Father Dies, One Son Low With Pneumonia, Other Ill, Mexican Family Destitute

The breadwinner is dead, the ... eldest son is low with pneumonia; ... the second boy is waiting around ... with a fever; the two younger ... members of the family ... condition, ... playing in the deplorable boat- ... house, while the six-months-old ... baby girl lies crying in its crib; the ... mother, completely exhausted from ... her cares and worries of the illness ... of her sons, and the death of her ... husband which occurred at mid- ... night last night, is helpless.

This is the condition of the ... family which resides in a shanty ... on the river banks at the foot ... of Twenty-ninth street, Rock ... Island. They are Mexicans.

Patricio Mata, who was injured ... over two weeks ago while working ... as a section man for the Rock ... Island lines, died at St. Anthony's ... hospital at 12 o'clock last night. ... He had been ill for nine days. The ... eldest son, Frank Mata, his father's ... helper, was stricken with pneu- ... monia three days ago. He was un- ... conscious at St. Anthony's this ... morning. Juan, who is about 18 ... years of age, was ill, and he is still ... feverish, but must be on the go for ... his mother's sake.

Alvina and Sebastian, the young- ... or sons, too young to work, and ... Maria, the baby girl, together with ... their mother, have been destitute ... since the beginning of their trou- ... bles. ... Last May Patricio gathered his ... little belongings and with his whole ... family came to America, the land of ... fortune. However, the fortune ... hunters found conditions not as ... their hopes. They settled in the ... shanty on the river front and the ... father with his two sons joined the ... section gang on the Rock Island ... lines.

However, the family lived happy ... in its Mexican way, until the bread- ... winner was hurt while at work and ... then was taken ill with pneumonia. ... The eldest son followed, the next ... boy came down for a few days with ... it, and the little tribe found them- ... selves starving. ... They are all unable to speak Eng- ... lish. The sad story of their few ... months in Rock Island was told by ... an interpreter, as given by one of ... the sons, who speaks in his native ... tongue, while the mother shrieked ... with fear at the O'Malley undertak- ... ing parlors, where the body of her ... husband lies.

The duke of Alba, who is to be ... married in London today to a lady ... of the Spanish nobility, is descen- ... ded from a most interesting line ... of ancestors. Indeed, he has the royal ... blood of England in his veins. He ... is descended from King James II ... and Arabella Churchill, sister of ... the first duke of Marlborough. It ... was the present duke's great-grand- ... father, the 15th duke of Alba, broth- ... er-in-law of Empress Eugenie, who ... killed the United States minister, ... M.
