THE PAN-AMERICAN.
A GLANCE AT THE GREAT ENTER-
PRISE AND ITS PURPOSES.

True Picture of Nineteenth Century
Development Arranged in a Setting
of Unsurpassed Beauty and Splen-
dor at Pan-American Exposition.

If one may judge by the presence of
thousands of workmen at the grounds
of the Pan-American Exposition and
the wonderful progress they have
made during the last few months, the
Exposition will be opened in a condi-
tion of completeness upon the 1st of
May next.

For the benefit of those who, for any
reason, have not been informed con-
cerning the plans and purposes of this
vast enterprise I will state that the
Exposition grounds are in the northern
part of the city of Buffalo and have
an area of 350 acres. Buffalo, with its
400,000 population, is preparing the
most artistic creation ever produced
for the purposes of an exposition. The
completed work will cost probably \$10-
600,000, exclusive of exhibits.

The landscape upon which the build-
ings stand includes a part of one of the
most beautiful parks in Buffalo or, in

HALL OF MUSIC.

fact, in the world. The Exposition
will thus have the setting of trees,
lawns and water features, which have
cost the city of Buffalo millions of dol-
lars. The main Exposition buildings
are some 20 or more in number and are
arranged about a system of beautiful
courses some 33 acres in extent. The
arrangement is such as to permit the
most exquisite decorative effects that
the best trained artists of the world
may be able to produce.

Space will permit only an enumera-
tion of the principal buildings. These
are: The Electric Tower, 375 feet
high, which is to be the centerpiece of
the most brilliant and novel electric il-
lumination ever conceived; the Propylae-
um, or architectural screen, at the
northern end of the grounds; the Sta-
dium, for sporting and athletic events;
the Agriculture building, Manufactures
and Liberal Arts building, Ethnology
building, the Government group of
three great buildings, the Midway res-
taurant building, Electricity building,
the Machinery and Transportation build-
ings and Railroad Station, the Temple
of Music, Graphic Arts, Horticulture,
Mineral, Forestry, Dairy, Ordnance,
Service and other buildings, the Al-
bright Gallery of Art, costing \$400,000;
the New York State building, costing
\$175,000, besides the state and foreign
buildings and numerous other struc-
tures of beautiful and interesting de-
sign for a variety of purposes.

The Midway at the Pan-American
Exposition alone will cost more than
some large expositions. It is estimated
the cost of the Midway will be about
\$3,000,000, as it will have more than a
mile of frontage closely built with the
most picturesque structures conceivable
and will contain between 30 and 40
entertainment features of most novel
and interesting character.

The purposes of the Exposition are
not merely to give the people a most
magnificent and attractive entertain-
ment, but it will furnish the opportu-
nity for every one to inform himself
upon the progress of the nineteenth
century. The Exposition is held for
the purpose of celebrating the achieve-
ments of the western world during a
century of unparalleled progress. It is
distinctly a western world affair, all
the governments of the western hemi-
sphere having been invited to partici-
pate in all departments. Official re-
sponses have been made by every im-
portant government, state and depen-
dency of the western world, and they
are preparing to be represented by
most creditable exhibits.

The exhibits are classified in the fol-
lowing divisions: Electricity and elec-
trical appliances; fine arts, painting,
sculpture and decoration; graphic arts,
typography, lithography, steel and cop-
per plate printing, photo mechanical
processes, drawing, engraving and
bookbinding; liberal arts, education,
engineering, public works, construc-
tive architecture, music and drama,
sanitation and hygiene; ethnology,
archaeology, progress of labor and
invention, isolated and collective ex-
hibits; agriculture, agricultural imple-
ments, machinery and appliances,
foods and their accessories, horticul-
ture, viticulture, agriculture, forestry
and forest products, fish, fisheries,
fish products and apparatus for fish-
ing; mines and metallurgy, machinery,
manufactures, transportation, rail-
ways, vessels, vehicles, ordnance, ex-
hibits from the Hawaiian Islands,
Porto Rico, Guam, Tutuila and the
Philippine Islands.

The Exposition has the endorsement
not only of the state of New York,
which appropriated \$300,000, but of the
national government, which appropriat-

ed \$500,000 for the purpose of being
suitably represented upon this great
occasion. The Exposition will con-
tinue six months and will furnish an
opportunity such as rarely comes for
the public to take note, at a glance,
of the wonderful progress of the west-
ern world. It will be like a great uni-
versity, at which the young and old
will become for the time being stu-
dents of western civilization.

About 12,000 people have subscribed
to the stock of the Exposition, and it is
a public enterprise in the broadest
sense of the term, the aim being to pro-
duce a magnificent spectacle to delight
the artistic sense of all who attend
and to present through the medium of
a true picture of nineteenth century de-
velopment. John G. Milburn, an emi-
nent lawyer of Buffalo, is president,
and the director general is William
I. Buchanan, who was director of the
departments of agriculture, live stock
and forestry at the World's Columbian
Exposition at Chicago and afterward
for six years United States minister to
the Argentine Republic.

"PAN-AM." RESTAURANTS.

The Best of Service Will Be Pro-
vided.

The needs of the inner man will be
well attended to at the Pan-American
Exposition to be held at Buffalo from
May 1 to Nov. 1, 1901. At some expo-
sitions a great mistake has been made
by not providing for good restaurants,
where satisfactory meals could be ob-
tained at reasonable prices. Either the
food obtained has not been of good
quality or prices charged have been ex-
orbitant or the facilities in some par-
ticulars have been inadequate to the
occasion.

There will be good restaurants in dif-
ferent parts of the grounds of the Pan-
American Exposition, so that it will
not be necessary for visitors to go out-
side of the grounds to secure a good
meal, well served, at a moderate price.
All tastes will be suited in the services
rendered, for there will be places
where meals will be served on an
elaborate plan to suit the most fas-
tidious taste and where prices will be
in proportion to those charged at
high class restaurants in large cities.
There will be other places where the
meals will be cheap, but the food ap-
petizing and healthful and the surround-
ings clean. There will be restaurants
in the beautiful building at the en-
trance to the Midway, another in a
similar building at the entrance to the
Stadium, another in the Electric Tower,
which will be one of the great cen-
ters of interest on the Exposition
grounds, and another on the Midway.
Refreshments will also be served in
the Temple of Music, which may be en-
joyed by visitors at the same time that
they are listening to the concerts in
progress in the auditorium. There will
also be a New England kitchen, a Ger-
man restaurant, a Mexican restaurant,
an Italian restaurant and other places
where various kinds of refreshments
will be served.

EAGLES AT THE EXPOSITION.

Remarkable Decoration For Ethnol-
ogy Building at Buffalo.

The building devoted to the Depart-
ments of Ethnology and Archeology at
the Pan-American Exposition, which
is now approaching completion, will
have some remarkable sculptural de-
corations. Among them will be gigantic
figures of eagles and lions, which will
be placed upon eight of the 16 panels

SERVICE BUILDING.

of the domes. These sculptures in
staff will be conspicuous features of
the architecture of this beautiful build-
ing. Models in clay are first made of
the figures, and from them reproduc-
tions in staff are cast.

The model of the eagle has just been
completed. It is of colossal size. In
the model nearly 10,000 pounds of clay
have been used, and each bird, when
cast in staff, will weigh fully two tons.
The sculptured eagle will measure
nearly 16 feet in height.

Essays on Pan-American.

A movement to interest the public
school teachers and public school pupils
in the Pan-American Exposition to be
held at Buffalo next summer has been
started. It originated in some of the
public schools of Pennsylvania and is
being taken up elsewhere as the wis-
dom of the plan becomes apparent. The
idea is to have the teachers in the pub-
lic schools write essays for various oc-
casions of an educational character on
the objects and aims of the Exposition
and the bearing that such a display
will have on the commerce of the
world.

A similar plan regarding the
Paris Exposition was found quite suc-
cessful and resulted in the attendance
of a large corps of teachers at that fair.
The plan contemplates also essays by
pupils. It is believed that in this way
much information can be spread re-
garding the benefits to be derived from
cultivating closer relations with the
different countries of this hemisphere
and that it would result in greater in-
telligence among the public school
teachers and pupils on this subject, as
well as a larger attendance among this
class of the population at the Exposi-
tion.

West Indians Will Attend.

Louis H. Ayne, United States Consul
to Guadeloupe, says that in the West
Indies the Pan-American Exposition is
considered much more important than
the Centennial Exposition of 1876 and
that hundreds of natives are preparing
to come to it.

AMUSEMENT NOTES.

The opportunity is presented our
play-goers to witness a production of
the famous drama, "Sapho," tomor-
row night at Harper's theatre. The
company comprises 16 people and are
said to be giving a good production of
the play.

The bill offered at Harper's theatre
Monday night is Oliver Scott's big
minstrel. The entertainment appeals
to all classes, and is entirely free from
all objectionable features. It is of a
refined nature and has captivated all
classes of people, no matter whether
regular theatre-goers or not. Every
performer connected with the enter-
tainment is colored, gathered up from
all sections of the world. This com-
pany was originally known as the Al
G. Field real negro minstrels, but was
purchased last season by Mr. Field's
partner, Oliver Scott, who will con-
duct it in the future under his own
name. Mr. Scott's long experience in
the minstrel business, and the high-
class entertainments he has always
given is a guarantee that this one will
be of a high order.

Many conservative critics of the
drama, in commenting upon James
A. Herne's beautiful comedy, "Shore
Acres," claim that it is not a play,
but a leaf torn from the book of na-
ture and held up to the gaze of human
eyes that all may see its manifold
beauties. The story of "Shore Acres"
tells is not uncommon, and as
dramatic personae are one and all
simple every-day types, but the halo
of truth has crowned them human
and we listen to their commonplace
talk with unabating interest, and be-
fore we are aware of it the theatre
and its associations are forgotten and
we are out in the open fields and
meadows of the far away Maine coast-
land farm laughing and crying over
the joys and sorrows of dear old
Uncle Nat and the Berry children,
Joel Gates and his bashful "Mandy,"
Ma Berry and her quaint reiterations,
and a hundred and one other humor-
ous or pathetic incidents. In many
respects Mr. Herne's work is far in
advance of any modern play and it
deservedly ranks as the most ideal
pastoral comedy drama in the Eng-
lish language. A fine scenic produc-
tion of this rarely fascinating play
will be given at the Burtis Wednes-
day evening, Dec. 5.

The band of the 48th Highlanders,
"The Kitties," who will appear at
Harper's theatre Wednesday, Dec.
5, afternoon and night, have
always given due prominence on
their programs to the works of the
great masters, and are equally at
home in performing the less preten-
sious compositions of the popular
writers, but they chiefly excel in
their own peculiar national music,
that of Scotland, and no son of "Old
Scotland" should miss the opportunity
of hearing the famous Highlanders' band
in patriotic songs or dear to the
hearts of a John Tamson's bairns.
It is unnecessary to refer to the ex-
quisite musical beauty of Scottish
airs and the manner in which they
appeal to all. Suffice it to say that
the faithful interpretation of Scottish
music by the Highlanders is as near
perfection as anything musical can be.

WINE OF CARDUI
A SURE MEDICINE.

HANDSON, Va., Dec. 31.
I have been suffering from female weak-
ness for four years, and have taken many
medicines, but Wine of Cardui and Black-
Draught have done more for me than any-
thing else.
MRS. CAROLINE EVANS.

Wine of Cardui

It is a mistake to take any and every kind of medicine when you are
sick. There is danger in it. Most of the so-called cures for "female
weakness" do nothing more than deaden the pain temporarily, and when
the effect wears away the patient is weaker and sicker than before. It is
never wise to take chances. You have only one life, and that is dear and
precious. If you have any pain, ache, disorder or weakness in the femi-
nine organs, nothing will help you like Wine of Cardui. It helps do
away with morning sickness during the early stages of pregnancy, and
modifies the pains of childbirth; recovery is rapid and future health is
assured. The Wine is purely vege-
table, being made of herbs whose
medicinal properties act directly
upon the organs of womanhood.
It is a long-tried remedy, and has
many years of success behind it. It
is sure. Why take a chance medicine when you can get a sure medicine!
