in the hands of travellers abroad, we hereby announce that traveling credits and circular notes accompanied by letters of indication issued by Duncan, Sherman & Co. on Union Bank of London, will be cashed or exchanged for new credits on presentation at the office of J. S. Morgan & Co., London, or Drexel, Hayes & Co., Paris, prior to Nov. 1st, 1875."

JEWELRY THIEVES ARRESTED. James Henry and John Hall, cabin passengers in steamer Klapstock, from Havre, have been arrested and in their possession was found among the jewelry some answering the description of the family jewelry stolen from the countess Dudley in London; also a diamond scarf pin stolen from a New York lady in Paris.

THE WEATHER AND THE MISSISSIPPI.

Old Probabilities Predicts Danger on the Lower Rivers.

WASHINGTON, Aug. 6.—Probabilities for the upper Mississippi and lower Missouri valleys: Generally clear and cooler weather, with north to northeast winds; rising barometer; lower Ohio river will continue torrid at stations below Cincinnati, and fall rapidly at stations above Cincinnati. Floods will become more dangerous between Louisville and Paducah Central. The Mississippi will rise at Cairo, Memphis, Helena and Vicksburg, and fall at St. Louis. Danger will increase in lower Mississippi between Cairo and Vicksburg during Friday and Saturday.

Ravages of Sausages.

PHILADELPHIA, Aug. 6.—A grocery keeper on Frankfort street having thrown away some unsalable sausages they were picked up by children of neighbors and eleven of them are seriously sick. One child died yesterday. The storekeeper and the manufacturer of the sausages have been arrested.

The Flood Down South—Heavy Losses Predicted.

MEMPHIS, Aug. 6.—The river here is rising steadily at the rate of two inches in twenty-four hours. Weather cloudy and threatening. The levee below here as far down as Friar's Point is still reported good, the only break being at the cut in Oldtown levee, through which the water is pouring, threatening plantations below the rear of St. Francis. At Madison, Arkansas, the river had risen four feet at midnight last night, and was rising rapidly. This water comes from the Mississippi river near New Madrid, and threatens the fine cotton lands above Helena, on the Arkansas side. Cotton men predict a loss of eighty thousand bales of cotton.

Defrauding the Revenue.

St. Louis, Aug. 6.—A Republican St. Joseph special says: Supervisor of internal revenue Ferd Meyer, of this district, and revenue agents Crane and Wheeler have been examining revenue officers of that place for several days past, and yesterday C. B. Wilkinson, U. S. Collector, and John D. Bittinger, gauger, were taken before U. S. commissioner Lechberger on charge of embezzlement of public funds, and conspiracy to defraud and defrauding the government. Both parties waived an examination and Wilkinson gave bail in ten thousand and Bittinger five thousand to appear at the next term of the U. S. district court.

Tornado in Illinois.

COLONA, Aug. 6.—A tornado passed over this place last night, destroying in its course large quantities of corn and other grains. A large barn belonging to Mr. Otto, about a mile from here, was blown down. Mr. Sharp's house was unroofed, and several chimneys demolished. What further damage was done is not at present known.

Gone up the Flume.

New York, August 6.—Manny & Marshall, dealers in builders and plumbers material, 47 Warren street, have suspended with liabilities said to exceed one hundred and forty thousand dollars.

FOREIGN.

LONDON, Aug. 6.—Numerous amendments having been made in the house of commons by Sir Charles Adelerly, the bill passed this evening without division.

O'Connell.

Chicago, Aug. 6.—Advices from various points in the country state that the O'Connell celebration is progressing with considerable display.

Suspended.

SELMA, Ala., August 6.—Eugene Archie Kelley, negro, was hanged this morning for the murder of Andrew Cunningham, also a negro.
