 The lawn social at the residence of Mr. and Mrs. F. E. Robbins on Twenty-second street last evening, arranged by the Woman's Christian Temperance union, was a success both socially and financially. A short program given in connection with the affair consisted of a vocal duet by Miss Agnes Bixby and Mrs. J. E. Scott and a very fine violin solo by Frederick Runkel, who was formerly leader of the military band at the soldiers' National home in Milwaukee and a graduate of the Luenig conservatory of music of that city.
 Hydrogen Peroxide.
 The bleaching agent of the future, says a writer in one of the textile journals, is hydrogen peroxide, and it is even now considerably used in wool bleaching. The yarn is steeped in a solution of hydrogen peroxide to which a little ammonia has been added, thereby causing the decomposition of the peroxide into water and oxygen. The latter, being in its nascent state, readily attacks the coloring of the wool and forms a colorless oxidation product. This is a permanent white, and should be necessary it can be done after the bleaching. The bleached yarn is sometimes washed in acidulated water. From time to time various additions have been recommended for the peroxide bath, but with very little or no advantage. The bleaching solution is to be kept alkaline—indeed the more alkaline the better the quicker is the oxygen liberated; hence too much ammonia is almost as bad as too little.
 The Weather.
 Light thunder showers are probable this afternoon and tonight, unsettled weather Sunday; continued warm and humid; light variable winds. Today's temperature 92.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a disordered condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.
 If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

There Are Honest And Dishonest Refrigerators

Just as there are honest and dishonest men and women. On the refrigerator depends most of one's home comfort—the pleasure of eating, lightening of kitchen bothers, saving of time to do things—all this and more, too, comes from the honest refrigerator—the tricky and "made to sell" sorts beware of.

THE LEONARD "CLEANABLE"

Marks the highest point yet made in refrigerator making—15 patents cover its construction—is dependable in every way and helpful—the pride of the housewife. We'd like to show it to every lady in town.

NERVE TONIC

IS invaluable for Nervous Prostration, Headache, Dyspepsia, Loss of Appetite, Impure Blood and General Debility. A MOST DELICIOUS, COOLING SUMMER DRINK. The marked antiseptic powers of this preparation render it particularly valuable for the purification of impure drinking water. To be used as a beverage or for medicinal purposes, drink three or four glasses a day. After giving it a trial you will become convinced it is the best in the market, absolutely pure and free from all poisonous substances. Beware of so-called Wild Cherry Phosphates, as they contain mostly poisonous matters. COLUMBIA is guaranteed absolutely pure and wholesome, and makes a most pleasant beverage for summer and winter.
