

**RELIGIOUS WORK
INSTITUTE TOPIC**

Rock River Presbytery Churches
Unite in Week's Program; Ver-
Kuy Supervisor.

An institute upon religious education will be conducted in the Y. M. C. A. classroom the week beginning February 27 under auspices of the Rock River Presbytery and six churches—Broadway, Central, South Park, Colliery in Rock Island, the East Moline and Milan—will join in the program.

Rev. Gerrit VerKuy, field representative for the religious education of the synod of Illinois, will supervise the institute and assist the faculty in instruction. The classes begin each evening at 7 o'clock and continue until 9:15, with the last half hour devoted to an inspirational talk. Study periods are divided into two sections of three divisions. From 7 o'clock until 7:45, children's work, church history and devotional life and leadership are themes; from 7:50 to 8:35, bible study and interpretation, foreign missions and religious educational program in the local church are studied. The inspirational talks have been scheduled as follows:

Monday, "God's Ideals for Us,"—William B. McIntyre.

Tuesday, "The Ministry's Challenge for Recruits"—Rev. William B. Boaz, East Moline.

Wednesday, "Training for Service"—Rev. J. T. Walsh.

Thursday, "The Genius of the Presbyterian Church"—Dr. J. H. Gibson, Rock Island.

Friday, "In the Presence of Christ"—Rev. W. G. Oglevee, Rock Island.

Faculty members are Mesdames W. G. Oglevee, H. E. Sudlow and John McGown Stevenson. Rev. W. G. Oglevee, Rev. J. T. Mordy, Rev. Gerrit VerKuy and Rev. John McGown Stevenson.

The Argus' Business Review

(By Consolidated Press.)
Telegraphic dispatches from leading business centers giving Business News and Reviews of Interest and Importance to Producer and Consumer.

(Continued from First Page.)

Plate company and the Allegheny and West Pennsylvania plants at Brackenridge are operating at capacity. The tremendous plants of the United States Steel company at Braddock, Duquesne and Homestead report improvement in output. The moderate decrease in tonnage of unfilled orders of the steel corporation for January did not disturb the sentiment and steel manufacturers are encouraged by the volume of new business now being received.

A brisk demand for coal is in evidence. Large consumers are accumulating reserve stocks in order to be prepared in event of a strike in the Pennsylvania coal fields. Detroit Mich. Feb. 14.—The total employment here has reached 172,000 workers according to the latest report of the employers' association. Several thousand more workers have been added in the last few days.

Greenville, Pa., Feb. 14.—The shops of the Bessemer and Lake Erie Railroad have reopened here after a close-down and all old employees are being given work on at least part time.

Altoona, Pa., Feb. 14.—Spurred by government reports that stocks of coal will not last more than 41 days in the event of a mine shutdown due to a strike, large consum-

ers, including railroads, are accumulating a surplus by buying heavily. Some operators assert they get more business in the early part of February than in December and January combined.

Wellsburg, W. Va., Feb. 14.—The West Virginia-Pittsburgh company's mine at Colliers, the largest in Brook county, is operating again on a normal basis. Orders on hand assure a long run. With the steel mills at Follansbee and Worton working full time, prospects in the districts are bright.

LUMBER.
San Francisco, Feb. 14.—There has been a sudden slump in the export shipment of lumber but in increasing demand from the western part of the United States has offset this loss. Prices are hardening.

WOOL.
San Francisco, Feb. 14.—Wool prices continue to rise in this market. Some clips brought 31 cents against 23 to 25 cents three weeks ago. Growers are slow to make contracts. Heavy snow and cold in the mountains has caused some loss of lambs.

GLASS.
Kane, Pa., Feb. 14.—The large plant of the American Window Glass company at James City, closed Dec. 4, has been placed in operation.

LEATHER.
New York, Feb. 14.—Prices for leather are firm here. Tanneries of low grades of leather are running at nearly full speed but those making a specialty of the better grades are doing little.

GRAIN.
Fort Worth, Texas, Feb. 14.—The spot grain market in southwestern centers is again showing a slight upward slant.

LIVESTOCK.
Fort Worth, Feb. 14.—The 9-cent hog again has made its appearance in the Texas markets. Prices for hogs have advanced to \$9.10 per hundred pounds, which is the highest price recorded for a year.

MACHINERY.
Cleveland, Ohio, Feb. 14.—The

Lakewood Engineering company reports the receipt of the largest railroad order in some time. The order is for lift trucks and comes from a western road.

JEWELRY.
New York, Feb. 14.—There is more activity in evidence in the manufacture of jewelry and wholesalers are fairly busy. Retailers seem to be adding to their stocks but are buying most conservatively.

STEEL.
Pittsburgh, Feb. 14.—Market prices of pig iron are not materially changed this week but a small lot is said to have sold under the regular quotation. Bessemer is quoted at \$18.50, Basic \$19, Foundry 19, P. O. B. Valley.

Dover, Ohio, Feb. 14.—The Hanna Furnace company is placing its furnace in readiness for blast. It has been idle since December, 1920.

COTTONS.
Boston, Mass., Feb. 14.—With the exception of gingham and sheetings the demand for cotton goods is falling off. Buyers are refusing to purchase beyond immediate needs. Those who have been accustomed to ordering in 50,000-yard lots have cut their orders to 10,000 yards.

WOOLEN GOODS.
New York, Feb. 14.—Buying of woolen goods for next fall continues fairly active in this market. Tweeds and fancy backed overcoats are in the largest demand.

DOUGHBOY IS "IT."
Washington, Feb. 14.—The Doughboy "with bayonet is still the basic combatant" in battle, according to a report issued by the war department.

MENACE TO LIFE

Cold Germs Multiply by the Millions—To Fortify and Strengthen the Physical Resistance Is Very Important.

The common everyday cold is now regarded by medical authorities as a deadly menace to health and life. Any person contracting a cold and allowing it to drag is flirting with death. Every sensible person should upon the first sign of any hot flash, followed by a chill, or any tightness in the chest, sore throat or other cold symptoms, consult a physician at once.

One of the most effective home treatments and which is today used by millions of people is to take a steaming hot cupful of Bulgarian Blood Tea which can be had at any drug store. This hot medicinal tea assists nature to purify and strengthen the weak blood, stimulate the inactive kidneys and cast the stagnant poisons from the bowels and intestinal tract. The rich juices brewed from the plants, roots, barks, leaves, herbs and flowers that compose Bulgarian Blood Tea permeate the whole system and are wonderfully healthful.

FATHER JOHN'S MEDICINE - Best For COLDS

EACH TABLET IS A PROPER DOSE YEAST VITAMINE

Made From Yeast—Highly Concentrated—Easy To Take.

Thanks to modern chemistry you can now buy a highly concentrated tablet containing a proper dose of Yeast Vitamine at any drug store. Made expressly for medicinal use, the fermenting part is left out—leaving the Vitamine and Glycero-phosphates are added and the tablets are therefore more easily assimilated by the stomach—made the work quicker and far more economical, less bother and never upset you.

These tablets are called "Phos-Pho Vitamine" tablets because they contain the Phosphates of Calcium and Sodium in addition to the concentrated Vitamine A & B. The chemists give you an easy way to treat minor skin troubles, constipation, and deficiency troubles and quickly build up strength and tone the system. The tablets are easily taken after meals
