## WELL KNOWN RIVER MAN.

Mr. A. M. Hertzberg, the Popular Steamboat Engineer, with the Van Sant & Musser Transportation Company.  
He Expresses Himself as Well Pleased With the Treatment of Drs. Stackhouse and Daniel Which Brought About His Recent Recovery.  
For hundreds of miles up and down the Mississippi, from this point, there are few men better known or more highly esteemed than Engineer A. M. Hertzberg, of the Van Sant & Musser Transportation company. The statement that Mr. Hertzberg makes public in these columns today possess a peculiar interest, and is of utmost importance to thousands of residents of the three cities and their environments.

ENGINEER A. M. HERTZBERG.  
"For a long time," said Mr. Hertzberg, "I have experienced a great deal of trouble from catarrh in its most severe forms. My eyesight became affected, and my eyes were at times watery and very weak. I had more or less headache nearly all the time, with occasional attacks of dizziness.  
"My hearing for the past year has been very bad, and was constantly growing worse. I had throat troubles, too, that were very annoying. The frequent reports of cures performed by Drs. Stackhouse and Daniel in cases where other physicians had failed, induced me to take a course of treatment at their institution. From the very first I began to improve. My progress has been since continued steadily and without interruption. To say that I am well pleased with the results of their successful treatment in my case does not sufficiently express the high esteem in which I hold these physicians and their methods. I am more than pleased, and am glad to recommend them."  
Mr. Hertzberg has always resided in Davenport and LeClaire, in the same county. His home at present is at LeClaire.

**KNOWLEDGE**  
Brings comfort and improvement and tends to personal enjoyment when rightly used. The many who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.  
Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.  
Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co., whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
