The mosaic tile workers to the number of 10 employed in the Harper house improvement struck today on the strength of advices from Chicago in the interests of general demands. If this proposition is accepted, the improvement at the hotel will not be interrupted.

Is our Business

RAISING the quality is our chief occupation. Our Clothing has that feeling of rightness, right finish, right fit, right look, right price, and is right in it from style to price; and if you are not satisfied, your money back quick for the asking—makes the M. & K. a safe trading place. We only handle the kind of clothing that you want. What you do not want is the kind we cannot use.

Didn't we knock 'em out though on those Cassimere Pants that other dealers sell for \$1.50 and claim their worth to be \$2? They are the same thing, same pattern, same quality, same make, and we continue the sale at \$1. Compare these pants with those you paid other dealers \$1.50 for.
