But if love can conquer them, Dr. Pierce's Pleasant Pellets can. You cannot buy real love as a drug at a store, but no live druggist will be found without Dr. Pierce's Pleasant Pellets. "Love" cannot do better than to recommend them.

Physicians

prescribe Scott's Emulsion of Cod-liver Oil and Hypophosphites because they find their patients can tolerate it for a long time, as it does not upset the stomach nor derange the digestion like the plain oil.
Scott's Emulsion is as much easier to digest than the plain oil as milk is easier to digest than butter. Besides, the fish-fat taste is taken out of the oil, and it is almost palatable. The way sickly children, emaciated, anemic and consumptive adults, gain flesh on Scott's Emulsion is very remarkable.
Don't be persuaded to accept a substitute! Scott & Bown, N. Y. All Druggists. 50c and \$1.
