

THE FINAL TRIBUTE.

Arrangements for the Funeral of Vice President Hobart.

THE SERVICES AT PATERSON. Senate Pall Bearers Have Been Selected for Occasion.

Paterson, Nov. 22.—Mrs. Hobart, who had been worn out by the long vigil at the bedside of her late husband, was feeling so much better today that she was able to assist in the preparation for the funeral of Mr. Hobart Saturday afternoon.

The body of the vice president will not lie in state at the city hall, but the public will be afforded an opportunity to view the remains at Carroll hall Friday afternoon between 4 and 6 o'clock.

Washington, Nov. 22.—The pallbearers at the funeral of the vice president Saturday afternoon selected on the part of the senate are: Senators Sewell, Keane, Frye, Fairbanks, Hanna, McMillan, Cockrell and Daniel.

Regarding Hobart's estate it is thought if his stock in various concerns could be disposed of for what it is worth it would bring between \$2,000,000 and \$3,000,000, while at a sacrifice sale it would not amount to half of that.

MANY TO ATTEND THE FUNERAL. President and Cabinet Will Go.—Death of Hendricks Recalled.

Washington, Nov. 22.—Vice President Hobart's funeral will be attended by the president and his cabinet, the supreme court, the senate in a body and a large committee from the house of representatives, besides many other high dignitaries of the government.

President Cleveland at first expressed his intention of attending the funeral, but there was an immediate protest from all his advisers, seconded by the press of both parties, against his subjecting himself to even the slight possibilities of an accident incident to travel at a time when there was no provision for a successor in his

The vice president was in Indianapolis at the time of his death and through a singular set of circumstances no one was in the room with him when he expired.

The law applicable to the presidential succession in case of a vacancy was enacted Jan. 19, 1886, by the Forty-ninth congress, first session, and makes no provision for a successor to the vice president.

TOWNSPEOPLE ATTACK THE FORT Soldiers Reply and Finally Bring Into Action a Gatling Gun—Another Report is That the Negro Soldiers Began the Trouble by Wanting to Bring into the Town, Hitting Many Houses and Wounding One of the Citizens.

Laredo, Tex., Nov. 22.—Reports have reached here that there was a pitched battle Monday night at Fort Ringgold, Rio Grande City, Tex., between a company of the Ninth United States cavalry (colored), garrisoning the fort, and several hundred citizens who attacked the post shortly after dark.

San Antonio, Tex., Nov. 22.—Colonel Roberts, post adjutant at Fort Sam Houston, left yesterday afternoon on a special train for Laredo, with a detachment of the Twenty-fifth infantry, to make an investigation of the trouble at Fort Ringgold and to make a full report to General McKibbin, the department commander.

NEWS SENT TO GOV. SAYRES. One Account Sent by a United States Officer, Another by a County Judge.

Austin, Tex., Nov. 22.—Yesterday Governor Sayres was in receipt of a telegram from the commander in chief of the United States troops at San Antonio conveying the information that there had been a race riot at Rio Grande City Monday night between Federal and negro troops stationed there and the citizens of that town.

About the same time this telegram was received another came from the county judge at that place and they are somewhat confusing.

The military commander at San Antonio, General McKibbin, telegraphs that the report he received from the commander at Fort Ringgold near Rio Grande City states that all the troops were in the garrison Monday night at 7 o'clock when the citizens of that town advanced on the fort and fired upon the guard.

The citizens continued their firing upon the fort and the soldiers returned the fire and finally had to bring their gatling guns into play to disperse the attacks.

Upon receipt of these telegrams Governor Sayres ordered Adjutant General Scurry to the scene of action, and he left last night for his destination. The governor also wired to Washington to have a full investigation of the matter and to remove the negro troops at once.
