Harry Chant, of 211 Haskell Avenue, Dallas, Texas.

"About fourteen or fifteen months ago I was working with a gang of men and happened to say to one of them, 'I hope it will not rain as I have a big washing to do for the children.'"

"The man said, 'What is the matter with your wife?'"

"For years my wife had been suffering from what the doctors called prolapsus of uterus. She was nervous, had cold hands and feet, palpitation, headache, backache, constipation, a disagreeable drain, with bearing down pains; no appetite. She got so weak she could not walk. I am only a laborer so was always in debt with the doctors, and all for no good, as none did her any good. We began to think that she was never going to get well."

"I told this man what the doctors said was the matter with her, and he said 'did you ever hear of Dr. Pierce's Favorite Prescription?'"

"I told him no, but I had tried so many patent medicines that I was tired of them all, and besides I did not have enough money to pay the doctor and the drug store. He said if I would get two or three bottles and try them, and if it did not do my wife any good that he would pay for the medicine. I went to the drug store (Mr. Clawber's on Elm Street), and bought a bottle. The first and second did not seem to have much effect but the third seemed to work like a charm. She has taken in all about thirteen bottles and she is today as stout and healthy as any woman in the United States. This is not the only case. Whenever I hear tell of any woman who is sick in the neighborhood I just send the book and paper that is wrapped around every bottle and that does the business. I am no longer bothered about doing my own washing and cooking, for my wife can do it all in one day and never seems tired or out of spirits now."

Dr. Pierce's Pleasant Pellets cure constipation, promptly and permanently.
