Democrats to Talk Over the New Tariff Bill.

has issued the following call: "There will be a meeting of the Democratic memless of the house in the hall of the house on Friday evening, Jan. 6, at 8 o'clock p. m., especially to consider revenue meaures. A general attendance of the Demoeratic members is carnestly requested." It is in response to the request of fortyseven congressmen made before the holiday adjournment. The purpose of the call is (Pennsylvania), Hon. John E. Russell and to consider the tariff bill not only as to Mrs. Russell (Massachusetts), with a few the means by which it will be acted on other personal friends of the White House but also as to the merits of the bill itself. family

In this respect the movement is accepted by the tariff leaders as the first open demonstration on the Democratic side of the house in opposition to the Wilson bill in its present form. None of the members of the ways and means committee have signed the call, the names being confined to those who do not approve one feature or another of the bill. Judge Holmen said: "I expect tie discussion will be very general, and will take in the entire range of tartif differences. The substance of the bill, includfor the internal revenue feature and the income tax, will also come in for atten-

Chairman Wilson and his associates express their willingness to go into caucus, Wilson said it was his understanding that the customs features and all other sections of the bill would be considered. Many Democrats depreents the enucus, as they see in it the prospect for a disagreeable clash within the party.

A Querum Again Missing. The Democrats in the house had a repe-

tition of the experience of no quorum, and the Republicans insisted that a quorum of their opponents should be present before the tariff debate should proceed. The Democrats got 170 of their members into the hall, but that lacked eight of a quorum. One Democrat. Specty of Connecticut, although present acted with the Republicans and refused to answer to his The Democratic leaders are very much disgusted over the two days' proceedings, and assert most vehemently that there is no excuse for the heavy absenteeism at this important time, saying that every Democrat understood when the holiday recess was taken that the programue was to take up the tariff bill the day congress reconvened. The Republicans are naturally very jubliant over the success that has ed their efforts to block progress up to this time, although there is some mani- partment to be common. Had be permitted the arrangement sugpested by McCreary and agreed to by Hitt to be entered into, today and Saturday would have been devoted to Hawaii, and the same blockade could have been effectal in the bouse with reference to the tariff by refusing to vote to go into committee of the whole for the consideration of the Wilson bill. Two days have now been wasted and this wall probably necessitate an extension of the limit of the debate beyond Jan. 17, on which day the programme contemplated a final vote. There are no probably to withhold the pension of Judge gramme contemplated a final vote. There is some talk of carrying out the original programme to vote on Jan. 17 and reduc ing the time for general debate to four days and debate under the five minete rule to seven days,

Insist on Telling Their Minds With this idea in view some of the Democratis who desired to speak have been approached and asked if they would consent to speak very briefly with the privilege of extending their remarks in the record, but the bill unless they were given the oppor-tunity to tell the house in open session why they opposed it in part or as a whole. It is likely therefore, that the time of the debate will be extended at least two days to make up for the two days that have been wasted. The committee on rules will consider the question.

REMARKS BY SECRETARY MORTON.

His Position as to Agricultural Experiment stations Misrepresented.

Washington, Jan. 5. Secretary Morton expresses surprise at what he regards as a misrepresentation of his position in regard to the agricultural experiment stations appropriation and of his action in emitting that branch of the service from the estimates of department expenditures for the fiscal year. "As a matter of fact," said the secretary, "I have taken the same course in this respect as was adopted by my prede-cessor, General Rusk. I have taken pains in a statement included in my annual report to definet 8720,000 (the amount omitted for experiment stations) from the total decrease in the estimates, with the explanation that it is a sum improperly included in the department appropriation.

The inclusion in my estimate of \$25,000

for the purpose of experiment stations indicates that I do not expect the work of that division to cease. It is obvious that I would not have wasted words in my report urging the necessity for a more satisfactory and clearer definition of the reguhatlons of the stations to the department, and vice versa, had my object been merely to extinguish them altogether. I am affaid that the misrepresentations existing in the minds of many people is largely due to some misapprehensions on the part of a lew who ought to think some before they

ROCKFORD, Ills., Jan. 5 .- Full particulars of the bank robbery at Franklin Grove, according to the report of L. C. Wachsmuth, one of the stockholders, show that the actual cash loss will not exsed \$5,000. The safe, which was a valuable one, is a total wreck and the bank building seriously damaged as a result of

to locate the perpetrators by the peculiar class of work done by them with the drills. But the bank officials, as well as the general public, have little hope of landing th gang. There is no longer any doubt that the three suspicious characters who were seen to board the east bound passenger at Franklin Grove Wednesday morning at 3:45 o'clock were the robbers and that they went directly to Chicago.

Open for Business. There was a general cleaning up around the little bank, after which it was opened up for business. The officials say the rob-bery will not have the slightest effect on bank, as the stockholders are all wealthy men, willing and able to stand the loss. There is still much excitement over the affair at Franklin Grove and all day long curious people have congregated around the building discussing the bold haul which was made. Many farmers who had just learned the news came in to get the latest details. None, however, evinced a desire to withdraw their money from the concern, as it has the entire confidence of

Another New Witness in the Cronin Mur CHICAGO, Jan. 5 .- The latest develop ment in the Coughlin investigation supplies the state with a brand new witness, The name of the new witness is Mrs. Horton and she lives on Woodside avenue. She knew both Foy and Coughlin and it is asserted that she will swear that she saw both men named at the corner of Roscoe and Ashland avenue May 12, the day the cottage floor was painted. Her testimony is relied on to prove ruinous to a certain branch of Coughlin's defense.

At last the long missing strap on the trunk sold to J. B. Simonds by Clerk Hat-feld of A. H. Revell & Co.'s furniture establishment, has been located. The state has found it in the pos-session of Adam Doerr, an old-shoemaker at 142% North Clark street, who says it was brought to him a few days before Dr. Cronin's murder by a man who wanted the buckle repaired. The job was done, but the man never came back. The identification of the strap adds another cley to the men concerned in the murder.
