WALKER TALKS ON CANDIDACY TO GOOD CROWD

Farmer-Labor Candidate for Governor Plays Older Parties in Talk Sunday Afternoon.

A crowd of considerable size heard John H. Walker, president of the Illinois State Federation of Labor, speak in Spencer Square Sunday afternoon in behalf of his candidacy for governor on the Farmer-Labor ticket.

The candidate arrived in Rock Island at noon from Galesburg, and began his speech at 3 o'clock in the afternoon. He was introduced by Charles Reagan, editor of the Labor Review, and for nearly two hours kept a good portion of his audience with him.

Many persons going to the football game stopped a few minutes to hear the speaker and it would be difficult to estimate the number that turned out for a glimpse of the speaker.

Mr. Walker, who left at 4:40 o'clock in the afternoon for Harrisburg, Ill., takes the stand that none of the older political parties has ever done for labor that which was in its power to perform.

He declared that the delegates to the state constitutional convention are mostly business and professional men, and that the workers are members of the workers' organizations and seldom gain even the smallest minority of the representation due them.

FREIGHT RATES SOON ADVANCE

Increase Effective Upon Five Days' Notice by Railroads—No Rise for Milk and Cream.

Springfield, Ill., Oct. 25.—Advanced freight rates in Illinois authorized by the state public utilities commission Aug. 10, may be put into effect on five days' notice from the railroads, it was announced today in a modification of the original order.

Class rate tables just completed by the commission have been mailed to all railroads. Upon receipt of them the roads may prepare their advance subjects, which will be effective five days after they are submitted to the commission.

The commission also announced today a rule that no increases shall be made of charges for milk and cream transportation, that rates for switching, transit, weighing, diversion, reconignment, lightering, floating, storage and transfer may be increased 35 per cent, but that the minimum charge applicable to line haul movements, minimum class rates and minimum charges per shipment less than carload lots shall not be increased.

ARTICLE NUMBER TEN NOT VITAL

President of League of Nations Says Provision Has No Sanction or Penalty.

Brussels, Oct. 25.—Leon Bourgeois, president of the council of the League of Nations, talking to American newspaper correspondents last night said that article 10 of the covenant of the League of Nations, is not considered by European statesmen as a vital and essential element of the covenant.

M. Bourgeois said he had been surprised that article 10 had caused so much emotion in the United States. He stated that article 10 could be eliminated without in any way modifying the effectiveness of the League of Nations.

"Article 10," said M. Bourgeois, "is scarcely more than a moral background to the covenant. It is not considered so important by Europeans as by Americans.

"There is really no sanction or penalty in this article. All penalties provided for in the covenant in order to make the league's action effective, are in other articles."

Effect in U. S. M. Bourgeois' statement was made in the course of an interview arranged for American correspondents by M. Comert, principal press official of the League of Nations.

After M. Bourgeois had withdrawn the question was raised among the American correspondents as to the effect of Mr. Bourgeois' utterances on the presidential election in the United States.

ROOSEVELT IN LIBEL CHARGE

Sues Providence Journal for Publishing Open Letter Attacking Naval Record.

New York, Oct. 25.—(United Press)—Charging he had been criminally libeled by the publication of an open letter written by John R. Rathom of the Providence (R. I.) Journal, Franklin D. Roosevelt today requested United States District Attorney Caffey of New York to institute prosecution of all concerned.

Roosevelt alleged copies of the letter, which was addressed to him by Rathom and which accused the Democratic candidate for vice president of "destroying or sequestering" records when he was assistant secretary of the navy, were circulated by the publicity department of the Republican national committee.

In a statement categorically denying Rathom's accusations, Roosevelt said he was also instructing his attorneys to bring civil suit against Rathom and "all persons and newspapers connected with the publication or dissemination of the libel."

The papers referred to by Rathom as having been destroyed or sequestered were in connection with a discharge from the navy.
