WALKER AS A GUIDE

Rock Island Colonel Steers Governor's Party Into a 5-Cent Restaurant

ALL BALK AT THE POOR FARE

Illinois Visitors to Buffalo Exposition Spend an Exciting Sunday.

Somebody turned off Niagara Falls on Gov. Yates yesterday afternoon and for 6 hours the head of the government of Illinois, together with 19 members of his military staff and nine women, was lost in the depths of the Canadian woods. Shortly before 10 o'clock, at which hour Buffalo is wrapped in slumber, the governor and his bespangled staff, including Col. C. L. Walker, of Rock Island, escaped from the forest primeval and by dint of an 8-mile walk returned to such civilization as is boasted on the Canadian side of Niagara Falls. From there they returned by trolley to Buffalo and finally arrived at the Niagara hotel, where they immediately backed the clubs and switches off the board and destroyed pyramids of eatables.

The party was even forced to build camp fires in the woods to ward off frosts while waiting for the trolley car. A mishap to the trolley line, which derives its electrical power from the falls, caused the discomfiture and starvation of the distinguished party from Illinois. The trolley car from which they were viewing Niagara Falls, the only thing which runs there Sunday, was stalled in the midst of the murmuring pines and the hemlocks, and there Gov. Yates and his party passed the lagging hours of Sunday eve. Two members of the party—E. W. Peter and Col. Conway—escaped to inhabited territory in search of a relief expedition, but the absence of roads made their efforts unavailing.

Decide to Visit Falls. The governor arrived in Buffalo with his staff about 9 o'clock in the morning and after breakfast attended services at the Delaware avenue Methodist church, the pastor of which preached the funeral sermon over President McKinley a fortnight ago. There being no fixed program for the day, Gov. Yates, with 19 of the colonels and nine women, decided to visit Niagara Falls. Among the women were Mrs. Moulton, Fieldhouse, Hale, Hirsch and Pittinger, Misses Hale and Robinson.

The party went to Niagara Falls in

train, and when it was time to eat Col. Walker volunteered to pilot the party to a cafe. He picked out a tourist restaurant much more famed for its modest prices than for the quality of its menu. In fact, it was discovered that the average price of each item on the card was 5 cents, and the service was strictly in keeping with this wholly reasonable charge.

The governor of Illinois faced the 5-cent menu manfully and the women of the party decided to be tactful in the presence of the governor. As tact consisted largely in refraining from eating, everyone was fully as hungry when the function was over as they had been before and later on a pop corn stand was bought out bodily by the tactful folks from Illinois.

MILK AT THE SAME OLD PRICE IN DAVENPORT

The meeting of the dairymen of the tri-cities at Laumann's hall in Davenport Saturday night was attended by about 100 interested members of the associations of the three cities. No attempt was made to form a tri-city organization. The time was spent in a discussion of general conditions and a resolution was adopted to stand by the 81-cent rate that prevails in Davenport and to resist all overtures that may be made by the Tri-City Bottled Milk and Butter company to effect a compromise of the situation.

Over in Davenport the milkmen do not appear to be worrying very greatly over the threatened inroad of the new company. They think they have a state law that may be applied to the entire discomfiture of the corporation if it essays to cross the big creek with its milk wagons. On this side, however, it is different and the dairymen are bracing themselves both collectively and individually to meet the shock.

ONE YEAR WITH THE Q

Railroad's Net Earnings Show a Decrease of Nearly \$150,000.

OPERATING EXPENSES ARE HEAVY

Number of New Lines Have Been Acquired—7,912 Miles.

The annual report to the stockholders of the Chicago, Burlington & Quincy railroad company for the fiscal year ended June 30, 1901, has been issued. It does not make as good a showing as was made in the report a year ago, there being a decrease in net earnings of nearly \$150,000 and in the surplus of over \$600,000. Gross earnings increased a little over \$2,500,000, but the operating expenses were so heavy as to wipe it all out and leave a decrease in net earnings of \$150,000. The gross earnings for 1901 were \$50,051,988, as against \$47,535,420 for 1900, an increase of \$2,516,568, while the expenses for 1901 were \$48,068,908, as against \$31,422,341 in 1900, an increase of \$2,646,566.

The actual length of standard gauge road operated by the Chicago, Burlington & Quincy Railroad company June 30, 1901, was 7,912 miles, against 7,661 miles June 30, 1900. The average number of miles of standard gauge road operated by the company and controlled companies in 1900-1901 was 7,763 miles, against 7,546 miles in 1899-1900. The gross earnings per mile of road operated were \$6,404.63 in 1900-1901, against \$6,251.76 in 1899-1900. The operating expenses, including taxes, per mile, in 1900-1901 were \$4,136.75, against \$4,121.96 in 1899-1900. The percentage of operating expenses, including taxes, to gross earnings, in 1900-1901 was 68.07 against 66.10 per cent in 1899-1900.

Tonnage Increases.

The number of tons moved one mile on the standard gauge roads increased 2.4 per cent as compared with 1899-1900 and freight earnings increased 3.34 per cent. Passengers carried one mile increased 13.62 per cent and passenger earnings increased 11.94 per cent. The percentage of operating expenses to gross earnings increased 1.97 per cent.

The line from Brush, Colo., to a junction with the line from Alliance, Neb. to Hartsville, Wyo., was completed and put in operation in September last, and the branch from Toluca on the B. line to Cody City in the Big Horn basin, Wyo., is approaching completion and will be in operation this fall.

The reduction of grades and curvature in Illinois has been completed, and the same work in Iowa, together with the building of second track there, is being carried on as rapidly as it can be economically done.

New Roads in Operation.

New roads have been added during the year as follows:

In Nebraska—An extension of the Nebraska Wyoming & Western railroad from Bridgeport, Neb., southerly to the Colorado state line opened for business Sept. 16, 1900; 50.54 miles. In Iowa and Nebraska—Under date of Jan. 23, 1901, the company leased from the Union Pacific Railway company the joint use of its track and bridge from Union Pacific Transfer, Iowa, to Omaha, Neb.; 2.93 miles.

BRINGS GREETINGS FROM KING OF SWEDEN

Among those who arrived at New York Saturday on the City of Rome was the distinguished Scandinavian nobleman, legislator, scholar and cleric, Rt. Rev. Kaute Henning Gezelius von Scheele, Pa. D., D. D. bishop of Visby, Sweden. He comes to this country, under the personal commission of the king of Sweden, to be present at certain important functions, including the bicentennial of Yale college.

The bishop will arrive at Augustana college to spend the week of November 6 to 22, and great preparations are under way for his entertainment and honor. He will deliver some notable lectures during his sojourn at the college. While in the country he will visit other Scandinavian colleges, churches and communities. New York tenders him a banquet at the Manhattan hotel tonight. He is accompanied by Lady von Scheele.

Bishop von Scheele was born in Stockholm in 1838. In 1856 he virtually lost his sight and gained his way by sheer force of memory assisted by a reader. In 1863 he took his degree of Ph. D. at the University of Upsala, and four years later after he had finished his theological course. Paris specialist restored his sight. He was made bishop in 1885.

In 1885 and 1886 he represented the nobility in the Swedish congress, and was sent to America as his king's personal delegate to the commemoration of the 300th anniversary of the Upsala conference, which made the Lutheran church the established church of Sweden.

In 1898 Bishop Scheele was sent by the king of Sweden to Jerusalem to represent the state church of Sweden at the dedication of the Church of the Redeemer by Emperor William II. of Germany. He was King Oscar's personal candidate for the archbishopric, but declined the honor.

FOR THE CHILDREN.

To Keep Their Digestion Perfect Nothing is so Safe and Pleasant as Stuart's Dyspepsia Tablets.

Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble.

Thousands of people who are not sick, but are well and wish to keep well take Stuart's Tablets after every meal to insure perfect digestion and avoid trouble.

But it is not generally known that the Tablets are just as good and wholesome for little folks as for their elders. Little children who are pale, thin and have no appetite, or do not grow or thrive, should use the tablets after eating and will derive great benefit from them.

Mrs. G. H. Crotley, 538 Washington street, Hoboken, New Jersey, writes: Stuart's Dyspepsia Tablets, just like the bill for children as well as for older folks. I've had the best of luck with them. My three-year-old girl takes them as readily as candy. I have only to say "tablets" and she drops everything else and runs for them."

A Buffalo mother, a short time ago, who despaired of the life of her babe, was so delighted with the results from giving the child these tablets that she went before the notary public of Erie county, N. Y., and made the following affidavit:

Gentlemen:—Stuart's Dyspepsia Tablets were recommended to me for my two-months-old baby, which was sick and puny and the doctors said was suffering from indigestion. I took the child to the hospital, but there found no relief. A friend mentioned the Stuart's Tablets and I procured a box from my druggist and used only the large sweet lozenges in the box and was delighted to find they were just the thing for my baby. I feel justified in saying that Stuart's Dyspepsia Tablets saved my child's life.

MRS. W. T. DETHLOPE.
