## TO DEFEND TROPHY.

Illinois National Guardsmen Will Make Effort to Retain Washburn Prize.

CHANGE IN THE MILITARY CODE.

How Rock Island Tars Fared on Their Arrival at South Chicago.

Springfield, Ill., July 25.—Practical demonstrations in guard and outpost duty will be made before the members of the 3rd brigade of the Illinois National Guard on the rifle range at Camp Lincoln tomorrow. Capt. S. R. Blanchard, the oldest captain in the state service, will have charge of the demonstration, which will be made by a battalion of the 3rd. The remainder of the brigade will witness the work from the hills in the rear of the range.

The demonstration is to follow an address on the same subject delivered before the officers of the brigade by Capt. Blanchard this afternoon.

The proposed change in the military code, to allow men 25 cents a night for attending armory drills, was discussed, and the officers of the brigade decided to lend active support to such an amendment before the next legislature.

Col. H. S. Dietrich, general inspector of rifle practice, has addressed letters to all guardsmen who have qualified as distinguished marksmen looking to a gathering at Chicago in the near future, when a state team of 10 members will be chosen to defend the Washburn trophy. This handsome prize has been won twice by the Illinois militiamen, and if won the third time it will pass into the possession of the state. It is expected that either Wisconsin or Minnesota will challenge for the trophy.

Camp Unsatisfactory.

South Chicago, July 25.—The Rock Island division, Illinois naval militia, together with the Moline, Quincy and Alton divisions, arrived here at 7:15 a. m., after a tedious ride and a stop-over of about two hours at Galesburg. It was here that "Bud" Holland and Harry Barber gained distinction by impersonating a walking banana stand a la dago.

The men were a little disappointed on reaching camp to find that it was a fit abode for alligators, the recent rains having made the ground resemble the Florida everglades. It is far from being the model camp of last year. What the boys have termed swamp grass is much in evidence.

Old Michigan is only 200 yards from camp and raising a constant roar. The U. S. S. Michigan is anchored about a half mile out.

Will Collins and Emil Schadt, being over anxious to show up their new bathing suits and sport with the mermaids, took a plunge before the "high mugul" had given his consent, and now they regret being so previous—extra duty.

George Townsend took an early morning snooze and woke up minus his jackknife.

The first ship's crew arrived at noon. H. W. V.

## HORSES HAVE EPIZOOTIC.

Old Fashioned Disease Raging at Clinton, Iowa.

Hardly a lively barn in Clinton has escaped the visit of the old fashioned epizootic. Inquiry made at the stables shows that the disease has been prevalent for several weeks and may now be at its height. Some of the barns have from 5 to 20 horses sick. Others have horses ailing, but not quite far enough along to tell the real cause. In some cases the barn men say it is "pink eye," and in others they call it a sort of hay fever. Lots of sick animals are being cared for, and though little fear is entertained of their dying, the damage to business is sometimes serious.

Some of the doctors, too, are affected, as their animals are among the first to succumb, and they are obliged to get horses for their buggies from a boarding stable that is not affected. Some of the retail grocery firms report sick horses, and the dry goods department stores are in the same fix. When the horses are sick they are just bad enough to require close attention, and while apparently able to work, it will not do to drive them, as to catch a cold or to become overheated nearly always means death. The veterinarians are busy, some of them making daily trips to the country, where farm horses are down with the disease.

Obituary.

Daniel Schillstrom, of Orion, died at 6 o'clock this morning at St. Luke's hospital, Davenport, after an operation for pleurisy. He was taken to the hospital yesterday and the operation was performed in the afternoon. He was 30 years of age and leaves a wife. The body was prepared for burial by Undertaker Knox and shipped to Orion.

Otto Deitz, the well known butcher, died at the home of his mother, Mrs. Christina Deitz, 1501 Sixth avenue, at 11:15 today, of quick consumption. He was 41 years of age. He was born here, and had been employed by Chris Naab for several years. He is survived by his wife and son Albert, who live in Chicago, and another son, John, living here. The funeral will be announced later.

Improvement.

The Tri-City Railway company today remedied a cause of complaint on the part of patrons in the signs placed in the open cars assigned to the Third avenue branch. These signs were not the color to which the public has become accustomed, and were not only very confusing, but likewise very cheap in appearance. The company is now placing the proper red signs in the cars.

Another new car will be put on the Fourth avenue line in a few days. It will be provided with clock ticks, something not heretofore seen in the three cities.

The line from Fifth avenue across the new bridge on Forty-second street is rapidly nearing completion and cars will probably be run over it by next Sunday.

Arthur at Work Again.

John B. Arthur, the theatre canvasser, arrived today from his business trip to Keokuk. Mr. Johnston going to St. Louis. Mr. Arthur has again taken up his work here. He will keep at it from now on until the canvass is completed. Mr. Arthur says Rock Island is assured of a new theatre.

Notice.

Don't you believe the stories that I have or am going to sell out, but come to my studio and get the finest grade of photo work in the tri-cities for the money. Everyone says so. Fair judges declare so. Call and see for yourself.

Yours truly,

C. E. SMITH, Photographer, Opp. Harper House, Second Ave.

Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm. WEST, Wholesale Druggists, Toledo, O. WALKING KINNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price, 75 cents per bottle. Sold by all druggists. Testimonials free. Hall's Family Pills are the best.

Buchanan, Mich., May 22. Genesee Pure Food company, Le Roy, N. Y. Gentlemen: My mamma has been a great coffee drinker and has found it very injurious. Having used several packages of your Grain-O, the drink that takes the place of coffee, she finds it much better for herself and for our children to drink. She has given up coffee drinking entirely. We use a package every week. I am 10 years old. Yours respectfully, FANNIE WILLIAMS.

Women's Rights.

Many women suffer all sorts of so-called "female weaknesses" simply because their kidneys are out of order and they have a right to know Foley's Kidney Cure is just what is needed by most ailing women. For sale by all druggists.

The blood is strained and purified by the kidneys. No hope of health while the kidneys are wrong. Foley's Kidney Cure will make healthy kidneys and pure blood. Nothing else "just as good." For sale by all druggists.

## SEARLE AT THE HEAD.

Rock Island Member Elected President of Western Illinois Normal Board.

B. M. CRIPPERFIELD SECRETARY.

No Cash Offers to Be Considered in Connection With Location.

In the organization yesterday at Springfield of the new board appointed by the governor to select a site for the proposed Western Illinois Normal school, Charles J. Searle, of this city, was chosen president and B. M. Chipperfield, of Fulton county, secretary.

After preparing notice of proposals the board adjourned to meet at Galesburg Aug. 6, when a tour of cities applying for the institution will be begun. Then an effort will be made immediately to determine the location.

Instructions have been given by the governor that no consideration be accorded cash offers; that each town stand entirely on its merits as a desirable home for the school, the erection of which the governor is desirous shall proceed as soon as possible.

Of the cities working to secure the school only Aledo, Monmouth and Macomb were represented at yesterday's meeting at Springfield.

Tanner to Board.

Gov. Tanner addressed the board, explaining his reasons for requesting the resignations of the members of the old board, declaring his opposition to the plan of selling the location to the highest bidder, and outlining what he thought should be considered in locating the institution. In part, the governor said:

"The former board, acting conscientiously upon the wording of the statute, proceeded contrary to the policy of this administration. It is a well known fact that the policy of the administration, as expressed in many utterances orally and in writing, is opposed to the old system which has been in vogue from the early history of our state, of selling the sites of these state institutions to the highest bidder.

"Such action is not for the best interests of the taxpayers, nor for the best interest of the institutions. If money is to be taken into consideration and donations in money are received, you are likely to get the most unfavorable spot for the institution.

"In selecting the location it would not be going beyond reasonable propriety for the city offering itself as a candidate to offer a site for the building of sufficient size. You should take into consideration water supply, shade, lawns, play grounds, etc., and in addition to that the paving or graveling of the road where it is located to the grounds of the institution, together with good sidewalks from the city to the school. This is as far as I would suggest that the board consider the other valuable considerations mentioned in the act."

Aledo's Show.

Naturally people in Rock Island county feel a neighborly interest in Aledo. That town presented substantial arguments in its favor at the meetings of the first board, and they will be renewed before the present board. Mr. Searle stood constantly by Aledo as a member of the first board. Who his support will go how he will not decide until he has inspected the various sites that will be presented for the new board's consideration.

"Brick" Chamberlain Dead.

Rev. J. F. Robinson, of Moline, has received a telegram informing him of the tragic death of his cousin, Allen D. Chamberlain, formerly of Geneseo. He was familiarly known in Geneseo as "Brick" Chamberlain, and was a member of the Geneseo company of the 6 Illinois in the Porto Rican campaign. He was a printer by trade, and was working at Evansville, Ind., when he was taken sick with typhoid fever. His brother-in-law, Elmer Weidlein, of Morrisport, went down to bring him home. The young man was delicious and evaded the watchers and leaped out of an upper window of the hospital. He received terrible injuries to his spine, virtually breaking his back, but Mr. Weidlein started home with him. They got but a short distance from Evansville when the patient died on the train.

It Saved His Leg.

P. A. Danforth, of La Grange, Ga., suffered for six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholly cured it in five days. For ulcers, wounds, piles, it's the best salve in the world. Only 25 cents. Sold by Hartz & Ullmeyer, druggists.

Cured Bronchial Troubles.

Charles E. Davis, 1071 W. Congress street, Chicago, says: "I suffered for years with bronchial trouble and tried many kinds of medicines without relief, until I began taking Foley's Honey and Tar, which cured me." Take no substitute. For sale by all druggists.

"I had a running, itching sore on my leg. Suffered tortures. Doan's Ointment took away the burning and itching instantly, and quickly effected permanent cure." C. W. Lenhart, Bowling Green, Ohio. For sale by Marshall & Fisher, druggists.

## DAVIS GIVES UP BULLET.

County Jail Prisoner Finally Submits to an Operation.

William Davis, alias Julius Limbach, the alleged notorious crackman doing time at the county jail, was operated on yesterday at the Moline city hospital by Dr. Wyland for the removal of a bullet from his face.

Davis is one of the gang of crackmen who were going to try their luck in Moline, but who were stopped by Officer Lee, who it will be remembered, had a running fight with them. As a result of the encounter Davis was shot. Later he was sentenced to a season of hard labor at the county jail. The bullet entered the right side of the face below the eye and passed along the front of the face, going through the nasal bones and imbedding itself in the bone directly under the left eye and very near the eyeball, so that if it had passed a sixteenth of an inch higher he would have lost his eye sight. But as it was, the bullet was lying so near the eye that it was injuring his sight and he wished to have it taken out. At the time of the trial, although the wound was painful, the prisoner would not let the bullet be extracted, as it could then be used in proof against him if it was found out that the bullet was the same calibre as the ones used in the gun, which Lee used on the night of the fight.

DOCTORS FOOD TALK.

Selection of Food One of the Most Important Acts in Life.

Old Dr. Harnford, of Reading, Mass., says in the Messenger: "Our health and physical and mental happiness are so largely under our personal control that the proper selection of food should be, and is, one of the most important acts in life.

"On this subject, I may say that I know of no food equal in digestibility, and more powerful in point of nutrition, than the modern Grape-Nuts, four heaping teaspoons of which is sufficient for the cereal part of a meal, and experience demonstrates that the user is perfectly nourished from one meal to another.

"I am convinced that the extensive and general use of high class foods of this character would increase the term of human life, add to the sum total of happiness and very considerably improve society in general. I am free to mention the food, for I personally know of its value."

Grape-Nuts food can be used by babies in arms, or adults. It is ready cooked, can be served instantly, either cold with cream, or with hot water or hot milk poured over. All sorts of puddings and fancy dishes can be made with Grape-Nuts. The food is concentrated and very economical, for four heaping teaspoons are sufficient for the cereal part of a meal.

Niagara Falls Excursions.

On July 26, Aug. 1 and Aug. 14 the R. I. & P. will sell round trip tickets from the tri-cities to Niagara Falls and return at the rate of \$11.25. Return limit 12 days from date of sale. Apply to land department, C. M. & St. P. railway company, Milwaukee, Wis.

Cure for Cholera Infantum—Never Known Before.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—Mrs. Curtis Baker, Bookwalter, Ohio. For sale by all druggists.

Shake Into Your Shoes.

Allen's Foot-Ease, powder for the feet. It cures painful, swollen, smarting, nervous feet, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age.
