REPORT BY CAMPOS

The Battle in Which Santocildes Was Killed.

HEARD OF THE REBELS' PRESENCE

But Could Not Retreat and Save His Honor, So He Went Ahead and Had a Monkey and Parrot Tied to His Back—British Protest Over Trinidad Island—Brazil's View of the Case—Parliamentary Election Results.

HAVANA, July 25.—The following official account of the battle of Valenzuela, on July 18, has been furnished to the correspondent of the Associated Press at Havana. It confirms the first report of the battle. Acting Captain General Arderius, who is in command at Havana during the absence of the captain general, Marshal Martinez de Campos, at the front, has just received the following message from the captain general: "On the 18th I started from Manzanillo to ward Vergueta and Bayamo. At Manzanillo, previous to starting, I received information which turned out to be misleading. But at Vergueta I was informed that Maceo was in the neighborhood of Bayamo at the head of large forces of insurgents.

The Marshal Stands by His Honor. "I had only 1,500 men with me, but I did not think it honorable to retreat, and I also thought that the numbers of the enemy were exaggerated, and consequently proceeded on my march, and eventually met the enemy near Perallos, about three leagues south of Bayamo. My column was commanded by the unfortunate General Santocildes. When the latter was killed in action I took command. The battle was a hard fought one. The field was most unfavorable for the operations of our troops. The enemy numbered three times more than we did, was well supplied with ammunition, and fought skillfully. We were surrounded by fire on four sides, and there were two moments of danger. The firing lasted five hours, and it was followed by another hour of fighting, in which our rear guard was engaged.

Figures Up the Losses. "Our losses in killed are the gallant General Santocildes; his adjutant, Jose Sotomayor; Captain Emilio Tomas, and twenty-five soldiers, and our wounded were Colonel Jose Vaqueiro, Captain Luis Robles, First Lieutenant Francisco Sanchez Ortega, Captain Traveset and ninety-four soldiers. I cannot ascertain the losses of the enemy, but it is said that they are over 500. General Suarez Valdes arrived yesterday, the 21st, with 1,400 men and we left for Vergueta today. Tomorrow I shall go to Manzanillo. Forward this message to the minister of war. (Signed.) "CAMPOS."

News from Insurgent Sources. From insurgent sources the following is obtained: "The defeat of the Spanish troops when General Santocildes was killed has given an impetus to the revolution, especially in the province of Santiago de Cuba, where the iron miners have joined the rebels. A letter has been received from General Maximo Gomez explaining his reasons for the proclamation forbidding work by the plantations for the supply of provisions to the town. He says that while Spain obtains sufficient revenue from Cuba to pay her soldiers the officials will continue to rule. When the revenue ceases they will retire. This practically means that the insurgents are prepared to ruin the whole country in order to force Spain's hands."

THAT ISLAND OF TRINIDAD.

A "Person in Authority" in England Explains Things Somewhat. RIO JANEIRO, July 25.—There is growing excitement in the city over the occupation of the island of Trinidad by the English. The government has dispatched two notes to the British legation of emphatic protest, quoting the order of the British admiralty of 1832, by virtue of which Trinidad was evacuated by the English and restored to Portugal.

LONDON, July 25.—Referring to the statement cabled from New York that Brazil has formally protested against Great Britain's claim to the island of Trinidad, a person in authority who was questioned on the subject by the representative of the Associated Press, says that British title to that island dates from the year 1760, when possession was taken of it without any objection upon the part of Portugal. It was added that hitherto Brazil has not advanced any claim to the island of Trinidad, but the British government is ready to discuss a friendly spirit any representations which Brazil may wish to make on the subject.

Arms for the Cuban Rebels. FERNANDEZ, Fla., July 25.—The two-masted schooner yachts Emma B. and Saucy Lass, with two Cubans and a quantity of arms and ammunition, left this port. Six miles off the coast the yachts met the schooner Carrie E. Buckman. The yachts remained alongside the Buckman long enough to transfer the passengers, arms, and ammunition, which the Buckman will take to Cuba. The transfer was witnessed by Harbor Master Lobman through a marine glass.

TORIES GAIN IN SCOTLAND. Some Features of the Elections Over in John Bull's Country.

LONDON, July 25.—The features of yesterday's returns were the Conservative capture of four Scotch seats in addition to three English seats. The temperance people are delighted at the fact that Sir Wilfred Lawson was re-elected in the Cockermouth division of Cumberland; but his majority was cut down by 530 votes in spite of the fact that Lawson is the largest land owner in the district, while his opponent was a comparatively unknown man.

The pollings for the parliamentary elections, so far as returned, leave the state of the parties as follows: Conservatives, 338; Liberal-Unionists, 69; total Unionists, 396; Liberals, 146; Parallels, 10; McCarthyites, 10; Labor, 2; total opposition, 217. The net Conservative gain thus far is 51.

There was a serious riot shortly before the close of the poll at Kilrush, County Clare, Ireland. J. F. Egan, the dynamiter who was recently released from prison, drove into High Street, where he was met with hostile cries of "Down with Egan, the traitor." Egan defied the crowd and flourished a stick in a threatening manner. Eventually the situation be-

came so serious that the police charged the crowd, who retaliated with sticks and stones. Many persons were injured during the fray.

Japs Have Hopes of English Help.

LONDON, July 25.—A dispatch to The Times from Vienna says that Japan is delaying negotiations for a new commercial treaty with China, and also the execution of the terms of the convention relating to the evacuation of Liao Tung peninsula, pending the result of the British elections, in the hope that the new government of Great Britain will support Japan against Russia.

Opinion of Walter Phelps Dodge.

LONDON, July 25.—Mr. Walter Phelps Dodge has written a letter to the Times in which he repudiates the statement made by Chauncey M. Dapew, when he arrived last week from New York, that Americans favor home rule for Ireland. Mr. Dodge says that while the politicians are compelled to truckle to the Irish vote many Americans oppose the policy of separation.

Belgians Cheer the King.

BRUSSELS, July 25.—The King walked out on foot in the crowded streets and was greeted in contrast to the reception which he met with after presenting the colors to the civic guard.

FOX RIVER VALLEY SITUATION.

Assistant Secretary of War Des Examines the Condition of Navigation.

APPLETON, Wis., July 25.—General J. B. Doe, assistant secretary of war, accompanied by Major Marshall, of the United States engineer department, and William Mann, of Oshkosh, assistant engineer in charge of the Fox river, arrived in the city and with a committee from Appleton went down the river, making a thorough examination of the condition of navigation and of the water power. The silent mills and factories and grass-grown river bed excited surprise among the government party.

After looking over the water power General Doe was escorted to the council rooms, where he met manufacturers and business men and listened to arguments and statistical statements regarding the situation. The outcome of the conference cannot be forecast, but the situation speaks for itself, and confidence is felt that General Doe cannot fail to realize that some relief is an imperative necessity, and that he will so modify the shut-down order as to provide such relief.

BIG MINERS' UNION ORGANIZED.

Strikers at Ishpeming, Negaunee and vicinity Pool Their Issues.

ISHPEMING, Mich., July 25.—The striking miners of Ishpeming and Negaunee and vicinity organized a miners' union with a membership of almost 4,000. Nearly every man at the meeting signed the membership roll and each paid a fee of 50 cents. It is proposed that each member pay \$1 a month into the treasury to be held as a reserve fund. There is no material change in the general situation here. The strikers are awaiting a reply from the companies at Cleveland and elsewhere.

Doings of Illinois Legislature.

SPRINGFIELD, Ill., July 25.—The senate refused to suspend the rules and pass the Hogan arbitration bill. Bills were introduced to tax gas and electric light plants 3 per cent. on their gross earnings, 2 per cent. to be used to create a fund to build municipal plants to tax telephones \$2 each instrument; to tax life insurance companies 2 per cent. on their premiums. In the house a bill was introduced making it embezzlement punishable with not longer than ten years in the penitentiary for a public officer to take for his own use the interest on public funds in his hands. The revenue bills were then discussed for a time, and no action taken.

Illinois Firemen's Tournament.

DECATUR, July 25.—The State Firemen's tournament is the largest in the history of the event. Edwardsville won the band contest, first class, and Clinton second class. Lincoln was the free-for-all hub-and-hub horse race, and Mt. Carroll the consolation. Monmouth won the free-for-all hub-and-hub and ladder race, and Havana the consolation. Mt. Carroll won the novelty horse race, Monmouth the novelty hook and ladder, and Lincoln the novelty coupling.

Collins Given Twenty Years.

TRENTON, N. J., July 25.—J. S. Collins, the negro who shot and killed Frederick Ohl, a student, at Princeton last June, and who was convicted of murder in the second degree, has received a sentence of twenty years at hard labor in the state's prison. No plea for clemency was made by Collins' counsel. The negro received his sentence stolidly and was unmoved even when Justice Gummere said that a verdict of murder in the first degree would have been proper.

Y. M. C. A. Building Damaged.

WASHINGTON, July 25.—The Y. M. C. A. building on New York Avenue, near the treasury department was almost destroyed by fire. C. C. Bryan's fine grocery store adjoins the association's building on the west and was badly burned, while the hardware store of James B. Lamie was also damaged. The Y. M. C. A. building was valued at about \$35,000, and was fully covered by insurance.

Says He Will Start with New Men.

CLEVELAND, July 25.—Secretary Bishop of the state board of arbitration, tried to settle the strike of the 400 employees of the Lake Shore Railway. President Burke refused to arbitrate, but the men were willing to do so. Burke says that when he gets ready he will start with new men, if the old men do not return to work, and will apply to the United States court for an injunction to prevent the strikers from interfering with new men.

"Soo" Road Raises Wages.

MINNEAPOLIS, July 25.—The Soo road has raised the pay of its engineers and brakemen to the schedule in force prior to August, 1903. Other classes of employees will be given similar restorations.

Rain Drowns the Forest Fires.

TRAVERSE CITY, Mich., July 25.—A good rain which has continued steadily for several hours put an effectual check to forest fires. This is the first rain of any consequence in two months.

Licking River on a Rampage.

CINCINNATI, July 25.—Licking river, which empties into the Ohio opposite this city, rose nine feet from midnight to 6 a. m., and is still rising.
