Two hundred Missouri mules have been sent to Manila to help set up a stable government.

You can see Phil Miller smile a mile away. But do not begrudge it to him—it's only temporary.

Wonder if McConochie really thinks the people have forgotten who he is since he came back from Oklahoma?

Among the other signs of national prosperity, business already shows signs of picking up—around on the corner.

A company of capitalists is being formed in Chicago to develop the Isle of Pines, one of the new West India possessions of this country.

If Secretary Alger gets it into his head that he ought to take a fall out of Joe Wheeler, the country, as the Peoria Journal puts it, will see lots of fun.

Do you think Medill will beat the duke of Argyle this time, did you ask? Do you think the United States could whip the kingdom of Spain again?

The tidings of the arrival of the battleship Oregon at Manila sends a thrill of pride as well as of joy through every American heart that is inaccessible.

The dark horse was trotted in when the clerkship nomination came up in the republican convention. Nobody had a dream of the development—but those who were next.

And the Union's man, W. F. Johnson, was turned down again. One would have thought that after the McConochie trick that some consolation would have been offered the morning paper.

The motemen employed by the Keokuk Electric Railway company went on a strike a few days ago for shorter hours or more pay. They have been receiving \$35 per month for 12 hours work.

Beats all how difficult it is for some people to take a hint. Does not Willy Mac realize yet what the citizens of Rock Island meant a few years ago when they passed on the question of preference between Mr. Medill and himself?

The Alger-Corbin-Eagan corterie suits Mark Hanna, and therefore the president. They do not suit a large majority of the American people, and that is a fact that the combine will discover when it is entirely too late to do them any good.

Poor Marion E. Sweeney had no notion that the city clerkship nomination was going to strike his ward. And there were others, but Willy Mac had willed it just so. It was one of the shrewd mayoral candidate's little tricks that the public was just beginning to become familiar with about six years ago.

The announcement that peace is practically consummated with Spain, as far as all the essential details and formalities are concerned, as well as

that the war cloud is soon to be lifted from our relations in the far east, is received with satisfaction as great as was the regret with which the nation was approaching the crisis in its foreign relations a year ago now.

Standard Oil in Ohio. The Chicago Chronicle, which has evidently fallen far behind the procession, inquires with much solicitude whether the supreme court or the Standard Oil company is the ultimate authority in the state of Ohio. That question was settled long ago. The supreme court enjoys a limited authority, its jurisdiction being confined to adjudicating clothesline cases and passing upon the appeals of gentlemen convicted of stealing hogs. In all other matters the decree of the Standard or any of its officers is final. Appeal from its decisions does not lie even to the supreme court of the United States. The state officers recognize the force and authority of the Standard's decisions, the only exception being Attorney General Monnett, who has laid himself open to contempt proceedings by questioning the infallibility of Mr. Rockefeller. Mr. Monnett, however, will probably be put in jail as soon as Mr. Rockefeller can get around to the matter, and then the recognition of the Standard's authority will be unanimous.

His Life Was Saved. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1. Trial bottles free at Hartz & Ulmeyer's drug store; every bottle guaranteed.

We keep a bottle open all the time and whenever any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. Mearkle, General Merchant and Farmer, Mattie, Bedford county, Pa. For sale by all druggists.

HEALTH RESTORED.

When I see a man who is an easy and steady eater and a sound and regular sleeper, I see a man who has no occasion to be afraid of the world, the flesh or the devil. For, from those still solemn hours of the night, when human figures lie like recumbent statues in the darkness, and from those other hours when busy forks and fingers deliver to the mouth the food which the palate stands ready to welcome—from these two things, I say, proceeds all human power, together with the clearness and sanity of mind which leads it to every valuable accomplishment.

Nothing but Facts. No Deception Used in Talking About Morrow's Kid-ne-oids. The Arguments in Their Favor Come From People Who Have Tested Their Merits.

There is no deception in anything we publish about Morrow's Kid-ne-oids. All our statements are facts, and are from people right here in Rock Island. People in all walks of life are using and recommending Kid-ne-oids because they cure backache, nervousness, sleeplessness and general debility in cases where other remedies have failed.

Mrs. Brown, 2211 Fourth avenue, this city, says: "I have been suffering for the past 12 years, and have tried every remedy and preparation I ever heard of to stop my suffering, but was never successful. Kidney complaint is a difficult malady to master, as every one suffering from it will tell you; most of them have constant pain, sometimes very severe, and sometimes almost free from it, but it never leaves one entirely. I had severe catches or a stitch in my back; these stitches render one almost helpless for the time being. I procured some Kid-ne-oids at M. F. Bahnsen's drug store, and they helped me within a week, even at my age, and the years I have had it."

Mrs. Brown's daughter says: "Nothing mother ever to k gave her such quick and permanent relief, and we are glad to recommend Kid-ne-oids to others."

Kid-ne-oids are put up in wooden boxes, which contain enough for about two weeks' treatment and sell at 50 cents at M. F. Bahnsen's drug store. A descriptive booklet will be mailed upon request by John Morrow & Co., chemists, Springfield, Ohio.

Drink Grain-O After you have concluded that you ought not to drink coffee. It is not a medicine, but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and taste like the finest grades of coffee and costs about one-fourth as much. Children like it and thrive on it, because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25 cents.

Given up by Four Doctors. Beaver Dam, Ohio, Aug. 27, 1895.—My daughter, after being treated by four doctors, and being given up for lost, a neighbor recommended Foley's Kidney Cure. Today she is able to walk several miles without fatigue. I feel we would have lost her if it was not for your medicine. Respectfully, Mrs. J. M. Bailey.
