

ROCK ISLAND ARGUS.

VOL. XLVI. NO. 91

ROCK ISLAND, ILL., THURSDAY, FEBRUARY 3, 1898.

PRICE THREE CENTS.

AMID HORSE PLAY.

Hous. at Springfield Resolves Concerning Hawaiian Annexation.

NOT THE PEOPLE PAY FOR THE ACT.

Mar. of the Proceedings of the Executive. But Do Nothing Special. Hawaiian Annexation. The House of Representatives has passed a resolution that the Hawaiian annexation should be referred to the people.

Springfield, Feb. 3.—The senate by a vote of 28 yeas to 8 nays—not the necessary two-thirds of the whole body—refused to concur in the Hawaiian annexation to the primary election bill.

In the house Bovey's bill taxing life insurance companies 3 percent on their net receipts was advanced to third reading after being amended to make the tax 2 percent, and exempting fraternal beneficiary orders. Having adopted a resolution favoring the annexation of Hawaii amid considerable horse play, the house adjourned.

The revenue bill was reported from the house and read the first time, and after a warm debate was made the special order for Tuesday.

Grable's Town Site Scheme.

St. Louis, Feb. 3.—Francis C. Grable, whose transactions with Cashier Quinlan, of the Chemical bank of New York, have been exploited, arrived Tuesday with his wife and gave a written statement to the Associated Press this afternoon. He exonerates Quinlan from profiting in any way by the loans, and asserts that Williams, president of the Chemical bank, has been a stockholder for several years in one of his (Grable's) town site companies, and expressed complete satisfaction with the investment. After outlining the extent of his ventures throughout the west, he expresses the belief that they will be of ever-increasing value, but if they fail, he will be found without a dollar in the world.

Omaha, Feb. 3.—Suits aggregating \$20,000 were begun and attachments issued against the local property of F. C. Grable.

English Gun Now Fought at Sea.

Shanghai, Feb. 3.—The China Gazette says the British Indian, Australian and Pacific squadrons ordered ready to reinforce the fleet in the far east is giving the British an admiral's fleet, capable of coping with any combination opposing the British policy.

In the event of Russia holding her flag over the forts at Port Arthur, the British admiral has been ordered to hoist the British flag over Chusan, and the Japanese fleet will assault the Yang-Tze-Kiang as soon as the river opens. Seven thousand five hundred Russian artillery and cavalry, with quantities of stores and munitions, have arrived at Kiro, Manchuria.

London, Feb. 3.—On incontrovertible authority the Associated Press learns that Great Britain has not backed down on the question of making Ta-Lien Wan a free port.

With Remains With Their Effects.

Fort Warrick, Feb. 3.—Fifty passengers of the wrecked steamer, Corvus, declined to leave Lewis island on the steamer, Oregon, unless allowed to take all their baggage, outfits and animals. This Capt. Stephens refused. They are well supplied with provisions, tents and bedding.

Japan Withdraws Objections.

Washington, Feb. 3.—Japan has practically withdrawn all objections to the annexation of Hawaii by the United States. This is the result attained by the conclusion of the agreement settling the status of the Japanese in the islands giving them equal rights with Japanese in the United States.

Absence of Diplomatic Corps Comment.

London, Feb. 3.—Some afternoon papers refer to the absence of the Russian and German ambassadors at Salisbury's Wednesday reception to the diplomatic corps as a disquieting portent.

After the Senators.

Washington, Feb. 3.—The senate committee on interstate commerce decided to report the anti-scalping bill with recommendation that it pass.

Persons Cracked.

Winterhill, Mass., Feb. 3.—Fifteen passengers were seriously injured in a rear end collision on the Boston & Maine road here today.

Reported Spanish Losses.

Havana, Feb. 3.—It is reported that the Spanish lost 150 killed and many wounded in a battle with Garcia Jan. 21.

Noter for Rear Admiral.

Washington, Feb. 3.—The president has nominated Commodore Charles S. Norton to be rear admiral.

BLANCO'S "MASTERY INACTION."

Lets the Rebels Have the Right-of-Way All Over the Island of Cuba.

Havana, Feb. 3.—Spanish military operations continue almost paralyzed, the season most favorable for movements against the insurgents thus being lost. On Friday the insurgents entered the town of Artemisa, province of Pinar del Rio, and plundered several stores.

The governor of Pinar del Rio sent Jose Mendez Diaz as an emissary to the insurgent leader Perico Diaz with proposals of peace and surrender. The insurgents bring him near a railway station, with the governor's letter on his body. Monday night they renewed the attack on Artemisa, but were repelled, leaving two killed.

After attacking the Contancia plantation in Santa Clara province the insurgents burned immense cane fields. In a fight at Vega Alta in which the guerrillas were involved the insurgents captured seven guerrillas and wounded a captain, a lieutenant and five privates seriously. In an engagement near Guines the Spanish lost a lieutenant, a sergeant and five privates killed and thirteen privates wounded. On Monday night the insurgents attacked Cayalapa, the province of Pinar del Rio, but were repelled.

At Holguin, province of Santiago de Cuba, General Lugo is making urgent requests for provisions, as his officers are without rations. Private advices from Guala confirm the report that General Lugo's losses at Media were more serious than was officially given out. He lost not twenty but 30 killed and wounded. The insurgents under leader Jose Manuel Gomez surprised two companies of cavalry on the military trench near Ciego de Avila, and inflicted considerable loss, including a Spanish captain. The remainder of the Spanish force made a disorderly retreat to Ciego de Avila.

ABBREVIATED TELEGRAMS.

More than 2,000 cases of measles exist in Mayton, O.

The McIntyre block, in the heart of Winnipeg, Man., was destroyed by fire, loss, \$200,000.

An advance in the price of wire and rails is taken to indicate that the wire trust is a fact.

COSTLY FINANCIERING

Cashier of a New York Bank Sinks \$393,000 for the Concern in Six Weeks

MONEY LOANED ON POOR SECURITY.

Disastrous End of Thirty-Six Years' Faithful Service—His Honor Not Impugned, but His Brain Believed To Be Worn Out—Chicago Man Gets the Big End of the Cash—Erring Cashier Required to Resign His Position at Once.

New York, Feb. 2.—After loaning \$200,000 of the bank's money without consulting the directors Cashier William J. Quinlan, Jr., has resigned his position in the Chemical National bank, of this city, by request and President Williams says: "We have charged off nearly the whole of the loans to our profit and loss account, although we are satisfied that we shall recover a large part of the money eventually."

The president added that the bank was entirely sound and that creditors need feel no alarm. "In my opinion," said President Williams, "Mr. Quinlan has been made the victim of clever schemers. I believe that he has been mentally irresponsible for months, though there was nothing apparent in his actions to betray this to us." One of the men who has borrowed money from Quinlan is Francis Grable, of Chicago; another is John S. Silver.

Men Who Borrowed the Cash.

Referring to these men Williams said: "Mr. Quinlan had known Mr. Grable for some time, and six weeks ago, when the latter asked for a loan of \$50,000 to help along some scheme of his, Mr. Quinlan gave it to him. Then came another loan of \$50,000 which was also granted. Next Silver was brought into the deal."

"What is Silver's business?" President Williams was asked. "Wholly to get money out of banks," was the terse reply. "Quinlan was induced to make the first loan, believing the security to be all right. The amount was small, but when a start had been made the men wanted more money. Then, to save the first \$50,000, Mr. Quinlan made them another loan of an equal amount, and to save the \$100,000 gave them another \$100,000. In this way, in a little more than six weeks, the amount of the loans was run up to almost half a million dollars. It was not until it reached this figure that we knew anything about it."

Quinlan Finally Tells the President.

"Then for the first time Mr. Quinlan seemed to realize that something might be wrong with his accounts. So last Sunday he called on me at my home. I was simply dumfounded. I had never before had the slightest suspicion but what Mr. Quinlan was all right mentally."

Then I realized that something must be wrong or he would never have loaned money to Grable and Silver, or have advanced even the most trivial sums on the security they have given him. I examined it and decided it was almost worthless and made up my mind that the bank would lose every cent it had advanced. Mr. Quinlan admitted this idea. He still insisted that the security was good and would fully cover the amount he had loaned."

TOLD THAT HE MUST RESIGN.

President Williams Quinlan Is Honest, but Is Out of His Mind.

"I was not able to persuade him otherwise and at last told him he must resign and to do this at once in a letter to the directors. He was fearfully broken up by my decision, but did as I told him. I want to say this for Mr. Quinlan. Not the slightest suspicion of dishonesty rests upon him. I do not believe that he profited by these loans to the extent of one cent. Every dollar of this bank's money which he gave out went to these two men, and he would never have given them anything to say nothing of the large amounts they obtained—unless they had made him believe their securities were good."

"I am firmly of the opinion that Mr. Quinlan is out of his head, and that his trouble is due to overwork. He has been with us thirty-six years and has made his way up from office boy. During all that time he has been indefatigable in his labor. Of the men who got the money from Quinlan, Silver is the only one known to me." President Williams estimates that Silver received \$120,000 and Grable \$273,000. John S. Silver is connected with the New York Carbon company, the headquarters of which are at Newark, N. J. Quinlan lost nearly all his own private fortune some years ago in protecting the name

NATIONAL PROGRESSIVE SYSTEM OF MEDICINE.
