## ON GRAND JURY LIST

Small Number Elected for Prosecution as Result of January Investigation.

### BUT TEN INDICTMENTS IN ALL

Strong Recommendation for a New County Jail Building.

Judge Gest received the report of the January grand jury in the circuit court at 2 o'clock this afternoon. Not over 10 true bills were returned by the jury—one of the smallest juries in years. None of the indictments is understood to be of a sensational character, unless one, affecting a village in a remote part of the county, may cause a ripple of excitement in that particular community when the persons implicated are taken by the strong arm of the law. The bills not suppressed are as follows:

Assault with Intent to Kill—Thomas Monahan.  
Horse Stealing—Charles Weaver and Frank Howard.  
Larceny—John Pengelase alias James Jeffords.

Assault with Intent to Rape—William Yond.  
All of the accused above named are prisoners at the county jail. The other indictments are withheld from the public until such time as the parties named in them are placed under arrest. Information was offered to the jury in several cases that fell flat before the investigation progressed far enough to warrant an indictment.

No Additional Facts.  
A thorough inquiry was made into the killing of Mrs. Alice J. Baker, of Milan, there having been a suspicion in some quarters that the coroner's investigation did not bring to light the real facts in the mysterious tragedy. The grand jury, however, was unable to secure any new or additional evidence, and the matter was dropped where it was taken up.

### NEW JAIL BUILDING.

Recommendation of Former Juries is Repeated by January Body.

The jury in its inspection of the county jail found the building in good sanitary condition and the prisoners well fed and well treated, but it also was brought to a realization of the necessity of a modern jail building, and repeated the recommendations of former juries that a new prison be provided. Here is the resolution that the jury offered to the court:

Resolved, That the present county jail is manifestly inadequate to the needs of our growing county and an eye-sore to the wide-awake enterprising citizens of the community, and we earnestly recommend that the honorable board of supervisors of Rock Island county take such steps as are consistent with the state of the county's finances to have a new county jail constructed in conformity and in keeping with the standing and position of Rock Island county.

Other Court News.  
A short session of court was held late Saturday afternoon by Judge Gest after his arrival from Morrison. Testimony was taken in the suit for divorce of Jennie Wright vs. George Wright, desertion being alleged. A decree was granted.

Judge Gest convened the circuit court this morning and listened to arguments in the First Avenue contempt case brought by Fred Hass against the D. R. I. & N. W. railroad. At noon the matter was laid over till Saturday.

This afternoon, after the grand jury reported, the first panel of petit jurors was called.

### MILLIKAN CAUGHT IN MISSOURI.

Condensed Horse Feed Company Promoter Charged With Forgery.

Sheriff Cralle returned last night from Joplin, Mo., bringing with him W. F. Millikan, wanted here on a suppressed indictment by the grand jury, which met last May. The charge against Millikan is forgery.

He was the promoter of the American Condensed Horse Feed company, which was launched here a year ago. The concern proceeded far enough to secure the subscription of a considerable amount of stock and to incur various obligations, when the bottom fell out and Millikan disappeared.

Among the names of those who subscribed for stock appeared that of William McNeil, of Prophetstown. When it came to settling up affairs and Mr. McNeil was approached for his note, he declared his signature had been forged and that he knew nothing about the concern. Millikan being the responsible party, his indictment was secured, and after a long search, he was located at Joplin.

### Old People Made Young.

J. C. Sherman, the veteran editor of the Vermontville (Mich.) Echo, has discovered the remarkable secret of keeping old people young. For years he has avoided nervousness, sleeplessness, indigestion, heart trouble, constipation and rheumatism, by using Electric Bitters, and he writes: "It can't be praised too highly. It gently stimulates the kidneys, tones the stomach, aids digestion, and gives a splendid appetite. It has worked wonders for my wife and me. It's a marvelous remedy for old people's complaints." Only 50 cents at Hartz & Ulmeyer's drug store.

### NAVY'S PRETTIEST SHIP

FOR THE ILLINOIS TARS.

The prettiest, trimmest and most comfortable little ship in the United States navy, the Dorothea, has been assigned by Secretary of the Navy Long for the use of the Illinois naval militia. The assignment was made Saturday, and was brought about through the influence and efforts of George Edmund Foss, of Chicago, chairman of the house committee on naval affairs.

Mr. Foss told the secretary of the interest taken in their work by the blue jackets of his state; how they had worked under great disadvantage for several years, and had survived many rough storms, figuratively speaking, and were now in such shape that the assignment of the Dorothea to them would mean that the secretary, in case of need, would have as fine a body of well trained and expert sailors and gunners as he could wish for.

The revenue cutter people were on a warm chase for the Dorothea and nearly had her cinched when the navy department scented the game and foiled it. Yet the revenue cutter service had been under the impression that it would eventually receive the Dorothea as its own.

This boat is one of the magnificent private yachts that were purchased by the government at the opening of the Spanish-American war, when all sorts of craft were in great demand. She is built of steel, and was turned out for a Philadelphia street railway magnate by the Cramps in 1897. She cost about a quarter of a million dollars, is 184.2 feet long, 23 feet beam, and 11 feet in draft. She carries a fine battery of 4-inch and 6-pounder guns. About \$50,000 was expended on her by the government to fit her for service in the Philippine waters. After this work had been finished it was found that she would not carry enough coal to take her across the Atlantic.

During the latter part of the Spanish-American war the Dorothea did patrol and blockade duty off the north coast of Cuba. She is now at League Island navy yard, and it is expected that a crew from the Illinois naval militia will go east for her and bring her back to Chicago early in the spring. She is fitted up luxuriously and is not so large as to cause any trouble in getting her through the canals and locks.

## ON A SOLID FOOTING

Union Mission Formally Approves Consolidation With Kindergarten Association.

### NEW DIRECTORS ARE NAMED

Control Vested in Board of 15 Citizens—Caring for Nine Children.

The Union Mission met at the home on Fourth avenue yesterday morning at 10 o'clock and completed its adoption of the Kindergarten association by passing a resolution declaring the two organizations consolidated. The mission assumes all obligations and contracts of the Kindergarten association, and agrees to use none of the latter's fund of \$700 until it has accumulated an equal sum.

A committee of three was appointed to revise the by-laws to adapt them to the changed organization, and an amendment to the constitution was adopted vesting the entire control of its affairs in a board of 15 directors, who were elected for the ensuing year as follows: Prof. C. W. Foss, Mrs. W. H. Gett, Mrs. E. W. Hurst, Dr. J. P. Comegys, Dr. J. W. Stewart, Hon. William Jackson, Mrs. H. S. Cable, Mrs. Alphonsa Mosfelder, R. Crumpton, F. G. Young, Mrs. W. B. Ferguson, J. F. Robinson, Mrs. Julia Rosenfield, Miss Dina Ramser and G. H. German.

In Flourishing Condition.  
The mission begins its new career in a flourishing condition with sufficient funds on hand to last several months. Nine children are being cared for at present, a 2-weeks' old babe being received from Watertown Saturday night. An adjourned meeting will be held Sunday, Jan. 27, to hear the reports of the committees.

### In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well informed people will not buy other laxatives, which act for a time, but finally injure the system. Take Rocky Mountain Tea. See it exterminate poison. Feel it revitalize your blood and nerves and bring back that happy, joyous feeling of boyhood days. 35 cents. J. H. Thomas' pharmacy.

## End of the Season Clothing Sale.

We have had an unusually profitable season; we have sold better goods for less money than ever before. This was because the increased volume of our business permitted us to safely sell our goods with a smaller margin of profit than heretofore, and now at the end of the regular selling season, we have gathered together ends of lots of suits, overcoats and trousers and propose to make a sweeping clearing sale of them at such attractive prices as will give an opportunity to people with the slenderest purses to own the best clothing that it is possible to produce. We call your attention especially to the fact that while there is no complete line of sizes in any one pattern, there is a perfect assortment of sizes at each price, so that every man, no matter what his size or proportion, can be properly fitted.

## Brandenburg Millinery Store.

That the ladies of this vicinity appreciate nice millinery has been demonstrated by the patronage given this store since the opening display of the styles last September. Business began with a rush, and the interest has been maintained in a manner gratifying to us, and, we believe, to the advantage of our patrons. Christmas marks the beginning of what is usually considered the dull season in the millinery trade, but we will keep in touch with the latest ideas in the world of fashions, and thus maintain this store as the center of feminine interest in the three cities in all things pertaining to fashionable headgear, hair ornaments and veils.
