

The Stove Question

Involves many points beyond the mere looks of it. Efficiency, economy, durability and cleanliness all demand earnest consideration. Jewel Stoves and Ranges stand every test.

The trade mark of the largest stove plant in the world is an iron clad guarantee of perfection—a sign by which the person who has never bought a stove can do equally as well as the expert. Ask to see them at the Dealers. This is the mark.

A Thief Rewarded.

A thief in the act of breaking into a safe was greatly astonished on looking up to see a gentleman quietly watching his proceedings. He tried to escape, but the gentleman stopped him.
"Go on, my friend," he said. "I am greatly interested in your work."
"How is that?" inquired the astonished thief.
"Because I have lost the key to this safe. If you can open it, you shall be well rewarded for your trouble."—*Lequin.*

Pull off with starch and glass serene,
The linen collar starts the morn;
Pull off at noontime it is seen
All wilted, wrinkled and forlorn.

That's what you must expect of such a collar; it's the linen of it. The stand-up collars won't stand up, and the turn-down collars will wilt down. The easy, cheap, and pleasant way out of this is to wear "CELLULOID" COLLARS AND CUFFS. These goods are made by covering linen collars or cuffs with both sides with "CELLULOID," thus making them strong and durable, and waterproof, not affected by heat or moisture. There are no other waterproof goods made this way, consequently none that can wear so well. When soiled simply wipe them off with a wet cloth. Every piece of the genuine is stamped like this:

Insist upon goods so marked if you expect full satisfaction, and if your dealer does not keep them, send direct to us enclosing amount and we will mail sample. State size, and whether a stand-up or turn-down collar is wanted. Collars 25c. each. Cuffs 50c. pair.

QUEERED QUINCY.

Rock Island Wins Out Easy at Twin-City Park—Saturday's Games.

Yesterday's game at Twin-City park between Rock Island and Quincy was witnessed by a fair crowd, but the people did not see what they expected—a good game of ball. It lacked life and ginger, more particularly so on Quincy's part. Sonier was in fine shape and could not have pitched a neater game, only four hits being made off him, but his support was very ragged at times. Donnelly pitched a very poor game for Quincy, the Twins getting 14 hits.

The Game.
Sweeney came up to the plate and hit the ball so hard that he broke his bat, but he was out on a fly. Cantillon made a hit in left, Putty hit to right, advancing Joe to second. Katz hit to first, and on Johnson's error was safe. Cantillon scoring and "Putty" going to third. Then Kreig made a nice hit in center and Putty came home. Hill fouled out. Sage hit to Donnelly and on his error got second, and Katz came home. Lynch was next, and he made a nice single and stole second. Sonier flew out and Paddy died on base. Quincy didn't get anything in its half. In the second Rock Island got three scores. Little Danny got a home run, the only one made in the game. Cantillon flew out to Mertes, "Putty" got a base on balls, and on a hit in right Katz got second and Putty went to third. Kreig got first on a hit in left and Putty and Katz scored. Hill hit to Mangan and Kreig was doubled at second. Quincy got one in its half and then the game commenced to drag, neither side scoring till the fourth inning, when Quincy got three, two of them being due to Katz' error in fumbling a liner. In the fifth Rock Island got two runs. Kreig hit to center, Hill hit to Donnelly and was out. Sage fouled out and Hill hit to Mangan, and on his wild throw was safe. Sonier hit to McVey, and he fumbled the ball just long enough to let Kreig and Lynch score and give Sonier two bases. Sweeney got a safe hit in right. Cantillon flew out to McVey, and Sonier and Sweeney died on bases. Rock Island clobbered the rest of the game, but Quincy got one in the ninth on Johnson's 8-bagger in left. The score:

Other Games.
Yesterday's Western association games resulted: At Omaha—St. Joe, 8; Omaha, 12. At Des Moines—Lincoln, 12; Des Moines, 18. The Peoria-Jacksonville game to have been played at Peoria was postponed on account of wet grounds.

Saturday's Games.
Saturday's games resulted: At Quincy—Rock Island, 9; Quincy, 0. Exhibition game—Rock Island, 1; Quincy, 8. At St. Joe—St. Joe, Omaha, no game; rain. At Lincoln—Lincoln, 7; Des Moines, 3. At Jacksonville—Peoria, 5; Jacksonville, 3.

Lineers.
That home run by little Danny was a beauty.

Cantillon's work at second and Kreig's hitting were the features of yesterday's game.

The Adams street nine defeated the Dock streets yesterday afternoon at the Horse pasture by a score of 32 to 28.

A nine from Rock Island, with South and Goodhart as its battery, went to Coal Valley yesterday to play a club at that place, and was defeated 7 to 3.

The team plays at Jacksonville tomorrow and the two succeeding days. The Jacks return for three games, the Twins remaining at home the rest of the season.

The game at Twin-City park Saturday afternoon between the Rock Island Buggy company and Sechler carriage works nine resulted in a victory for the Rock Island nine by a score of 23 to 27.

The game played at Quincy Saturday was an exhibition game, and therefore does not count in the percentage. Rock Island is credited with the scheduled game on the failure of Quincy to furnish balls, three new ones being required at the commencement of each game.

Mrs. S. S. Wetherbee of Kansas writes to The Union Signal: "There are now 797 prisoners in our state prison, and of that number only 14 are women. And yet women are such a dangerous class they cannot be trusted with the ballot."

SCHOOLS RESUME.

Teachers and Pupils Return to Their Duties Tomorrow—The New No. 4.

At 9 o'clock tomorrow morning studies will be resumed in the public schools of Rock Island. Vacation is over and the pupils and teachers will return to their tasks well rested, it is hoped, and eager to receive or impart instruction. Many of the teachers have spent their vacation out of town. Some have been at the northern lakes; others have listened to the whisperings of the sea—and possibly a handsome young man at the same time—down by the old ocean's shore; a few have visited foreign lands, and some, held by ties of love or duty, remained in the city. No doubt all have been benefited by the three months' respite from the toilsome work in the schoolroom.

The children, too, will be brighter at the beginning than at the end of the school year. Most of them find themselves advanced by a grade, and they feel a proper pride in the promotion. So the schools will reopen under pleasant auspices.

The New No. 4.
Rock Island enters upon its school year with an important acquisition to its already unsurpassed system of public school buildings. The new No. 4 building just completed at a rising of \$75,000, will be thrown open to pupils. The general public was given an insight to this magnificent structure this afternoon, when its doors were formally opened for inspection by order of the board of education. A description of this building at the present time would be superfluous, as THE ARGUS has given it fully on more than one occasion. Let it be sufficient to say that it is as handsome and complete a modern building as there is in the United States. It is a 14-room building furnished in keeping with its general design, an ornament and a credit from an architectural and constructional point of view, and in its erection the board has only followed in the footsteps of the preceding boards, which set the standard of Rock Island's public school system equal to the best in the country.

Parks' Tea clears the complexion. Mrs. N. Mevette, of Le Roy, N. Y., says: "I have used Parks' Tea and find it the best remedy I have ever tried." Sold by Hartz & Ullmeyer.

Ringlets, real old fashioned ringlets, are said to be a feature of coming coiffures.

A SURGEON'S KNIFE
gives you a feeling of horror and dread. There is no longer necessity for its use in many diseases formerly regarded as incurable without cutting. The Triumph of Conservative Surgery is well illustrated by the fact that RUPTURE or Hernia, is now cured without cutting without pain. Chimes, clanging trusses can be thrown away! They never cure, but often induce inflammation, strangulation and death. TUMORS (Ovarian, Fibroid, Uterine) and many others, are now removed without the peril of cutting operations. PILE TUMORS, Fistula and other diseases of the lower bowel, are permanently cured without pain or resort to the knife. STONE in the bladder, no matter how large, is crushed, pulverized, washed out and perfectly removed without cutting. STRICTURE of Urinary Passage is also removed without cutting in hundreds of cases. For pamphlet, references and all particulars, send 10 cents (in stamps) to World's Dispensary Medical Association, 463 Main St., Buffalo, N. Y.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paragoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.
