SPECIAL

POPULAR EXCURSIONS

To enable homeseekers to visit Nebraska and see for themselves the splendid opportunities for farmers and others in that land of plenty, we have decided to run two excursions on

October 2 and 16

when the round-trip ticket rate will be

\$12.00

to any place in Nebraska and return except within 30 miles of the Missouri River.

Never before has such a low rate been made. It gives the farm owner or farmer a chance to make a trip of his life at a nominal expense. He can take a round-trip ticket for 12 days, and may stay as long as he wishes, and on the way out he may stop at any place he wishes, so as to thoroughly see the country and crops, talk with the people and decide whether or not he is the place for future home. These very cheap tickets will not be good in sleeping cars. These popular excursion days in no way interfere with the regular low-priced excursions to Nebraska, Kansas, Colorado, Montana, Utah, South Dakota and other points on October 2 and 16, November 6 and 30, and December 4 and 18.

For particulars inquire of C. H. & Q. ticket agent who will furnish you with printed matter and maps giving full information about Nebraska.
