It is announced that the steamer J. S. will start her season June 4.

The government lighthouse tender, Lily, spent the night at the Rock Island levee, leaving for St. Louis this morning.

Capt. Percy Swain, of the packet Fred Swain, which operates on the Illinois river between Peoria and La Salle, was a city visitor today.

The steamer J. S. has been chartered for two excursions during the G. A. R. encampment next week. The first will be run Tuesday and the other Wednesday. Tuesday the boat will leave at 3 and Wednesday at 2:30.

Both days the trip will be made down the river to Buffalo and back above the rapids, returning to this city in time so the excursionists can take supper and be ready for the evening attractions. The fare has been placed at 50 cents.

The only boats down this morning were the U. S. Lily and the Hennepin; the boats up were the Isaac Staples, George S. Gardner, Frank Wametta and the Hennepin. The Winona made her regular trip. The stage of the water at 6 a. m. was 6.70 and 6.75 at noon. The temperature at noon was 65.

THOMS GIVEN LOVING CUP FOR HIGH SCORE

The members of the Rock Island Bowling club and their ladies were given a banquet last evening at the St. Julien alleys by Manager Peter P. Pfaff. The meal was served in six courses.

Toasts were responded to by a number of the members. President Charles Kammerer acting as toastmaster. The alleys were decorated with ferns, palms and the national colors, and preceding the repast the guests rolled several games.

The occasion marked the close of the season beginning Nov. 29, since which time the club has played regular weekly games on the St. Julien alleys. William Thoms carried off the honors of the season, having an average score of 180. He was accordingly presented with a solid silver loving cup, the presentation speech being delivered by William J. Moeller.

DR. WHITESIDE SUES COUNTY TO RECOVER \$25

A suit against the county of Rock Island for the sum of \$25 brought by Dr. C. E. Whiteside of Moline, occupied the attention of the circuit court late yesterday afternoon and today. The amount claimed is for professional services rendered to one J. Otis Wilder, who was arrested in Moline and was found to be in need of a surgeon. The police being unable to find Dr. A. E. Kohler, the regular physician appointed to look after poor cases, called Dr. Whiteside.

When the bill for services was presented to the board it was rejected. C. R. Allen is representing the plaintiff and State's Attorney Weld the county.

Training of Negro.

Rev. J. D. Underwood, special field secretary for the Ambidextrous institute of Springfield, presented the work of the school at the Broadway Presbyterian church last night. The practical talk on the industrial training of the negro was attentively listened to, and many pledged financial aid. Mr. Underwood said the negro was neither responsible for his presence nor ignorance and this gave him a moral right to appeal for that help which would enable him to help himself. He said: "A man or woman with good moral character and a trade mastered to a point of excellence can always find remunerative employment. If the youth is taught a good trade and trained in morals the next generation could use some of the prisons and penal institutions for workshops and factories, thereby saving the vast amounts of money expended in criminal courts."

MOLINE MENTION

A meeting of the stockholders of the interurban street railway to East Moline and Watertown will be held June 16, to increase the capital stock to \$125,000 and to make some changes in the specified object of the company. Chief among these objects will be a provision for an extension of the system to the east end of the county. So gratifying a prospect for business has developed since the line was first promoted and so cordial a welcome has been extended the promoter that already a further extension of the line as far east as Port Byron is projected in the hope that it may be accomplished during the next year.

The Misses Hattie and Evelyn Poole are enjoying a visit from their grandmother, Mrs. L. P. Hadley, of Boston.

Dr. R. C. J. Meyer was able to be out on the streets for the first time yesterday after his long siege of illness dating from last October. The disease with which he suffered and close confinement to his home caused him to become somewhat emaciated, but he is daily picking up strength and his friends have hopes of his ultimate complete recovery.

Miss Minnie Gustafson, of Rock Island, was the victim of a pleasant surprise Tuesday evening at the Industrial Home hall in this city. The affair was engineered by Miss Manda Redman of Rock Island, and the occasion was a farewell to Miss Gustafson, who leaves shortly to make her home elsewhere. About 75 couples of Moline and Rock Island friends were present and dancing and games were indulged in until a late hour. Refreshments were served and at the proper time Miss Gustafson presented, with a purse containing \$20.

The Moline club has issued invitations to the last euchre party of the season to be given at the club rooms tomorrow evening.

Looking forward to the time when the city will erect a standpipe on the bluff, the Business Men's association Tuesday evening decided to urge upon the city council the purchase of the property lying between Fifteenth and Sixteenth streets and south of Sixteenth avenue for 340 feet. This is partly occupied at present by the Knees nursery and comprises a tract of two acres. The ground is to be sold at administrator's sale in June and the association suggests that the city appear as a bidder for it. It is believed that no one would oppose the municipality in the sale and the property could be procured at a fair consideration, which would probably be \$7,000 or \$8,000.

A rumor has been going the rounds of gossip for the past several weeks that Miss Bernice Bysche who committed suicide in one of the hotels in Chicago, was the daughter of Mr. and Mrs. H. J. Bysche, formerly of this city and now living in Chicago. It will be remembered that over a year ago Mr. Bysche had charge of the Central Union Telephone company in this city and that he left, after which his wife and daughter, Miss Bernice, also left for Chicago.

Members of the board of education Tuesday evening abolished the training school in which high school graduates were trained for teachers at public expense. The reason assigned is that there is not enough demand for the work among the girls who are eligible to pay for its continuance.
