ROME, Sept. 21.—The fetes celebrating the twenty-fifth anniversary of the entry of the Italian army into Rome, which be gan on the 14th inst., culminated yester day in the ceremony of the unveiling of the monument of General Garibaldi on the Janiculum Hill, in the presence of King Humbert and the royal family, the court, the diplomatic corps, and deputa-tions of veterans who served under Garibaldi. The 50,000 people who witnessed the ceremony displayed the utmost enthu-siasm. The decorations of public and pri-vate buildings were of the most imposing and liberal character. Every mention of the names of Garibaldi, Italy and King Humbert was greeted with loud cheers. The English and American embassies alone had their flags hoisted.

Description of the Garibaldi Statue The statue of Garibaldi is by the sculptor Callori. It is an equestrian bronze, welghing fifteen tons. It has been erected in the grounds of the Villa Corsini upon an immense granite base on the four sides of which are shown four al legorical groups. The side facing Rome represents the defence of Rome against the rench in 1848. The opposite side shows the Garabaldians taking Calata Fima The third and fourth sides exhibit groups symbolical of America and Europe. Premier Crispi delivered an oration in which he eulogized Garibaldi without saying a word that might give offense to either France or the Vatican.

Crispi Defends Italy's Position. Signor Crispi dilated upon the inherent antagonism of statesmanship and religion, arguing that those claiming the restoration of the temporal power are actuated by far more human motives than that of The struggles incidental to political government, he said, would stifle all sentiment of veneration for Christ's vicar. Italy has given an example for other countries in renouncing ecclesiastical attrioutes and according the greatest respec to the liberty of the church. In the guar anty of spiritual autonomy the pope pos-sessed an unassailable fortress which might well be envied by all the powers of the world, and even by Protestants.
Pope Subject Only to God.

Pope Subject Only to God.

The pope is now subject only to God.

As a temporal prince his authority would be diminished, for he would then only be the equal of other princes, who would league themselves against him. After 1870 Pope Pins IX could contend with Bismarck. Catholics preaching rebellion should know that they are only assisting anarchy, which denies both God and the king. Signor Crispi concluded by saying; "The fetes are not directed against the pope. Do not let us mar the solemnity of this ceremony, in which the whole of Italy is united, but remember that the jubilee reminds us of our duty to defend a patriotic inheritance won through

King Humbert has conferred the order of the Annunciata upon and sent a flattering letter to General Caporna, the sole surviving member of the ministry of 1870. Dispatches from the provinces report that the day was celebrated everywhere with the greatest enthusiasm. Last night the city and the British embassy were brilliantly illuminated, and immense crowds paraded the streets. The weather was superb.

At 3 o'clock in the afternoon the mayor of the city unveiled the memorial column of Porta Pia, which is creeted upon the exact spot at which the Italian troops effected a breach in the city walls in 1870. Much comment has been caused by the fact that only the United States and British embassies noticed the occasion. The Vatican presented its ordinary aspect and the pope went to St. Peter's, where he spent a long time in prayer at the tomb of the apostles.

Methodist Church Dedicated at Rome. ROME, Sept. 21.-At 4 o'clock yesterday afternoon the Methodist church of this city was dedicated. Bishop Fitzgerald city was dedicated. Bishop Fitzgerald performed the ceremony of consecration, Pastor Dardi closing the exercises with prayer. Among those who were present were Mr. Anderson, representing the United States; the Austrian consul and a large company of prominent Italians and members of the Enylish and American colony in Rome. Many ladies were also present.

NEW YORK, Sept. 21.—The German Roman Catholics of the New York diocess man Carnottes of the New York choices held a meeting to protest against the spollation of the pope's dominion. Arch-bishop Corrigan addressed the meeting. An address to the pope protesting against the occupation of Rome and assuring him of sympathy and locality was adopted of sympathy and loyalty was adopted.

Not in Favor of Women Delegates. St. PAUL, Sept. 21.-In the Northern German Methodist Episcopal conferen the proposition to give women the right the proposition to give women the right to sit as delegates in the general confer-ence of the church was presented for ac-tion and the members refused to vote on it, adopting the following resolution: "We, deeming that the so-called Hamil-ton amendment proposition to be both un-constitutional and un-Biblical, protest and decline to vote upon the same."

DUN'S WEEKLY REMARKS ON TRADE, ourse of Prices for Wheat and Corn-Ef-

NEW YORK, Sept. 21.-R. G. Dun & Co.'s weekly review of the trade says: In spite of gold exports wheat advanced for some days, in all nearly 3 cents, mainly some days, in all nearly 3 cents, mainly because a single speculator bought, but on Friday fell, about 1 cent. Corp. rose and fell in sympathy with wheat, with as little reason. Good reports of foreign crops, weakness of flour in Minnesota and large exports of corn from this country all work against a rise in wheat, though scarcity of contract grades may help a speculative advance. Pork products have been reason ably yielding with prospects of a large corn crop, but before the close had a stronger tone.

tronger tone.

The surprising increase in production and advance in prices of iron seem to be bringing a natural check, as prices have bringing a natural check, as prices have gone so high as to cause some purchases from Europe, both of pig and finished products, and have also caused a distinct shrinkage in home demand. Pig bought at Middlesboro for America, and foreign ore ordered in large quantities to make iron in eastern furnaces, have depressed Bessemer at Pittsburg to \$16.90, though gray forge is higher at \$13.40. The beginning of a strike of Connelsville coke workers will tend to prevent reduction in workers will tend to prevent reduction in prices, unless soon stopped by concession of the 11 per cent. advance in wages de-

Leather has further advanced in some qualities, though the rise of 50 per cent. for the first half of the year on sixteen qualities has been followed by only 2 per cent. rise since July 1, and this week a break has occurred of 2 cents in union crop. Hides are 8 per cent lower than in July. The cotton mills which laid in stocks of cotton below 6 cents are enriched by the advance in material and enabled to make frequent advances in goods, which are sustained. The woolen manufacture is doing well in dress goods and hosiery, but the demand for men's woolens is much restricted and a few mills have

Sales of wool are smaller than last year, and for three weeks only 17,133,470 pounds, of which 7,718,370 were foreign, against 24,572,400 pounds in 1892, of which 7,614,-000 were foreign. Prices of foreign wool are so low that purchases for export have been made. The failures this week have been 213 in the United States, against 210 last year, and 32 in Canada, against 48 last year.

NEWPORT, R. I., Sept. 21.-Mrs. W. K. Vanderbilt is reported as saying; "Miss Vanderbilt is not engaged to the duke of Marlborough. I regret that the papers so often see fit to connect her with different friends of ours." The duke of Marlorough will visit the Atlanta exposition in company with Mrs. W. K. Vanderbilt and Miss Vanderbilt the last of the week. NEW YORK, Sept. 21.—Whether Mrs. Vanderbilt has been misreported in the above telegram, or whether something has happened of which she is in the dark may come out later, but the fact is undis putable that the engagement of the young duke of Marlborough to Miss Consuelo Vanderbilt was formally announced last night. The duke himself is authority for

The scene was one of indescribable emotion. King Humbert cordially saluted a nonagenarianGaribaldianwhose breast was of the most terrific battles has been re-
