WATER CONCRETE IN MAIN ALLEY IN EAST MOLINE

Mayor Assured Improvement of Fire Blocks Will be Underway Coming Spring.

Putting of the alley in the rear of Fifteenth avenue, East Moline, between Seventh and Twelfth streets, with asphalt concrete will be ordered by the board of local improvements at a meeting to be held either tonight or tomorrow, according to Mayor Johnson, chairman of the board, announced today.

MUMP EPIDEMIC CHIEF WORRY OF CITY PHYSICIAN

Health Department Unable to Check Disease's Spread—Parents Blamed.

An epidemic of mumps, far more widespread and persistent than the diphtheria menace, has caught the west end of the city and particularly the First ward, according to Dr. A. E. Kohler, Moline physician.

TWO ARRESTED IN RAIDS MADE BY FEDERAL MEN

Officers Enter Saloon and Home in Search of Liquor—Some Thrown Out Window.

The residence of Fred Bowman, 357 First street, and the soft drink bar of Emil Geloude, were raided by federal agents and Moline police last night and both Bowman and Geloude arrested. Both are charged with violation of the national prohibition law.

While the petition for this improvement which has been in circulation for several days among the property owners in the neighborhood, this alley, has not been signed by all property owners, a majority are in favor of the measure, Mayor Johnson believes.

Dr. Kohler declared efforts to control the spread of the disease are without results and that whole blocks are being effected. Failure of parents to realize the serious nature of the disease and their refusal to report cases to health authorities is blamed for its spread.

Evidence of liquor sales is alleged to have been obtained in both places, although Geloude and his friends are said to have thrown quantities of intoxicants out of the window while police and federal agents were arriving at the soft drink bar. At the Bowman home two gallons of whisky was found.

ANSWER EARLY CALL

Fire at the East Moline Harvest plant at 2 a. m. today roused firemen from their slumbers. Little damage was done by the blaze, which started in a stack pile near the power house. Watchmen had partially beaten out the flames when the fire department arrived.

DELIVERIES OF GRAIN FALLS TO LOWEST PRICES

Chicago, Nov. 19.—All deliveries of wheat, corn and oats fell today to the lowest prices yet this season. General free selling, which forced down values, was based largely on the fact that the movement of the big new 1920 corn crop was due. Bears asserted that there was not sufficient power in sight to stem the pressure which would result. Opening wheat prices, which varied from 1 1/4 to 2 3/4 lower, with December 1.78 to 1.79 and March 1.67 to 1.68, were followed by a slight rally and then by heavy downward plunges.

FIRM MARKET IS FORCED TO GIVE WAY TO BREAKS

New York, Nov. 19.—The decision of the United States Steel corporation today to maintain present prices unless a change becomes necessary added to the stock market's firm tone for a time. This advantage was lost before the end of the first hour, when liquidation broke out afresh, beginning with specialties of the food, chemical and related groups.
