THE CITY COUNCIL.

Official Proceedings of Last Night's Meeting.

CITY COUNCIL ROOM, ROCK ISLAND, April 16.—The city council met in regular semi-monthly session at 7:30 p. m., Mayor Medill presiding and all the aldermen present except Fickenscher. The minutes of the last regular and subsequent adjourned meetings were read and adopted.

Ald. Biadel moved that the rules be suspended and the report of the special city hall committee be received. Adopted.

Ald. Roth, from the city hall committee, reported the appraisal of a lot offered by the People's Power company at \$18,500, by the appraisers, Messrs. John Ohlweider, J. M. Buford and John Crabbagh. Report ordered placed on file, on motion of Ald. Corken.

The clerk read a proposition from Messrs. T. B. Davis and S. S. Davis to put up a city hall building on plans approved by the city council on an annual rental of \$5,000 a year and six per cent interest on the investment, the property to be deeded free of cost to the city at the close of the payments. Ald. Biadel moved that a resolution authorizing the mayor and clerk to enter into a lease contract be adopted.

The clerk also read a remonstrance against the erection of a city hall, and against the proposed site, from John Volk and others. The council was then addressed by Hon. W. H. Gest, who denied the power of the city to make a contract such as is proposed, when in debt to its constitutional limit. Ald. Kennedy called for the decision of the city attorney as to the power of the city to make a contract such as is proposed. City Attorney Hans said that he viewed the matter differently. The council has no right to add to its indebtedness when the limit of indebtedness has been reached. It has, however, a right to expend its current revenues, raising certain portion each year for the rental of a city hall, without incurring debt or taxation for the purpose. S. S. Davis also spoke. The question was then put and the resolution was adopted, 12 to 1 (Danber).

Ald. Schroeder, from the bridge committee, submitted a resolution recommending an appropriation of \$1,000 for the purchase of a bridge of 150 feet span, from the C. R. I. & P. railroad, and putting it in place on Thirteenth avenue, near Twenty-eighth street. The resolution was adopted by unanimous vote.

Ald. Kennedy moved that the mayor and city clerk be authorized to enter into a contract with the C. R. I. & P. Railroad company for the purchase of this bridge for \$750. Adopted.

Ald. Evans moved that a petition of Henry Joye for leave to erect a dance floor within the fire limits be referred to the fire and light committee with power to act. Adopted.

Ald. Kuschmann, from the street and alley committee, reported favorably as to certain work of a temporary character on Fourth and Third avenues. Reports adopted.

Ald. Roth, from the waterworks committee, reported favorably on the petition for a watermain on Twenty-first street. Report adopted.

Ald. Maucker, from the ordinance committee, reported as to the petition for the creation of the office of plumbing inspector, referring the matter to the next council. Report adopted.

The mayor reported in behalf of the special central depot committee, a letter from the president of the C. R. I. & P. Railroad company declining the request to run trains to Twentieth street, and asking to be discharged. The report and request were adopted.

Ald. Maucker reported an ordinance repealing section 4 of the ordinance in relation to telegraph poles, etc. Passed by unanimous vote.

Ald. Maucker reported an ordinance for the improvement of portions of Nineteenth street, Sixth avenue and other streets, by special taxation. Passed by unanimous vote.

Ald. Kuschmann reported an ordinance establishing grades in Barth &

Babcock's addition. Passed by unanimous vote.

Also an ordinance establishing grades in Columbia park. Passed by unanimous vote.

Ald. Foss offered a resolution calling on the city engineer to make estimates of the cost of certain sidewalks in the Seventh ward. Adopted.

Ald. Roth offered a resolution authorizing the waterworks committee to arrange with the Davis company for the laying of a water pipe on Twenty-third street. Adopted.

The mayor reported the Jack water fountain removed to the new scale pavilion and that the pavilion in which the fountain stood can advantageously be removed to Flatiron square. Ald. Maucker moved that the mayor and city clerk be authorized to enter into a contract to remove the pavilion to Flatiron square. Carried.

The mayor reported that Surveyor H. G. Paddock would make an estimate of straightening Seventh avenue at a cost not exceeding \$10. The mayor was authorized to employ Mr. Paddock for this purpose on motion of Ald. Nelson.

The clerk read a petition from the executor of Joseph Hardy asking that certain property be redeemed from a special tax lien. Referred to the claims committee and city attorney.

The clerk read a petition from L. S. McCabe asking relief from a sewer assessment alleged to be in error. Referred to the sewer committee to report at next meeting.

The clerk read a petition from John Polzin for permission to erect a frame barn. Referred to the fire and light committee with power to act.

The clerk read a petition from H. H. Cleveland, to be allowed to fill a sidewalk to grade at a cost not exceeding \$15. Ald. Maucker moved the street superintendent be instructed to fill this sidewalk to grade immediately. Carried.

The clerk read a petition for the filling of certain alleys, by L. Susannah and others. Referred to the street and alley committee.

The clerk read a remonstrance from George Wagner and 119 others against any action by the city, looking to the removal of the C. R. I. & P. depot. Received and placed on file.

The mayor nominated for policeman, Richard Kearns, and asked his confirmation. Lost 6 to 7.

Ayes—Corken, Danber, Maucker, Evans, Kuschmann, Foss—6.

Noes—Roth, Biadel, Kinney, Schroeder, Kennedy, Cramer, Nelson—7.

Ald. Evans moved that a request of the base ball club to be allowed to occupy 15 feet of Forty-third street during the base ball season be referred to the mayor and street and alley committee. Carried.

Adjourned on motion of Ald. Maucker.

A. D. HESING, City Clerk.

A Little Girl's Experience in a Lighthouse.

Mr. and Mrs. Loren Trescott are keepers of the Gov. Lighthouse at Sand Beach, Mich. and are blessed with a daughter, four years old. Last April she was taken down with measles, followed with a dreadful cough and turning into a fever. They say Dr. King's New Discovery is worth its weight in gold, yet you may try a bottle free at Hartz & Ullmeyer's.

"Sweet the Pleasure."
"Sweet is pleasure after pain," says Dryden, while Young tells us that "a man of pleasure is a man of pain." Possibly so, no doubt, a man must sometimes take pains if he would secure pleasure. But when pains take the man there is no pleasure for him. If he wants pleasure let him take pains to get Dr. Pierce's Golden Medical Discovery. It is a certain cure for all diseases of the blood and skin. It should be tried by all afflicted with tetter, salt-rheum, scald head, St. Anthony's fire, erysipelas, ring-worms, pimples, blotches, spots, eruptions, boils, carbuncles, sore eyes, rough skin, scrofulous sores, swellings, rheumatism, affection of the skin, throat and bowels, ulcers of the liver, stomach, kidneys and lungs. Purify the blood, and health will return.
