Rheumatism Relief—25c.
 Nature's Remedy (NR Tablets), Are Helping Thousands Who Tried Expensive Things Without Result. It's Guaranteed.

There are three vital processes of human existence, the digestion of food, the extraction of nourishment from it and the elimination of waste. Poor digestion and assimilation means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ills.

Rheumatism, due to some interference with the process of elimination, failure to get rid of certain body poisons—cannot be expected to yield to any medicine that fails to correct the condition responsible for it. Could any reasonable person expect to rid himself of rheumatic pain as long as rheumatic poison is allowed to remain in the body?

Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other medicines have failed. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for uncertain things? A 5c box of Nature's Remedy (NR Tablets), containing enough to last twenty-five days—must help you, must give you prompt relief and satisfactory benefit or cost you nothing.

Nature's Remedy is not only for the relief of rheumatism. It improves digestion, tones the liver, regulates kidney and bowel action, improves the blood and cleanses the system. You've tried the expensive medicines and doctors, now make the real test. You'll get results this time. Just try it. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

MARKED IMPROVED
 C. C. Campbell, County Farm Correspondent, Estimates Condition Better Than May 1.

Marked improvement since May 1 in most of this year's crops is indicated by the May report which has been made by Charles C. Campbell, county representative, to L. M. Estabrook, chief of the United States bureau of crop estimates, U. S. department of agriculture.

Although none of this year's crops promise to equal the average of previous years, the alfalfa crop alone shows marked depreciation, a 60 per cent average acreage showing but a 75 per cent condition. Condition of most other crops is about 90 per cent, the average acreage also being about the same fraction. About 35 per cent of the corn planted this spring is approximately two weeks late.

Pastures as well as meadows are very short. The oats crop is very promising, although it, too, is late. Very little spring wheat has been planted, but the winter crop, although thin, looks good.

Fruit Condition Bad.
 The fruit crop will be short. Condition of peaches is about 10 per cent of the average. Cherries, also showing the effects of the lateness of the season, seem to be in but about 60 per cent of the ordinary condition for this period of the year.

The average prices quoted by Mr. Campbell for June 1 are: Corn, bushel, \$1.75; wheat, bushel, \$2.30; oats, bushel, 90 cents; barley, bush-

CHILD SUSTAINS FRACTURED LIMB WHEN ON PICNIC
 The Decoration day picnic of little Dorothy Rucker, 3-year-old daughter of Mr. and Mrs. F. L. Rucker, 2319 Sixth avenue, ended in disaster Sunday afternoon. The thrilling interest of the buffalo den in Pequoty park, Davenport, where the family was picnicking, led the uncertain baby feet to the top of the high terrace. Dorothy fell, sustaining a bad break in the right leg between the hip and knee. The child was taken to her home and Dr. W. D. Snively was called to set the limb. She is reported today as resting easy and fairly on the way to recovery.

In more than half the states of the United States the law gives full ownership of the child to the father.

DEPOT OPENED BY MILWAUKEE
 While the depot was open to the public and the working force on duty this morning, it was not in full operation, as the tickets and other working equipment, which was removed at the time the station was closed, has not been installed. However, everything was expected to be in readiness for "business as usual" this afternoon.

The morning and evening trains from Chicago to Rock Island, Davenport and Kansas City were discontinued between Chicago and Rock Island under government control, the morning train southbound making up at Davenport and leaving at 6:40. The evening train, arriving at Davenport at 9:30 from Kansas City, ended its run there. This has made it necessary for people on this side of the river going or coming on those trains to go to Davenport to do so. To others besides local travelers it has resulted in a great inconvenience.

It is said that there is now a possibility of the former through service being restored. This would give the local station two trains

FORGET YOUR WEAKNESS
 Take Herford's Acid Phosphate to overcome exhaustion, restore strength. At drug stores.

Rejoices Daughter Can Resume School
 "Everything my little 12-year-old girl ate distressed her; every glass of water would cause her to belch gas and she was unable to go to school for nearly a year. I bought her a bottle of Herford's Acid Phosphate, and since she is eating it she is attending school and is attending school again." It is a simple, safe preparation that removes the mucus from the stomach, which causes practically all stomach troubles, and allays the inflammation which causes practically all stomach troubles, including appendicitis. One can will convince or money returned. Bengtson's drug store, Davenport, Rock Island, Moline, and Griggsville everywhere.—(Adv.)
