ANOTHER DELAY.

The Prendergast Hanging Deferred Until Friday.

Absence of Counsel for the Harrison Family.

The Murderer Again Makes an Exhibition.

Says the Plea of Insanity Was Not His.

And is Anxious to Proceed Forthwith.

CHICAGO, March 24.—The trial that is to determine the mental condition of Prendergast, Mayor Harrison's murderer, set for this morning, was postponed until Tuesday, owing to the absence from the city of A. S. Trude, counsel for the Harrison family. The delay of inquiry is not at all satisfactory to Prendergast, who, despite the efforts of the bailiffs, mounted a chair and harangued the court. He said that, unless the court prolonged the date of his execution beyond April, he objected to any delay of the inquiry and was prepared to proceed. The plea of insanity, he declared, had again been set up regardless of his consent.

The Prisoner Again in a Rage.
References made by his counsel to his mental condition threw the prisoner into a furious rage. "My only plea is justification and truth," he said. "We have no desire to keep anything in the dark."

COXEY IS HOPEFUL.

He Receives Assurance of Support from Many People.

PITTSBURGH, March 24.—General Coxe, who has been in this city for the past two days arranging for the passage of his army of peace through here has returned to Massillon well pleased with his success. He said he had received assurances of support from many persons, the prominence of some of whom surprised him. He asserted emphatically that his was an army of peace, and he would see to it that when the march commences next Sunday unarmed men alone will participate. Eight men, who were on their way to join Coxe's army, were arrested in the Ft. Wayne yards, in lower Allegheny, by Officer Deibert on a charge of trespass lodged against them. In default of a fine of \$5 and costs they were sent to jail for five days each. They gave their places of residence as New York, Philadelphia and Baltimore and were about as dirty a set of men as ever occupied a prison cell. Railroad Officer Deibert in an interview said: "I have counted 100 men passing through the yards on foot on their way to Massillon."

THAT LANCASTER DYNAMITE.

He Monkeys with Explosives Because He Dates on Destruction.

LANCASTER, Pa., March 24.—Four recent attempts to burn the large hardware establishment of George M. Steinman & Co., of this city, led to an investigation which has resulted in the detection of the author of the three late dynamite outrages here. The culprit is Charles Rawn, a young man belonging to one of the leading families of this city, whose sole incentive seems to have been an insane desire to destroy something. Rawn was confronted with the evidence collected by Steinman relative to the attempts to burn the store and he made a full confession. The first bomb did not explode. The second one badly injured the Cherry street bridge over the Pennsylvania railroad. The third was exploded on the porch of Dr. Baker's residence, doing considerable damage. The night Rawn exploded the last bomb he had first been at the opera house and carried the bomb with him.

Shea Committed for Trial.

ALBANY, N. Y., March 24.—Bartholomew Shea, accused by the coroner's jury of killing Robert Ross in Troy election day, was regularly committed by Justice Donohue on the charge of murder. John St. Boland, upon whom the police sought to fasten the crime, was discharged by the court and given a reception, his friends forming a procession and escorting him to his home under cover of the American flag. An effort was made by the police to have him re-arrested on the charge of carrying concealed weapons, but the court declined to issue a warrant.

Reached an Amicable Agreement.

NEW YORK, March 24.—The Distilling and Cattle Feeding company and the American Distributing company have reached an amicable agreement for the future conduct of their business. The details, such as drawing up and signing the papers, will take place soon. President Greenhut said he regarded the new contract about to be entered into with the Distributing company the best arrangement that the trust had ever had for the distribution of its products in the east.

Found Frozen on the Plains.

LARAMIE, Wyo., March 24.—Robert Baker, a sheep herder, was found frozen to death on the plains five miles from this place. Baker and a man named Small were in charge of 3,000 sheep. The storm became so severe that they decided to abandon the sheep and endeavored to reach town. Small reached the railroad and followed it to town. His hands and feet were badly frozen.

Two Lumbermen Killed.

TORONTO, March 24.—The express train east from Winnipeg on the Canadian Pacific railway ran off the track near Carleton Place, thirty miles west of Sudbury. Two men were killed and one was slightly injured. Other passengers escaped. The names of the dead men could not be learned. They were lumbermen.

GIGANTIC BOYCOTT.

Preparing for the Brewers of St. Louis Beer.

PHILADELPHIA, March 24.—Twenty-three breweries in St. Louis controlled by English capital are, it is reported, to be the object of a boycott by Knights of Labor, and the boast is made that before many months every one of those concerns will be idle. An official of the Knights of Labor said that this was likely to prove one of the most important fights that the organization has had on its hands since its conflict with the New York Central railroad. "Either," he said, "we will unionize the St. Louis breweries or we will bankrupt the English stockholders." A schedule is now being prepared of every saloon, and, so far as is practicable, of every private consumer using the product of the breweries under the ban. Each and every one of these will be approached in turn and asked to discontinue the use of the obnoxious product. If they refuse they will also come under the boycott.

The "Picket" Will Be a Feature.

The product of the breweries concerned goes into half the states of the Union, and hence the ramifications of the struggle will be deep and far-reaching. If it becomes necessary saloons using the English syndicate beer will be picketed, and organized labor will even be warned against patronizing any business man or business house that may use the beer of the boycotted breweries in their homes for domestic purposes. All the details of this extraordinary boycott will have been perfected before the assembling of the convention next month, and a special committee will be appointed to co-operate with the general executive board in enforcing it to the limit.

Amuses the St. Louis Brewers.

A telegram from St. Louis referring to the matter says: "The statement in a dispatch from Philadelphia that certain St. Louis breweries are to be subjected to a boycott is amusing here because of the fact that for nearly a year the breweries of St. Louis as embraced in the English syndicate purchases of some years ago, or all in the city but two, have been undergoing that affliction, and as a manager for the syndicate recently remarked are 'growing fat under it.'"

UNION PACIFIC WAGE SCHEDULE.

A Labor Editor Who Doesn't Agree with Eugene V. Debs.

OMAHA, March 24.—A despatch from Denver says that J. N. Corbin, editor of the Union Pacific Employes Magazine, speaking of the dispatches from this city regarding the probability of a strike, said: "From the knowledge I have of the situation at Omaha, I think the report untrue. Debs did much talking a week ago, but was set right when informed of the true situation on the road. There are yet some labor leaders who consider there is no weapon for labor to use but the strike. A better way is just what the Union Pacific employes are now trying to utilize; that is, the establishment of real arbitration through the courts as they now exist, holding that labor has established rights that courts must recognize. There will be no strike on the Union Pacific no matter how much outsiders may try to stir up one, at least not until the courts have been fully tried."

The C. and E. I. Difficulty.

CHICAGO, March 24.—Grand Master S. E. of the Brotherhood of Railway Trainmen has arrived here to attend a meeting early next week of representatives of the brotherhoods of trainmen, conductors and baggage men, called to consider the new schedule of pay to go into force on the Chicago and Eastern Illinois railway April 30. The officers of said road will be conferred with and the unpopularity of the schedule from the men's standpoint shown. Wilkinson said that the plan adopted by the road to compel the men to accept the schedule or consider themselves out of the employ of the company is a very remarkable one.

Politics, Religion and Juries.

DENVER, March 24.—In the case of Tim Drew and James Burns, charged with robbery, Attorney Tom Ward, for the defense challenged a juror because he was a member of the American Protective association. The challenge was overruled. He then challenged the entire jury and found that eleven out of the twelve were members of this organization. The attorney at once asked for a new venire and that the coroner's office have charge of the jury, on the ground that Sheriff Buchanan was prejudiced against the defendants because they are Roman Catholics.

Pleading for Brazilian Reds.

RIO DE JANEIRO, March 24.—The governments of the United States, Great Britain and Italy have unitedly recommended to the government of Brazil that a humane course be adopted in regard to the insurgent refugees who have sought shelter on board the Portuguese warships. The representatives of the governments mentioned have urged in support of their recommendation that the insurgents have committed no crime against common law.

Cleopatra Was Mighty Handy.

PROVINCETOWN, Mass., March 24.—A letter received here from Captain E. T. Ryder, formerly of this place, contains an interesting fact concerning the situation at Bluefields, Nicaragua, where he now resides. He reviews affairs at Bluefields previous to the arrival of the British warship Cleopatra, and says that if it had not been for her coming all American and other foreign residents of the place would have been killed.

Excitement at Buda-Pesth.

BUDA-PESTH, March 24.—Excitement is running high in this city over the attempt of the students to compel a universal display of mourning in honoring the memory of General Kossuth. The riotous demonstrations have caused much trouble and efforts will be made to prevent their recurrence.

Mello to Continue the Struggle.

BUFFALO, N.Y., March 24.—Advices received here from Destro say that Adm. de Mello has been proclaimed head of the provisional government and that he has announced his intention of continuing the struggle against President Peikoto. The mouldeers employed by the Lockwood Manufacturing company at South Norwalk, Conn., have struck because the company refused to restore a recent cut of 25 per cent. in wages.

THE COURT RULES.

The Colorado Case Handed Down.

Remanded to the Lower Courts.

While Gov. Waite is Roundly Rebuked.

No Authority for Calling the Militia.

Fatal Fire in San Francisco Today.

DENVER, March 24.—The supreme court this morning decided the question propounded by Gov. Waite last week as to who are the legal members of the fire and police board, substantially against the governor. The opinion is that the question as to who are the legal members of the board must go to the district court for decision, and the governor is severely criticised for calling out the militia.

Fatal Fire in San Francisco.

SAN FRANCISCO, March 24.—The residence of Mrs. Irving was destroyed by fire this morning. Her daughter and 4-month-old baby were suffocated by smoke, and Mrs. Irving was fatally injured in jumping from the window. The fire was of an incendiary origin.

Guided by Her Mother's Spirit.

KANSAS CITY, March 24.—Mrs. George Macomber of Chicago has been guided by her spirit mother to Independence, where she located her runaway husband, just as the spirit told her she would, so she says. Her husband left her a year ago, she affirms, and in company with Mrs. R. D. Brown fled to parts unknown. Her dead mother appeared to her and told her that she would find the pair at Independence, and she found them. Macomber is a barber.

Saved Her Child from Drowning.

CHAMPAIGN, Ill., March 24.—Mrs. Charles Hall of this city by presence of mind saved her 3-year-old child from drowning. While at work in the house she heard the trapper which covers the cistern fall. She hastened to the cistern and beheld her 3-year-old son struggling in the water. A garden rake happened to be at hand and with this she rescued the child. After the child was safe Mrs. Hall fainted.

Looks Pretty Black for McKane.

NEW YORK, March 24.—Gravesend's board of audit, made up of C. C. Overton, D. S. Van Sicken and James Voorhes, give out the statement officially that John Y. McKane's accounts with the town were so muddled that he apparently owes Gravesend nearly \$700,000.

Complaint Against Dr. Paxton.

NEW YORK, March 24.—The board of health has entered formal complaint against Rev. Dr. Paxton for failure to report the marriage of Colonel Brockbridge and Mrs. Wing.

What the Irrigation Men Want.

OMAHA, March 24.—The irrigation convention adopted the report of the resolutions committee, the effect of which is that the United States government should appropriate money to test the whole matter of irrigation by experiments as to its practicability and effect.

Don't Forget the Good Roads.

DES MOINES, March 24.—The good-roads bill was read, and amendments, only securing 22 votes in favor of passage. The house adopted a resolution providing for final adjournment on April 6.

Don't Forget the Good Roads.

DALLAS, Texas, March 24.—General W. L. Cabell has been elected from Honduras. He reports two or three revolutions on hand and a general election for president.

The largest bell in the world is in the Kremlin, Moscow. Its height is 21 feet 4 inches; its circumference, 67 feet 4 inches. Its weight is estimated at 442,772 hundredweights.
