

Moline and East Moline

LONG PROGRAM NOW COMPLETE

Labor Day Committees Work Far Into the Night to Perfect Final Plans.

Final arrangements for East Moline's Labor day celebration were made last night at a well represented meeting of committee members at the Commercial club rooms.

The program opens with a parade at 10 a. m. in which business, church and fraternal organizations are scheduled to take part.

The marchers will form on Sixteenth avenue, east of Seventh street, and proceed west along Sixteenth avenue to Seventh street.

The afternoon's events will be led off by a band concert at 1:15 and at 1:30 the track and field meet will take place.

Officers and members of Company E, Sixth Illinois Infantry of Moline, are expecting discharges to be issued them October 1 when the establishment of the federal and national guard will automatically supplant state reserve militia units.

The athletic program opens with preliminaries for the 100 yard dash, 120 yard low hurdles, running high jump, tug-of-war, 16-pound shotput, standing broad jump for teams, 16-pound shotput for teams, and running high jump for teams; then follow finals for contests in the above order, concluding with a pole vault, team 50-yard dash and obstacle race.

The program is concluded with a final in the tug-of-war, the contest which has excited more interest than any other on the program.

Moline Obituary

Peter M. Ross. Funeral of Peter M. Ross was held at 1:30 yesterday afternoon from the First Lutheran church with services conducted by the Rev. O. Morland. Bearers were John Ahl, M. J. Skoglund, August Molen, Charles Berggren, John Nelson and August Numan. Singers were Mr. and Mrs. Martin Anderson, Mr. Walter Suman and C. A. Carlstedt. Burial was in Riverside mausoleum.

William Ashley. William Ashley, age 27 years, formerly a resident of Moline, died this morning at his home, 210 Samuel avenue, Peoria. The body will be brought here for funeral and burial. Mr. Ashley during his residence in Moline was employed at the John Walker barber shop.

He is survived by his widow, formerly Miss Maude Redfern; his father, Clarence Ashley of Rock Island, and a brother, Clarence of Peoria.

been organized to compete in this contest.

Play Ball Game. At 3:30 another short musical program will be given, followed by the ball game between the east and west sections of the city. Teams will be selected from shop workers and residents living on both sides of Ninth street to compete in the contest.

After the game several hours supper and recess, in which the merry-makers will be permitted to seek their own entertainment. At 7 o'clock the band will give a final concert in the band stand on Ninth street and Sixteenth avenue, and Mayor Johnson will award prizes won during the day.

The Chicago commandery led by Eminent Commander Macaulay, accompanied the band. The Chicago yell and cheers from Mayor Skinner were features of the serenade.

COMPANY E TO BE DISBANDED OCT. 1
Officers and members of Company E, Sixth Illinois Infantry of Moline, are expecting discharges to be issued them October 1 when the establishment of the federal and national guard will automatically supplant state reserve militia units.

East Moline Briefs

Leon Phomes, Hampton farmer, believes his neighborhood has produced the champion watermelon consumers of the north, that is the youths who entered his parade Tuesday night, at all they stole. In his complaint made in the court of Justice Dan Maskell this morning he stated that the boys had stolen 150 watermelons and trampled and otherwise destroyed hundreds more. One warrant charging larceny was sworn out but has not been served. It is probable many more will be issued within the next few days although in that event his complaint would be changed to malicious mischief.

Charges of removing mortgaged property without consent of the owner, which were preferred against C. A. Johnson of East Moline, have been dismissed by Justice Otto Anderson. The case went to Anderson's court upon change of venue from the court of Magistrate Gustafson and Justice P. O. Entrican. Justice Anderson said the complaining witness, Harry Green, did not appear at the trial.

After paying a fine of \$25 on a charge of driving an automobile under influence of intoxicating liquor, Peter Collene declared he had been drugged and that he intended to send a certain East Moline bootlegger to the penitentiary for selling him "dope." Collene and his wife were arraigned before Magistrate Gustafson this morning. Mrs. Collene admitted that she had been slightly intoxicated but charges against her were dismissed.

MAYOR WELCOMES KNIGHTS TO CITY

Moline's entertainment of Knight Templars in the near future is contingent upon the erection of a new hotel, according to Mayor C. P. Skinner in his brief address to the Chicago commandery band which serenaded the city hall this morning.

The serenade followed a parade of the city streets by the band which is attending the convalesce now in session in Rock Island. Mayor Skinner declared Moline was honored by the presence of the commandery and its band and added that the city's only apology is in connection with the hotel facilities.

The Chicago commandery led by Eminent Commander Macaulay, accompanied the band. The Chicago yell and cheers from Mayor Skinner were features of the serenade.

DECIDE TO BUILD NEW INTAKE PIPE
A new intake pipe to replace the damaged one leading from the filtration plant into the river will soon be installed by the Moline water department. Decision to install a new pipe rather than repair the old was made upon recommendation of the diver who recently made a thorough examination of the system. According to his report it would cost approximately \$5,000 to repair the pipe. Cost of removing the old pipe and installing a new one will be less than the cost of repairs, it was discovered.

The new pipe will be 25 feet long and 20 inches in diameter. It will be attached to a 175-foot section of pipe that has not been damaged by the dredging operations. The 20-inch intake pipe leads into the slough. While the change is being made the city will use the 18-inch pipe leading into the main channel.

POLICE PUT STOP TO MEXICAN BRAWL
A second sensational murder was probably prevented last night by the timely arrival of Moline police at the railroad yards at Twenty-fifth street where a lively Mexican gun battle was in progress. The participants were partially under the influence of liquor and looking for trouble. The men were quickly unarmed and guns and bullets confiscated although no arrests were made. Police were notified of the skirmish about 1:30 a. m.

DAVENPORT FIRM GIVEN CONTRACT
McCarthy Construction company of Davenport was awarded the contract for constructing four blocks of sidewalk along Fifteenth street, Silvis, by the Silvis board of public improvements, last night. McCarthy Bros. agreed to build the walks for a total cost of \$24,161, which was \$164 less than the estimates prepared by the city engineer. No other bid for the job was submitted.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR
Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness. You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.

WHEAT PRICES START UNEASY AND THEN GAIN

Chicago, Sept. 2.—Wheat took an upward swing in price today after a hesitating start. The strength which developed was ascribed to prospects of a continued good export demand. Selling pressure ceased when it became apparent that offerings were being quickly absorbed. Opening prices, which ranged from 1/4c decline to 1/4c advance, with December 2 3/8 to 2 3/8 1/2 and March 2 3/8, were followed by a moderate general sag and then by a sharp rise to well above yesterday's finish.

Houses with seaboard connections bought freely and the market continued to ascend. Damage reports from Argentina attracted special notice. The close was nervous, 1/4c to 1/2c net higher, with December at 2 3/8 to 2 40 and March at 2 3/8.

Corn rallied with wheat. At the outset receipts pulled down the market to the lowest figures yet for opening 1/4c to 1/2c lower, December 1 1/2 to 1 1/2, prices soared fair general gains.

On the upturn, there was buying on a large scale for a leading cotton and stock trader who has been bearish for some time on corn. The close was unsettled at 1/4c to 1/2c net advance, with September at 1 3/8 to 1 3/8 and December at 1 1/8 to 1 1/8.

Oats were governed by corn, but kept within narrow limits, starting a shade to 1/4c lower, December 66 1/2c, went down a little more, and then recovered.

Provisions lacked support. September pork was especially weak.

RAILS ASSUME STAR ROLE ON STOCK MARKET

New York, Sept. 2.—Rails assumed a commanding position on the exchange this morning, the demand embracing grangers, coalers and cotton carriers hitherto ignored in the movement. Atchafon preferred rose two points. New York, Chicago and St. Louis second preferred and Delaware & Hudson, three, while Southern Railway preferred, Minneapolis & St. Louis, New Orleans, Texas and Mexico, and Norfolk and Southern gained one to two points. The stronger utilities were represented by Peoples Gas at a 4-point advance and oils, motors, sugar and textiles were substantially higher, but the demand for steel and equipments, aside from a 1/4-point rise in Grueble, was negligible. Call loans opened at 8 per cent and exchange on London shaded under yesterday's final quotations.

Dr. Coffee is in his Davenport offices, First National bank building, every Saturday, Monday and Tuesday from 9 a. m. to 3:30 p. m.

Jamieson Questioned.
Last night's session was devoted to testimony of W. D. Jamieson, former director of finance of the Democratic national committee. Republicans quizzed Jamieson about his system of follow-up letters for obtaining contributions. Jamieson repudiated an interview published in New York papers in August, 1919, in which he was quoted as saying he hoped to raise from \$5,000,000 to \$10,000,000 from one million Democrats. He admitted federal officials were solicited for contributions, but said they were asked to contribute as Democrats, not as officials.

FAREWELL FOR FATHER WELSH

Parishioners Gather in Surprise Picnic for Departing Priest—Present Big Furore.

About 800 members of the Catholic churches, included under the leadership of Father E. A. Welsh, who left today for Tiskilwa to take up his new charge, gathered in a surprise picnic at St. Joseph's church grove at Erreption yesterday. The parishioners and friends subscribed a purse of \$950 and presented it to the departing priest.

Father Welsh, who has been in charge of the Aledo and outlying missions for 14 years, was recently notified of his promotion to a church at Tiskilwa. The many friends of Father Welsh held a hurried consultation and decided to hold this picnic as a farewell for him. Father Lyons, Father Baines and Father Francis, all of Galesburg, Father Timmons of Keithsburg, Father Graham of Galva, and Father Griffin, assistant to Father Welsh, were all present at the picnic. Father Timmons gave the principal address of the day. He very tenderly bid farewell to Father Welsh on behalf of the parishioners.

corruptly used in such fashion as to change the result of a presidential or senatorial election?" "That opens a wide field of speculation," said Senator Poindexter. "But so far as national campaigns are concerned, the vigilance exercised by both parties would make it very likely that defeat would come to any party which attempted corruption."

Will Quis Barnes.
At the end of a session lasting until nearly midnight last night, the committee decided to adjourn today to next week, when William Barnes, New York political leader, will be questioned about pledges of moral and financial support to "militant Republican propaganda," for which pledges are alleged to have been given by the Rockefeller, the American Tobacco company, Clarence Mackay and a score or more other big corporations and millionaires.

NETTIE O'HAYER WANTS DIVORCE

Suit was filed in circuit court this morning by Mrs. Nettie O'Hayer, who requests a divorce on the ground of extreme and repeated cruelty. The bill charges that she was married to Matthew O'Hayer on March 22, 1903, and lived with him until August, 1920. The complainant alleges that on numerous occasions he abused her, striking her and inflicting painful injuries. She requests that her maiden name of Nettie M. Christian be restored.

MAN ARRESTED ON CRUELTY CHARGES GET DISMISSAL
Charles Rodamany of Gilchrist, who was arrested a few days ago for beating his 16-year-old daughter, was released yesterday afternoon by Justice James R. Spence for lack of evidence. The charge was preferred by the man's wife who stated that he struck the daughter while in a fit of rage.

ALL ROADS TO ALEDO TODAY

Entire Countryside Seems to Be Headed for Fair Grounds—Farm Home Bureau Pleas.

All roads seem to lead to Aledo and the fair grounds today. It seems like every farmer in Mercer county is bound for the big annual farm and home bureau picnic, which is being held today.

At 11 o'clock there were almost 500 automobiles parked within the fair grounds and the roads leading to the fair grounds were lined with cars. Owing to the large number of people who came in a short space of time it was impossible to start the events as they were listed on the program, but at 11 o'clock the members of the farm bureau gathered under the shade of a clump of trees for their annual meeting. The election of officers is scheduled to be held today. While the men were in their meeting, the ladies gathered in another part of the grounds for a social hour. A big cafeteria picnic dinner was served at noon and immediately following a short program was held. The speakers were Miss Fern Harris, who is in charge of home bureau organization work in Illinois, and Dr. Taylor, economic specialist in Moline.

A band of about 30 pieces made up of a number of the smaller organizations from various towns in the county furnished the music for the day. This afternoon's program will be one of novelty stunts and races. The home-bureau ladies will give three one-act comedies for the benefit of the picnicers.

Officials of the farm bureau estimated this morning that the crowd would reach about 1,500 or 2,000 people by noon.

Candidate for
Congressman-at-Large.
Stephen A. Day, born in Canton, Ohio, in 1882; neighbor of William McKinley, in whose cabinet his father, Justice William R. Day, was secretary of state. His mother's father, Louis Schaefer, was one of the builders of the city of Canton. Lives in Evanston, Ill., with his wife, daughter of Judge Thayer, and four children. Graduated at the University of Michigan, served in Washington, D. C., as confidential secretary to Chief Justice Melville W. Fuller.
Came to Illinois in 1908, and has been closely associated with General Charles G. Dawes; has been in active practice of law in Chicago for 12 years and is a member of the American, Illinois and Chicago Bar associations.
He has acquired a national reputation as an authority on industrial problems and is the founder of the great movement for closer relations in industry, upon the basis of true industrial justice. He was one of the leaders in the campaign of Governor Lowden for president. He has been a personal friend of Senator Warren G. Harding since boyhood and has a thorough admiration for his qualities of both mind and heart. Member national legislative committee of the Hamilton club, also member of the Union League club of Chicago.
"This is peculiarly a time for arguments that are on the square. The attacks of the misguided radical element and of the demagogue must be met and overcome by sound exposition of what is fundamentally right and just; just to the consumer; just to the worker; just to the investor; just to every element that enters into the management and operation of our public utilities."
