HE WANTED TO DIE

But Walter Downs Apparently Did Not Have Required Nerve.

HAD BUTOCHER KNIFE WITH HIM

Found Almost Nude Under Warehouse--Sent to the Poor Farm.

Some small boys playing about the steamboat warehouse at the foot of Nineteenth street late yesterday afternoon saw a man wedged in between the outer and inner planks of the wall that was erected on the north side of the building for protection against the ice. Help was summoned and the individual, when at last reluctantly dragged forth, proved to be Walter Downs, the cook at Porter's restaurant who disappeared so mysteriously early Monday morning.

Downs was found just as he was known to have left, clad only in an old pair of overalls, and physically he appeared to have suffered little from his strange confinement. The butcher knife that he had taken away was found near him, shoved down between two boards. The fugitive was taken to the police station by Officers Thode and Schmidt and on the way showed evidence of wild insanity. He begged the officers to shoot him and complete the work he had apparently contemplated, but later he quieted down and became more rational.

Intended Killing Himself.

The insane man no doubt left Monday morning to make away with himself and took the butcher knife to expedite the job. From the fact that he went toward the river it is evident that he thought of trying the water cure. Whether he waded in and found the stream too cold for a comfortable operation, whether the knife was duller than he would have liked it, or whether the man's nerve simply left him at the critical moment, probably never will be known. Unquestionably the mental agony he endured, even in his disordered condition during the two days and night he was pressed into that narrow space on the river bank, was something beyond the ordinary person's power of imagination.

Sent to Infirmary.

When Downs was examined at the police station by Dr. C. T. Foster he claimed his name was Walter Downs Monell, but told nothing of his past or the reason he wanted to dispose of himself. This morning arrangements were completed and he was sent out to the county infirmary at Coal Valley without the formality of a regular examination.

NAVAL RESERVES GO TO MAQUOKETA, IOWA.

Members of the Rock Island and Moline Naval Reserves left early this morning over the B. & N. from Davenport for Maquoketa to give their exhibition before the Iowa state encampment of the U. V. U. The Rock Island division will give an exhibition outland drill and the Moline boys will give a drill with the Gatling gun. Last evening the Rock Island Reserves gave a dance to a number of their friends and then spent the remainder of the night at the Armory. Those who went from here are:

Loses a Foot.

Joseph Strohmeier, a laborer at the Hawthorn yards, yesterday lost his left foot, crushed by an engine running over it. At 1:30 a. m. he was assisting Hostler F. Hyde in cleaning the fire of engine 894 at the ash pit. Strohmeier was on the wrong side of the engine and signalled for Hyde to pull ahead. The engine started and in running ahead of the locomotive to cross to the other side his lantern went out. But notwithstanding this, as the engine came alongside he endeavored to jump on the pilot in the dark and slipped. Before the engine could be stopped the wheels had run over his foot near the ankle.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham, of Machias, Me., when the doctor said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, "but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking, she slept all night. Further use entirely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50 cents and \$1. Trial bottles free at Hartz & Ulmeyer's drug store.

about the assassin, who still sat in his seat before the bench, were doubled, while the crowd in the room surged about. There was no disposition to crowd about the prisoner, although the object of every one seemed to be to get in a position where he could have a full view of his face. Czolgosz had been seated in his chair all afternoon his hands clasped on the arms of the chair and his head bent forward and a little to the left.

The room was not warm, but he frequently took his handkerchief from his pocket and mopped the perspiration from his forehead and cheeks. At no time during the absence of the jury did he raise his eyes or lift his head, or seem to know that he was the object of interest of several hundred men and women. Every time the door was opened all eyes were turned in that direction, the evident thought in every mind being that the jury would take only a few minutes to agree on a verdict.

It was 4:35 when the clerk rapped for order and the jury filed into the room. The clerk read their names, each juror responding "present" as his name was called. No time was wasted. The jurors did not sit down. Addressing them, Justice White said: "Gentlemen, have you agreed upon a verdict?"

"We have," responded Foreman Wendt.

"What is your verdict?" "That the defendant is guilty of murder in the first degree."

There was a moment of silence and then a murmur arose from the lips of the crowd.

There was a moment of silence and then a murmur arose from the lips of the crowd. There was no handclapping, no cheers. Justice White's voice could be clearly heard in every part of the room when he thanked the jurors for their work and allowed them to go until 11 a. m. today.

READY TO BUILD THE

ELDON-TRENTON CUT-OFF.

The Rock Island management, it is said, is making arrangements to commence work at once on the Eldon "cut-off" from Trenton, Mo., to Eldon, Ia., which will give that road a line 30 miles shorter between Kansas City and Chicago. This proposed shortening of the main line will leave Centerville sidetracked as far as the Rock Island is concerned. The distance from Kansas City to Chicago via the Rock Island road is now 520 miles. When the "cut-off" is completed it will be 483 miles, or next to Santa Fe, the shortest line between the two cities. The survey of the "cut-off" which will cut some of the worst track on the Rock Island system, was made some time ago, and the grading work will probably be started within the next two weeks. The line will be pushed to completion, and the management expects to have it in operation early next year.

THEATRICAL TOPICS

Lewis & Austin's minstrels are to appear at Harper's theatre Saturday evening. Heading the long list of entertainers is the great Kuetzger, the acknowledged king of clubs, in an act of seemingly impossible feats; the Leonardi brothers, assisted by the famous French clown dominique in their novel musical creation entitled "Musical Types From Different Lands," producing 20 minutes of artistic music and fun. Danit McGlynn, the cycle phenomenon, in his wonderful evolutions on the bicycle and unicycle; Miskel and May, the emperors of comedy; the celebrated ballads, sentimental and comic songs in a manner to please everybody; J. H. Maxwell, the eccentric comedian, succeeded to be the exalted past master of fun; "The Palladium Comedy Four" in 15 minutes of comicalities. Not the least attractive feature of the Lewis & Austin All-Star minstrels is Signor D. D. Bufano's concert band and symphony orchestra, including saxophone, petite clarinet, cornet and trombone soloists. This band renders two concerts, one at 11:45 a. m. and another at 7 p. m. Charles Hasty, the author of "Two Merry Tramps," is one of the principal comedians of that organization, appearing as Erick, the country boy.

BILL KREIG IS BARRED

Manager of Terre Haute Team Expelled From the Three I League.

DENOUNCED BY THE DIRECTORS

No Action on Protested Games--The Meeting at Decatur.

All cities in the circuit were represented at yesterday's meeting of the Three-I Baseball league at Decatur. The directors adjourned to meet in Chicago Nov. 21.

President Sexton's address showed the standing of the eight clubs, as previously reported, with Terre Haute as the pennant winner. Total attendance at all games, 221,776; total gate receipts, \$55,444. Davenport leading with \$8,893, Rockford lowest with \$5,382.

Resolutions were adopted denouncing William Kreig, manager of Terre Haute because of an interview emanating from him in which he made remarks reflecting upon the honor and integrity of the officers of the league, and barring him from engaging in any capacity in the league hereafter.

Guarantee Returned.

The guarantee money of \$250 put up by each club was taken down. The league closed with \$200 to the good. Each club put up \$30 to secure protection to be given by the new national league of minor clubs to be formed in New York Oct. 21 a meeting President Sexton will attend. All propositions to change cities in the present circuit and alterations in the constitution will be considered at the Chicago meeting.

Protested games were considered, but as none made any material change in the standing all were disallowed.

LINES FROM LOWER END.

Mrs. George Wray Dies at Son's Home--Other Items.

Foster, Sept. 25.—Henry Kettelkamp, of Nocomis, Ill., is visiting with his brother and sister, Rev. W. F. Kettelkamp and Mrs. Ferdinand Mewes.

Miss Mary Shirley came home Saturday from Joy, Ill., where she spent a week with a cousin who is lying in a precarious condition.

Rev. W. F. Kettelkamp attended conference at Iowa City and has been returned to the same charge. Mr. Kettelkamp is much liked throughout the community and by all his people who are glad that he is to remain another year.

Miss Louise Feldman gave a party for her friends last Saturday night.

Mrs. George Wray passed away at the home of her son, William Milton, Sunday afternoon at 2 o'clock. She had been suffering intensely with heart trouble and was at last stricken with paralysis. Mrs. Wray and husband came here from Kansas in the spring and remained here awhile and then returned again to their home. Owing to the poor condition of her health, and the climate proving to be not beneficial, she immediately returned and had remained at the home of son, where she passed away. She has a son and daughter by her second husband living in the west.

Asthma Instantly Relieved.

Dr. R. Schiffmann Attends the Public With the Success of His Treatment.

Residents of this place were astonished by notifications in these columns that the celebrated physician, Dr. Rudolph Schiffmann, would make public test of his remedy in this city Sept. 19. He invited every man, woman and child suffering with asthma to call at T. H. Thomas' drug store and obtain, absolutely free, a trial box of his medicine. Dr. Schiffmann adopted this novel way of introducing his treatment, believing that a free personal test would be the best and only way to overcome the prejudice and skepticism of thousands of asthmatics who had given up in despair of going through the whole range of so called cures. He has in this manner proved the efficacy of his remedy, and without asking the public to spend a penny, Dr. Schiffmann hopes that every sufferer in this town obtained one of his free samples. He fears, however, that there were some few who did not, before they were all given out. In order to give a fair opportunity to those who have not yet used the remedy, and also as a guarantee of good faith, he has now requested this paper to announce that he has arranged with the above druggists to refund the money to any person who purchases of them either a 50-cent or \$1 package of Schiffmann's Asthma Cure between now and Oct. 25, and finds that it does not do exactly as is claimed for it; the only condition being that they return not less than three-fourths of the package to them. Dr. Schiffmann claims that in every case of true asthma his remedy will give immediate relief—usually within fifteen seconds; always within an hour. It has positively permanently cured thousands of cases which were considered incurable.

Teething Babies

WITH

Coated Tongues

Feverish, fretful, constipated, colicky, should immediately be given that pure, safe, sweet, gentle and palatable baby remedy

Laxakola

THE GREAT TONIC LAXATIVE.

It is the best and most effective laxative for children. BEST because it is safe and made entirely of harmless ingredients. BEST because it is non-irritating and never grips or causes pain or irritation. BEST because it is sure and never fails. BEST because "children like it and ask for it."

It is a dangerous thing to give little babies violent remedies that rack and rend their little bodies. DON'T DO IT—give them Laxakola. For constipation, coated tongue, simple colds and fevers it is invaluable.

LADIES.—Laxakola acts as a tonic to the whole female system, strengthening the organs and purifying the blood. It will cure the most confirmed case of constipation. With your bowels and stomach free from refuse and impurities, and your blood pure and rich, backaches, headaches, weak nerves, bloating, maddy, yellow complexion will vanish, and you will feel and look strong, healthy and vigorous. At druggists, 25c. and 50c., or free sample of THE LAXAKOLA CO., 132 Nassau St., N. Y., or 335 Dearborn St., Chicago.
