HAVE YOU Kidney Trouble? Bladder or Urinary Trouble? Catarrhal trouble. Do you want immediate relief and cure? Get SAN JAK. For sale by all druggists. Read what Dr. Snyder, formerly of Freeport, says: Chicago, March 7, 1893. Dr. Barnham, 34 Adams street, City: My Dear Doctor—My attention was first called to "San Jak" last year in the case of Captain J. M. Brown, of Alton, Ill., who was attacked in this city with acute nephritis (inflamed kidneys) and cystitis (inflammation of bladder). After prescribing the usual remedies without avail, "San Jak" was suggested, and the improvement was so marked after the first dose that a complete cure followed so speedily, that I at once commenced an investigation of the merits, and have since prescribed it in almost every known form of kidney, bladder, urethral, vaginal and catarrhal troubles, followed in each instance by the happiest results. In my own case (cystitis) the relief it gave me in a few days was simply marvellous. A case of neuritis in my own family was very much improved by a few doses, and radically cured in less than a week. I have since had experience in a number of instances of leucorrhoea. I am free to say that I have found no remedy that is equal to "San Jak."

Gymnasium connected with bath rooms.

A VETERAN'S VERDICT. The War is Over. A Well-known Soldier, Correspondent and Journalist Makes a Disclosure. Indiana contributed her thousands of brave soldiers to the war, and no state bears a better record in that respect than it does. In literature it is rapidly acquiring an enviable place. In war and literature Solomon Yewell, well known as a writer as "Sol," has won an honorable position. During the late war he was a member of Co. M, 3d N. Y. Cavalry and of the 13th Indiana Infantry Volunteers. Regarding an important circumstance he writes as follows: "Several of us old veterans here are using Dr. Miles' Restorative Nervine, Heart Cure and Nerve and Liver Pills, all of them giving splendid satisfaction. In fact, we have never used remedies that compare with them. Of the Pills we must say they are the best combination of the qualities required in a preparation of their nature we have ever known. We have none but words of praise for them. They are the outgrowth of a new principle in medicine, and tone up the system wonderfully. We say to all, try these remedies."—Solomon Yewell, Marion, Ind., Dec. 5, 1892. These remedies are sold by all druggists, on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, six bottles \$5, express prepaid. They positively contain no opiate nor dangerous drugs.

MOBSEVERY WHERE. Coal Strike Turbulence is on the Increase. ILLINOIS REGIONS IN A TURMOIL.

Property Worth \$5,000 Destroyed at Centralia—An Attack on Odin Headed Off and Would-Be Assassins Arrested—Preparations for Trouble at Pana—Decatur Threatened—Shaft Raided at La Salle and Several Persons Wounded—Call for the Operators to Meet. SPRING VALLEY, Ill., May 25.—A crowd of foreigners surrounded No. 1 shaft for the purpose of stopping the men at work on the fire. This makes the second time this has been attempted right in the face of a mass meeting of miners disapproving of such action. Alderman O'Brien, a miner who is quite popular with the foreigners here, went among them and in quite forcible language told them to go to their homes and quit congregating at the shafts; that they were greatly injuring their cause. His arguments had a good effect and the mob dispersed. A Pole was caught later in the act of throwing a stone at No. 1 tower. He was arrested and placed in the city jail.

Released by a Polish Mob. In the evening a mob of infuriated Poles and Lithuanians marched to the jail and released the prisoner. Later the police force attempted to arrest the ringleaders of the mob in the Polish district, but they were set upon by another gang armed with knives and missiles. One officer was struck on the arm by a flying stone. A Polish woman brandished a revolver and defied the police. Mayor Jackson has issued orders to the police not to make any arrests until the excitement has died down. The Knights of Labor of this city held a meeting and in consequence the following circular was posted up: Advice to the Miners.

"MINERS. Advice from the executive board of the United Mine Workers of America urge the miners of Spring Valley to allow the fires in the mines to be put out and to allow any and all men who desire to work at the fire to do so. Liberty Assembly No. 847, of Spring Valley passed a resolution to the above effect and advise all men to stay away from the mines, unless at work at the fire and keep within the bounds of the law."

THINGS LIVELY AT MINING POINTS. Some Mobocratic Developments at Centralia and Other Places. CENTRALIA, Ills., May 25.—The city has been in a state of intense excitement all day over the mine troubles that began here at 4:30 in the morning in the destruction of the property of the Big Four mine by about 350 Duquoin and St. Johns miners, who came here on an I. C. freight to suppress work at this mine. After the mob had destroyed about \$5,000 worth of the company's property it left the city and two miles north of here separated into two gangs, one party going to Sandeval and the other to Odin. The mines are running at Odin and it was expected that destruction of property would follow their arrival there. Sheriff Helms swore in about 125 deputies and after arming the posse chartered an I. C. train and sped to Sandeval, where the west gang was overhauled already headed for Odin.

The train was quickly transferred to the B. and O. track and the deputies reached Odin a few minutes in advance of the two branches of the posse. On leaving the train at Odin the deputies marched out and met the miners about half a mile out of town. They were surrounded and a few shots fired, but no harm done. A portion of the mob surrendered and the remainder fled. The capture composed about eighty men, who were brought here by a squad of deputies and placed under guard at the Opera house. Another squad was brought to the city later, and in all there are about 100 of the miners under arrest here. Threats have been made that the prisoners will be released and the city authorities have sworn to a large force extra police to assist the deputies and guard the peace of the city.

Promised a Warm Reception at Pana. PANA, Ills., May 25.—Owing to the lawless acts committed at Centralia there was a special train sent after the sheriff, and he has been here swearing a special deputy sheriffs. Over 250 men were armed and signals agreed to. Winchester rifles will be the arms used, and a warm reception will be given to any mob of strikers who come here to interfere with the constitutional rights of any man who desires to work. No trains have come from the south over the Illinois Central road, that company abandoning all such trains to prevent any of the strikers reaching here.

Trouble Expected at Decatur. DECATUR, Ills., May 25.—The Decatur Coal company began digging coal this week after being shut down three weeks. Twenty new men were put to work Wednesday and forty yesterday. A committee claiming to represent the 300 old miners notified Superintendent Armstrong that if he sent his new men down the shaft today the miners would take them out. The new men will be sent down. Trouble may follow.

ANOTHER RIOT IN PENNSYLVANIA. Four of the Strikers Killed and Double That Number Wounded. UNIONTOWN, May 25.—The long threatened attack by striking miners on the pits of the Washington Coal and Coal company at Stickle Hollow, in the fourth pool district on the Monongahela river, has been made, involving another grim tragedy. The fight was one of the fiercest in the history of the mining troubles in western Pennsylvania, and in the section where it occurred, as well as throughout the whole coke region, the situation it has developed is one of the most intense excitement and dread uncertainty. Four strikers are lying dead and double that number are badly wounded, some of them mortally. Thomas Kenan, of Wood's Run, is the only American killed in the encounter with the deputies. The other dead men are Slavs. The wounded men, who fell under the first volley from the retreating strikers and even now the actual number of wounded of wounded is not definitely known, their friends having the strongest motives for concealing them. The strikers furnished all the dead men; not a deputy was fatally hurt and only three of them were wounded. The fight occurred in the public roadway leading to the Stickle Hollow plants. Two thousand

strikers, after camping near the works all night, came out there to intercept the men on their way to work, induce them to come out and help win the strike. A few of them carried Winchester rifles, while fully fifty others were armed with shotguns, muzzling-loading rifles, and revolvers. Because of their threatening demonstrations and the fact that they had given notice to the company that they had come to drive off the deputies, if necessary, there were half cartridges in the Winchester carried by the guards, and the entire outfit at the works was in general readiness to receive raiders. The deputies had specific orders, and it is admitted that the company had conveyed to them directions to shoot to kill.

Hand-to-Hand Fight with the Mob. LASALLE, Ills., May 25.—A mob of 1,000 coal strikers, none of them English speaking, raided the shaft of the La Salle county Carbon Coal company here and in a conflict with the sheriff and his deputies five strikers, Sheriff Taylor and Deputy Sheriff Tom Hoolihan and John Dwyer, were wounded. The mob closed in on the officers and a hand-to-hand fight ensued. Three men were arrested, but one of them was released on the men threatening to tear down the jail and burn the city hall.

Crawford Calls on the Operators. DANVILLE, Ills., May 25.—The mob has shut up all the mines here, even that of ex-Mayor Beard. Crawford, president of the State Miners' union, has issued a call announcing that a meeting of coal operators will be held at Springfield on Monday to try to adjust the matter and end the strike. The call is signed only by Crawford and no authority from the operators is stated therein.

President Victoria's birthday, and the anniversary thereof was remembered by her loyal subjects all over the world. London was joyfully decorated. The queen is 75 years old and will have reigned fifty-seven years if she lives until June 20 next, the longest reign of any English monarch except George III. Fifty years ago yesterday, May 24, the first telegraph message was sent. It was from Washington to Baltimore, and the message was: "What hath God wrought?" That was the only telegraph line in the world at that time.

Robinson Is "All Top Up." ROMONSO, Ills., May 25.—Robinson is stirred by a sensation over the discovery that there has been a detective here for the past month attempting to unearth \$30,000 in gold said to have been left by the late Dr. David Wilson, who died several months ago. Several warrants have been served for the purpose of searching the homes of relatives for the lost \$30,000. A nephew who waited on the doctor during his last illness, and whose house was the first searched, has been accused of giving poison to his uncle to secure the money.

Cold Water Convention in Ann Arbor. ANN ARBOR, Mich., May 25.—Mayor Darling made an address of welcome for the city at the twentieth annual convention of the Woman's Christian Temperance union of Michigan, which is in session in this city. About 400 delegates were present. Reports were read which showed that there were 8,435 members in this state.

A Jury Composed of Women. Such an announcement may seem strange, but it is a fact. The jury was an immense one, too, and the trial has lasted for many years. We refer to the trial of Dr. Pierce's Favorite Prescription. As to its merits, there has been a unanimous verdict rendered in its favor. Indeed it would be impossible to get together any number of ladies who had given it a trial who would come to any other conclusions. It cures ulcerations, displacements, removes the tendency to cancerous affections and corrects all unnatural discharges. To those about to become mothers it is a real boon, for it lessens the pains and perils of childbirth, promotes the secretion of an abundance of milk for the child and shortens the period of confinement.
