**"The Memory of Quality Remains Long After The Price Is Forgotten"**

One of the grand old men of the hardware business is the father of that expression—and every one who has ever had the satisfaction of buying really GOOD merchandise realizes its truth.

When it never applied to any other one item better than it does to the WEIR furnace. When you count the satisfaction of having a heating plant that is RIGHT year in and year out, and add to that a worthwhile saving on fuel EVERY season, you will admit that

**The Owner of A Weir Furnace Has Cause For Congratulation Year After Year**

Most really GOOD things cost less to maintain than some lower priced articles of the same kind, and the maintenance of a WEIR saves the extra first cost several times to the fortunate owner.
